We Have Been Believers An African American Systematic Theology:

We Have Been Believers James H. Evans, 1992 In this the first full scale black systematic theology in twenty years James Evans emerges as a major and distinctive voice in American theology Seeking to overcome the chasm between church practice and theological reflection Evans situates theology squarely in the nexus of faith with freedom There with a sure touch he uplifts revelatory aspects of black religious experience that reanimate classical areas of theology and he creates a theology with a heart a soul and a voice that speaks directly to our condition *The Oxford Handbook of African American Theology* Katie G. Cannon, Anthony B. Pinn, 2014-07-01 Named an Honor Book for Nonfiction by the Black Caucus of the

Theology Thabiti M. Anyabwile, 2009-08-20 Thabiti Anyabwile argues that contemporary African American theology has fallen far from the tree of its early American antecedents This book is a goldmine for any reader interested in the history of African American Christianity With a foreword by Mark Noll *Philosophy of Religion and the African American Experience* John H. McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna **The Myth of Ham in Nineteenth-Century American Christianity** S. Johnson, 2004-12-02 This monograph is an original study of what is commonly termed the American myth of Ham It examines black and white Americans recourse to the biblical character of Ham as a cultural strategy for explaining racial origins Previous studies in the

area have been restricted to associating the Hamitic idea with pro slavery arguments whereas the thesis of this project reveals a fundamental irony black American Christians who reinforced the meanings of illegitimacy by appealing to Ham as the ancestor of the race Religious Education in the African American Tradition Kenneth H. Hill,2012-11 Schweitzer's goal in this book is to explore what postmodernity actually means for theology and how theology and the church may respond to its challenges He focuses on the life cycle as it is changing with the advent of postmodernity looking sequentially at segments of the life cycle using different lenses modernity postmodernity and responses from church and theology Schweitzer concludes with a theology of the life cycle **Liberation Theologies in the United States** Stacey M

Floyd-Thomas,Anthony B Pinn,2010-03-01 *Liberation Theologies in the United States* reveals how the critical use of religion can be utilized to challenge and combat oppression in America In the nascent United States religion often functioned as a justifier of oppression Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations oppressed communities have also made use of religion to critique and challenge this abuse As *Liberation Theologies in the United States* demonstrates this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of social justice including racism poverty and other types of oppression Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical development context theory and goals of a range of U S born liberation theologies Black Theology Anthony B Pinn Womanist Theology Stacey M Floyd Thomas Latina Theology Nancy Pineda Madrid Hispanic Latino a Theology Benjam n Valent n Asian American Theology Andrew Sung Park Asian American Feminist Theology Grace Ji Sun Kim Native Feminist Theology Andrea Smith Native American Theology George Tink Tinker Gay and Lesbian Theology Robert E Shore Goss Feminist Theology Mary McClintock Fulkerson An extraordinary resource for understanding the vitality of liberation theologies and their relation to social transformation in the changing U S context Written in an accessible and engaged way this powerful and informative text will inspire beginners and scholars alike I highly recommend it Kwok Pui lan author of *Postcolonial Imagination and Feminist Theology* A delight to read and an exemplary account of the genre of liberation theologies *Religious Studies Review* *Created for Community* Stanley J. Grenz,Jay T. Smith,2015-01-13 This revised edition of a classic college level introduction to theology presents the core doctrines of the Christian faith encouraging readers to connect belief with everyday life Stanley Grenz one of the leading evangelical scholars of his era and Jay Smith an expert on Grenz's theological legacy construct a helpful theology that is biblical historical and contemporary The third edition includes a foreword by John Franke a new preface and afterword resources for further study and updated footnotes The book's easy to use format includes end of chapter discussion questions and connects theological concepts with current cultural examples **The Cambridge Companion to Black Theology** Dwight N. Hopkins,Edward P. Antonio,2012-07-26 This volume discusses normative theological categories from a black perspective and argues that there

is no major Christian doctrine on which black theology has not commented Part One explores introductory questions such as what have been the historical and social factors fostering a black theology and what are some of the internal factors key to its growth Part Two examines major doctrines which have been important for black theology in terms of clarifying key intellectual foci common to the study of religion The final part discusses black theology as a world wide development constituted by interdisciplinary approaches The volume has an important role in bringing Christian thought into confrontation with one of the central challenges of modernity namely the problem of race and racism This Companion puts theological themes in conversation with issues of ethnicity gender social analysis politics and class and is ideal for undergraduate and graduate students

Understanding and Transforming the Black Church Anthony B.

Pinn,2010-01-01 What is the nature and purpose of the Black Church What is the relationship of the scholar of religion to the Black Church While black churches have been a major component of the religious landscape of African American communities for centuries little critical attention has been given to these questions outside an apologetic stance This book seeks to correct this trend by examining some of the major issues facing black churches in the twenty first century From a challenge to traditional ways of addressing sexism within black churches to African American Christianity s relationship to popular culture this set of reflections seeks to offer new perspectives on what it might mean to be Black and Christian in the United States Anthony Pinn s volume seeks to critically understand and sympathetically transform the Black Church Carrying on in the tradition of William R Jones Pinn s perspective on the Black Church is suspicious loving critical committed exasperating and exhilarating One may not always agree with his conclusions but one cannot ignore his penchant for ferreting out the truth This book is a passionate yet balanced argument which must be heard by anyone who is interested in the future of the black church James H Evans JR Robert K Davies Professor of Systematic Theology Colgate Rochester Crozer Divinity School Pinn is required reading in every Black Church Studies department and theological curriculum that seeks self understanding transformation and healing and an indispensable interlocutor in the broader public conversation about the American dilemma and its democratic possibilities Walter Earl Fluker Coca Cola Professor of Leadership Studies Morehouse College

Word, Like Fire Valerie C. Cooper, 2012-02-06 Maria Stewart is believed by many to have been the first American woman of any race to give public political speeches In Word Like Fire Valerie C Cooper argues that the religious political and social threads of Maria Stewart's thought are tightly interwoven such that focusing narrowly on any one aspect would be to misunderstand her rhetoric Cooper demonstrates how a certain kind of biblical interpretation can be a Rosetta Stone for understanding various areas of African American life and thought that still resonate today

Adoptive Youth Ministry (Youth, Family, and Culture) Chap Clark, 2016-01-26 Kids desperately need healthy committed adults who can help them thrive in their faith and become active participants in the life of the church This requires the efforts of the whole faith community Chap Clark one of the leading voices in youth ministry today brings together twenty four experts from a variety of denominations and traditions to offer a comprehensive introduction to adoptive youth ministry a theologically driven academically grounded and practical youth ministry model The book shows readers how to integrate emerging generations into the family of faith helping young adults become active participants in God's redemptive community

Deliver Us from Evil James Newton Poling, 1996-01-01 Deliver Us From Evil explores the history of resistance to racial and gender oppression from a slave woman in nineteenth century America to a woman patient of Sigmund Freud and traces the failed promises of the American Revolution in the oppression of subordinate groups Poling reviews resistance by analyzing communities that understand evil as the abuse of power Also treated are definitions of evil and debates between womanist and feminist theologians Jesus emerges as a model for marginalized and oppressed people as Poling calls for prophetic acts of solidarity to create new possibilities for healing and justice

Black Religion and Aesthetics A. Pinn, 2009-07-06 A great deal of attention has been given to the sociopolitical and theological importance of Black Religion However of less academic concern up to this point is the aesthetic qualities that define much of what is said and done within the context of Black Religion Recognizing the centrality of the black body for black religious thought and life this book proposes a conversation concerning various dimensions of the aesthetic considerations and

qualities of Black Religion as found in various parts of the world including the Americas the Caribbean Africa and Europe In this respect Black Religion is simply meant to connote the religious orientations and arrangements of people of African descent across the globe

Reconciliation of Worship in the Black Church Charles E. Lewis Sr.,2011-03-21 One of the foundations of life in the black church is the proliferation of various worship practices and music Reconciliation of Worship in the Black Church seeks to pave the way to the revitalization and restoration of faith celebration within the black church There is a need to develop a practical theology of worship incorporating the two main types used within the black church traditional devotional style worship with its focus on spontaneous praise and testimony and contemporary praise and worship with its emphasis on rehearsed liturgy In recent years the rich history of traditional spontaneous worship of the black church has been challenged by the praise and worship movement Charles Lewis insightful look at his own denomination demonstrates the importance of clinging to traditional practices while giving due consideration to modern modes of worship Lewis sees the issue not as a choice between two competing styles but as a challenge for the church to blend the styles without compromising genuine worship or alienating large segments of the church Carefully researched and presented from the heart Reconciliation of Worship in the Black Church hopes to contribute to a lasting unification of worship practices

Embodiment and the New Shape of Black Theological Thought Anthony B. Pinn,2010-06-07 Black theology tends to be a theology about no body Though one might assume that black and womanist theology have already given significant attention to the nature and meaning of black bodies as a theological issue this inquiry has primarily taken the form of a focus on issues relating to liberation treating the body in abstract terms rather than focusing on the experiencing of a material fleshy reality By focusing on the body as a physical entity and not just a metaphorical one Pinn offers a new approach to theological thinking about race gender and sexuality According to Pinn the body is of profound theological importance In this first text on black theology to take embodiment as its starting point and its goal Pinn interrogates the traditional source materials for black theology such as spirituals and slave narratives seeking to link them to materials such as photography that highlight the theological importance of the body Employing a multidisciplinary approach spanning from the sociology of the body and philosophy to anthropology and art history Embodiment and the New Shape of Black Theological Thought pushes black theology to the next level
