Zimbabwe The Political Economy Of Transformation:

Zimbabwe Hevina Smith Dashwood,2000-01-01 Dashwood argues that it was the class interests of the ruling elite of Zimbabwe that explains the failure of the government to devise a coherent socially sensitive development strategy in conjunction with market based reforms

State-Business Relations and Economic Transformation in South Africa and Zimbabwe Sinan Baran,2023-06-12 In *State Business Relations and Economic Transformation in South Africa and Zimbabwe Unfinished Transformation* Sinan Baran examines state business relations SBRs in semi peripheral South Africa and peripheral Zimbabwe after each country's transition to majority rule to address why SBRs are likely to either consolidate or fracture in post transition communities In both countries the majority governments faced unresolved post transition divisions relating to race inequality and underdevelopment Baran analyzes the liberalisation and indigenisation policy choices intended to address these areas that are impacting the mining industries in South Africa and Zimbabwe as case studies Using comparative analysis and a Modern World Systems lens he argues that semi peripheral countries are less susceptible to pressures from domestic and external powers than peripheral countries during periods of economic transformation He further argues that China's significant political and economic presence in a peripheral country like Zimbabwe has more effect on SBRs than in a semi peripheral country like South Africa

Polarization and Transformation in Zimbabwe Erin McCandless,2011-08-16 Social movements and civic organizations often face profound strategy dilemmas that can hamper their effectiveness and prevent them from contributing to transformative change and peace In Zimbabwe two particular dilemmas have fed into and fueled destructive processes of political polarization dividing society leadership and decision makers well beyond its borders As conceptualized in this study the first is whether to prioritize political or economic rights in efforts to bring about nation wide transformative change rights or redistribution The second is whether and how to work with government and or donors given their political economic and social agendas participation or resistance This book investigates these issues through two social movement organizations the National Constitutional Assembly and the Zimbabwe National War Veterans Association and the movements they led to achieve constitutional change and radical land redistribution Through in depth case study analysis and peace and conflict impact assessment spanning the years 1997 2010 lessons are drawn for activists practitioners policy makers and scholars interested in depolarizing concepts underpinning polarizing discourses transcending strategy dilemmas and understanding how social action can better contribute to transformative change and peace

Zimbabwe, the Political Economy of Transition, 1980-1986 Ibbo Mandaza,1986

Zimbabwe Suzanne Dansereau,Mario Zamponi,2005 The two articles are revised versions of papers presented at the end of May 2004 to a Zimbabwe Conference at the Nordic Africa Institute which was co organized by the project Liberation and Democracy in Southern Africa LiDeSA They highlight current socio economic aspects of Zimbabwean society By doing so they raise relevant issues yet ones that have tended to be neglected given the almost exclusive concentration on political

events While this is understandable the articles fill the gap in our knowledge and add insights into important sectors of society These include information on the Zimbabwean economy and the present constraints of the decline which together help us to understand the structural legacy that any future government will have to deal with What is more the elections in Zimbabwe in 2005 provide an ideal moment to discuss such matters This Discussion Paper will thereby make a substantive contribution to the analysis of the overall picture in Zimbabwe

Beyond the crises: Zimbabwe's prospects for transformation Murisa, Tendai, Chikweche, Tendai, 2015-12-01 Over the past years few African countries have been the focus of discussions and analyses generating a vast array of literature as much as Zimbabwe The socioeconomic and political crises since the turn of the century have deeply transformed the country from the ideals of a vibrant freshly independent nation just two decades earlier These transformations have necessitated the call for the restructuring of Zimbabwean society polity and economy But this literature remains exclusively within the realm of academic thinking and theorising with no concerted effort to move beyond this by explicitly drawing out the policy implications Beyond the Crises Zimbabwe's Prospects for Transformation is a welcome addition to the academic and policy literature with a much broader and all embracing focus in terms of policy interventions By focusing on different aspects of social and economic justice Murisa and Chikweche go beyond initiating a broad discussion on these two key pillars of human development with a view to suggesting possible future directions of practical solutions and policy development for the attainment of inclusive social and economic justice for Zimbabweans

The Political Economy of Transformation [microform] : the Evolution of Zimbabwe's Development Strategy, 1980-1991 Hevina S. (Hevina Smith) Dashwood, 1995 Land and Agrarian Transformation in Zimbabwe Grasian Mkodzongi, 2020-06-05 This book examines the dynamics underpinning the implementation of Zimbabwe's fast track land reforms By utilising ethnographic data gathered in central Zimbabwe the book goes beyond the polarised debates which dominated scholarship in the earlier period to highlight the changing livelihoods occasioned by the land reform The book argues that despite the challenges faced by the newly resettled farmers the land reform has allowed landless and land short peasants access to land and other natural resources which were previously enclosed to them under a bi-modal agrarian structure inherited from colonialism

The Political Economy of Zimbabwe Eltron Gray Razemba, 1994 *From Cape to Congo* Mwesiga Laurent Baregu, Chris Landsberg, 2003 From the ongoing war in Angola to sporadic instability in Zimbabwe and Lesotho to the conflict in Congo to issues of land reform and the ravages of AIDS southern Africa faces varied and complex threats to its peace and security The authors of From Cape to Congo assess the region's major security challenges as well as the roles of local regional and external actors in managing them Their theoretically informed but practical approach encompasses the political economic and military arenas

The Political Economy of Land Tenure, Decision-making and Change in Zimbabwe, 1890-1980, and Lessons from Comparative Experience Sipho M. D. Sibanda, 1983 **Zimbabwe's Economy** Kenneth Mahuni, James Zivanomoyo, Puruweti

Siyakiya, Simba Mutsvangwa, 2025-02-17 This book traces the economic history of Zimbabwe from independence to the present day Through a comprehensive historical examination it highlights the short lived successes in the early years after independence and the dwindling colonial economy as well as the economic problems of the decades that followed The authors identify crucial flaws in the country's economic policies and highlight several dilemmas in the implementation of policies that exacerbated the country's deep seated structural problems The book provides deep insights into the economic and social realities of post colonial states in Africa and offers important lessons for other African countries

Restoring the Educational Dream. Rethinking Educational Transformation in Zimbabwe Shizha, Edward, 2013-12-07 The role of education in human well being and social development cannot be overestimated After a number of highly commendable policies on education in the first decade of independence the education system in Zimbabwe has taken a tumble that needs both examining and rectifying This volume analyses the challenges facing the education system in Zimbabwe and explores and scrutinises theoretical and practical possibilities for restoring the educational dream that was initiated at independence in 1980 The book is targeted at academics scholars college and university students policy makers and other stakeholders and advocates a multi pronged approach that must involve all stakeholders if educational retransformation reconstruction and restoration are to be achieved The authors provide a range of recommendations for a project that would restore the educational dream in Zimbabwe

Peasant Consciousness and Guerilla War in Zimbabwe Terence O. Ranger, T. O. Ranger, 1985-01-01

The State and Agrarian Change in Zimbabwe's Communal Areas Michael Drinkwater, 2016-07-27 This book explores why a decade after Zimbabwean independence government agricultural development policies still retains surprising similarities with those of the colonial period despite lengthy peasant opposition Using documentary and fieldwork material from the Midlands province the analysis covers the subjects of pastoral and land use management household production and income earning strategies and farmer extension relations

The History and Political Transition of Zimbabwe Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe's ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the

ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics Transforming Southern African Agriculture Ann Willcox Seidman,1992 **The Oxford Handbook of Land Politics** Saturnino M. Borras,Jennifer C. Franco,Researcher Jennifer C Franco,2025 Access to land in all its multiple meanings is necessarily diverse complex and contentious and facilitating and maintaining such access constitutes a mosaic of social relations and institutional instruments rather than the minimalist and simplistic reduction of land to land property that in turn tends to be interpreted always as individual private property The Oxford Handbook of Land Politics offers heterodox analytical tools to help the reader make sense of the complexity of the politics of land **Mugabe's Legacy** David B. Moore,2022-06-15 Zimbabwe's party internal coup of 2017 and deposed president Robert Mugabe's death nearly two years later demand careful historically nuanced explanation How did Mugabe gain and retain power over party and state for four decades Did the suspected and nearly real coups the conspiracies behind them and their concurrent mythomaniacal conceits ultimately ironically spell his near tragic end Has Mugabe's particular mode of power reached a finality with his own downfall as his successors struggle more to balance Zimbabwe's political contradictions Will the phalanxes arrayed against Mugabe's control fray further as Zimbabwe fades Mugabe's Legacy delves deeply into such questions drawing on more than forty years of archival and interview based research on Zimbabwe's political history and current precariousness Starting with the mid 1970s it traces how Machiavellian moves allowed Mugabe to reach the apex of the Zimbabwe African National Union's already slippery slopes through the complexities of Cold War regional ideological generational inter and intra party tensions The lessons learned by the president and the nascent ruling party then turned gradually inward ultimately arriving at a near collapse that may now pervade all of the country's political space David B Moore vividly charts this rise and fall all the way to Zimbabwe's tenuous chaos today **Zimbabwe's Fight To The Finish** Moore,2016-04-15 This book challenges the Western interpretation that poor governance under President Mugabe is the sole cause of the Zimbabwean crisis It considers inherited and highly unequal colonial structures and the impoverishing impact of an IMF and World Bank
