We Do A Celebration Of Gay And Lesbian Marriage:

We Do Amy Rennert, 2004-06-03 First comes love then comes marriage unless of course you're gay But when San Francisco's mayor Gavin Newsom ordered City Hall to begin issuing marriage licenses to same sex couples on February 12th thousands of gays and lesbians from around the world lined up to take their vows inspiring other cities to follow suit As intense public debate continues *We Do* is an intimate portrait of these history making weddings A many splendored thing love is captured here in all its joy and diversity Drawing on ceremonies from around the country here are weddings both traditional and unconventional whether the brides and grooms are in flowing white gowns business suits or blue jeans The result is a touching album of happy couples from the two lesbians who've been together 51 years to dads with babes in arms A joyful celebration *We Do* stands witness to the fact that we are all created equal in love **Blessing Same-Sex Unions**

Mark D. Jordan, 2013-09-03 At most church weddings the person presiding over the ritual is not a priest or a pastor but the wedding planner followed by the photographer the florist and the caterer And in this day and age more wedding theology is supplied by *Modern Bride* magazine or reality television than by any of the Christian treatises on holy matrimony Indeed church weddings have strayed long and far from distinctly Christian aspirations The costumes and gestures might still be right but the intentions are hardly religious Why then asks noted gay commentator Mark D Jordan are so many churches vehemently opposed to blessing same sex unions In this incisive work Jordan shows how carefully selected ideals of Christian marriage have come to dominate recent debates over same sex unions Opponents of gay marriage he reveals too often confuse simplified ideals of matrimony with historical facts They suppose for instance that there has been a stable Christian tradition of marriage across millennia when in reality Christians have quarreled among themselves for centuries about even the most basic elements of marital theology authorizing experiments like polygamy and divorce Jordan also argues that no matter what the courts do Christian churches will have to decide for themselves whether to bless same sex unions No civil compromise can settle the religious questions surrounding gay marriage And queer Christians he contends will have to discover for themselves what they really want out of marriage If they are not just after legal recognition as a couple or a place at the social table do they really seek the blessing of God Or just the garish melodrama of a white wedding Posing trenchant questions such as these *Blessing Same Sex Unions* will be a must read for both sides of the debate over gay marriage in America today **Newsom Unleashed** Ellie Gardey Holmes, 2024-06-18 Gavin Newsom has been a force in California politics since the 1990s having acquired power through the machinations of his family and friends As mayor of San Francisco his Hollywood mystique and historic progressive policies meant that he could do no wrong even when he was caught having an affair with his secretary who also happened to be his friend's wife Eventually however Newsom's brazen pursuit of power caused even the Left to sour on him forcing him into the purgatory that was the lieutenant governor's office But suave cocky and unrelenting Newsom soon claimed the governorship where he was free to insert woke policies into every

aspect of Californians lives With Jennifer Siebel Newsom his glamorous but scandal ridden first partner at his side Newsom has pushed California leftward into a dirtier and more dangerous version of itself and positioned himself for his ultimate goal the White House This account probes Newsom s life and influence addressing the homelessness crisis COVID lockdowns the recall the education wars and his combative relationships with Ron DeSantis and Donald Trump while also shedding new light on issues like his relationship with a teenager as mayor his New Age wedding and his financial scandals As a result the real Gavin Newsom is uncovered the one behind the veil of media adoration Queering Public Address Charles E. Queer in Europe Robert Gillett, 2016-04-15 *Queer in Europe* takes stock of the intellectual and social status and treatment of queer in the New Europe of the twenty first century addressing the ways in which the Anglo American term and concept queer is adapted in different national contexts where it takes on subtly different overtones determined by local political specificities and intellectual traditions Bringing together contributions by carefully chosen experts this book explores key aspects of queer in a range of European national contexts namely Belgium Cyprus England France Germany Hungary Ireland Italy The Nordic Region The Netherlands Poland Russia and Spain Rather than prescribing a universalizing definition the book engages with a wide spectrum of what is meant by queer as each chapter negotiates the contested border between direct queer activist action based on identity categories and more plural queer strategies that call these categories into question The first volume in English devoted to the exploration of queer in Europe this book makes an important intervention in contemporary queer studies

From Civil Partnership to Same-Sex Marriage Nicola Barker, Daniel Monk, 2015-04-17 The Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 are important legal social and historical landmarks rich in symbolic material and cultural meanings While fiercely opposed by many within mainstream narratives they are often represented as a victory in a legal reform process that commenced with the decriminalisation of homosexuality Yet at the same time for others they represent a problematic and ambivalent political engagement with the institution of marriage Consequently understood or labelled as revolutionary progressive and conservative these legal reforms provide a space for thinking about issues that arguably affect everyone

regardless of sexual orientation or relationship status This edited collection brings together scholars and commentators from a range of backgrounds generations and disciplines to reflect on the first ten years of civil partnerships and the introduction of same sex marriage Rather than rehearsing the arguments for and against relationship recognition the essays ask original questions draw on a variety of methods and collectively provide a detailed and reflective snap shot of a critical moment a history of the present as well as providing a foundation for innovative ways of thinking about and engaging with the possibilities and experiences arising from the new reality of relationship recognition for gays and lesbians

The Sacrament of Same-Sex Marriage Bridget Burke Ravizza, 2024-04-15 There are roughly 51 million Roman Catholics in the United States and 61% of those support same sex unions Yet even with growing support from the laity and an increasing number of vocal priests and nuns same sex couples are still denied the opportunity to experience the sacrament of marriage Drawing on testimony from same sex married couples who have a meaningful connection to the Catholic tradition this book makes a case for considering same sex marriage as sacramental from a Catholic perspective Further it argues that Catholic families church communities and institutions would benefit from wider and deeper practices of gospel inspired hospitality and sanctuary as it relates to queer persons and couples At the book's heart are stories from twenty two couples gathered from in person interviews in Wisconsin Chicagoland Washington D C Philadelphia New York City Boston San Diego and the San Francisco Bay area The research builds on a previous project on Catholic marriage conducted with a colleague Julie Donovan Massey which resulted in Project Holiness Marriage as a Workshop for Everyday Saints Liturgical Press 2015 winner of a 2016 Catholic Press Association Award While that project was limited to heterosexual couples expanding the research to include same sex couples was both timely and necessary Currently the Catholic magisterium asserts There are absolutely no grounds for considering homosexual unions to be in any way similar or even remotely analogous to God's plan for marriage and family Congregation for the Doctrine of Faith Considerations Regarding Proposals To Give Legal Recognition To Unions Between Homosexual Persons No 4 Reasserted in the 2015 Synod document No 76 and quoted by Pope Francis in *Amoris Laetitia* No 251 On the other hand same sex marriage has been legalized in our country same sex couples including Catholic ones are de facto marrying and parenting a significant number of mainline Protestant churches support same sex marriage and some revisionist Catholic sexual ethicists support same sex relationships Clearly at this moment in time continued theological analysis of same sex marriage is crucial The voices and experiences of same sex couples must inform that analysis Gathered are stories that highlight how couples are sacraments to one another as well as to their families and communities as their love overflows in lifegiving ways Also included are powerful stories of rejection inclusion and belonging in families church communities and Catholic institutions pointing to the power and necessity of gospel inspired radical hospitality and sanctuary This book is an invitation to practice what Pope Francis calls the art of listening necessary for genuine encounter and solidarity in a diverse body of Christ The Joy of the Gospel No 171

When Gay People Get Married M. V. Lee

Badgett,2010-11 Badgett offers a rare look at how gay marriage is actually working by taking readers to a land where it has been legal for same sex couples to marry since 2001 the Netherlands Through interviews with married gay couples we learn about the often surprising changes to their relationships and the reactions of their families and work colleagues Moreover Badgett shows how the institution itself has been altered exploring how the concept of marriage itself has changed in the United States and the Netherlands The evidence from around the world shows both that marriage changes gay people more than gay people change marriage and that it is the most liberal countries and states making the first moves to recognize gay couples In the end Badgett demonstrates that allowing gay couples to marry does not destroy the institution of marriage and that many gay couples do benefit in expected as well as surprising ways from the legal social and political rights that the institution offers From publisher description *The Advocate*,2006-06-20 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Same Sex Marriages* B.
