Trinity 11 August 2013 Hymns:

Worship and Congregational Singing David Neu, 2016-06-30 This book constitutes the author's effort to provide a biblical foundation for answers to questions regarding congregational singing. The present work is broader in scope than the author's smaller book *Volumes of Praise for a Vanishing God* and unlike the earlier volume contains full documentation and end notes many of which pursue topics of interest that are mentioned only briefly in the text proper. Each chapter of this book ends with a brief list of questions to spur further study and discussion. It is hoped that this book may be useful as a text for a seminary course on congregational singing, a course that the author believes to be great need for the church of the twenty-first century. Special attention is given to the issues raised in the music wars of the past fifty years. **Canadian Pentecostals, the**

Trinity, and Contemporary Worship Music Michael A. Tapper, 2017-05-08 This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada (PAOC). It considers whether the lyrics from the most commonly used PAOC songs are consistent with this Evangelical group's trinitarian statement of faith. Colin Gunton's trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs. Three major areas are considered: the doctrine of God, human personhood, and cosmology. Making use of Gunton's notions of relationality, particularity, and perichoresis, along with several key Pentecostal scholars, this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith.

Holly M. Farrow, 2025-09-15 From beginning to end, the hymnic voices of eighteenth-century British hymnwriters Anne Dutton and Anne Steele join the Psalmist in declaring, "Thy statutes have been my songs in the house of my pilgrimage" (Ps 119:54, KJV). With their consistent witness and faithfulness to the themes of Scripture, their hymns display an unswerving devotion to both truth and praise. Theology inspiring doxology. Through an examination of poetic language and biblical content, this book explores how the hymns of Dutton and Steele illustrate a closely interwoven relationship between theology and doxology that is revealed and bound together by the word of God. The purpose of the study is to highlight the fact that biblically faithful theological reflections of the mind, paired with doxological engagement of the heart, enable the church to present a more complete and more excellent offering to God. This study is the first book-length comparison of the hymns of

Dutton and Steele together the three extensive appendices present their published hymns in one volume complete with all Scripture references provided by the hymnists themselves The church would benefit greatly if these hymns were rediscovered studied further and sung once again for their scriptural integrity and doxological message of hope in Christ
