American Propaganda from the Spanish-American War to Iraq Steven R. Brydon, 2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public's beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher's narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful Glamour, 2004 **Your Beauty Mark** Dita Von Teese, 2015-12-01 From burlesque show to fashion runway magazine cover to Internet video fashion icon and burlesque superheroine Vanity Fair Dita Von Teese has undergone more strokes of red lipstick bursts of hair spray boxes of blue black hair dye and pats of powder in a month than a drag queen could dream of in a lifetime Whether she's dazzling audiences swirling in a towering martini glass in Swarovski covered pasties and stilettos or sparking camera flashes on the red carpet one reality is constant for this self-styled star beauty is an art Now for the first time in her Technicolor
