The Money Formula Paul Wilmott,David Orrell,2017-03-01 Explore the deadly elegance of finance s hidden powerhouse The Money Formula takes you inside the engine room of the global economy to explore the little understood world of quantitative finance and show how the future of our economy rests on the backs of this all but impenetrable industry Written not from a post crisis perspective but from a preventative point of view this book traces the development of financial derivatives from bonds to credit default swaps and shows how mathematical formulas went beyond pricing to expand their use to the point where they dwarfed the real economy You ll learn how the deadly allure of their ice cold beauty has misled generations of economists and investors and how continued reliance on these formulas can either assist future economic development or send the global economy into the financial equivalent of a cardiac arrest Rather than rehash tales of post crisis fallout this book focuses on preventing the next one By exploring the heart of the shadow economy you ll be better prepared to ride the rough waves of finance into the turbulent future Delve into one of the world s least understood but highest impact industries Understand the key principles of quantitative finance and the evolution of the field Learn what quantitative finance has become and how it affects us all Discover how the industry s next steps dictate the economy s future How do you create a quadrillion dollars out of nothing blow it away and leave a hole so large that even years of quantitative easing can t fill it and then go back to doing the same thing Even amidst global recovery the financial system still has the potential to seize up at any moment The Money Formula explores the how and why of financial disaster what must happen to prevent the next one

Wearables Are All the Rage Dr Peng K Toh Ph D,Peng Toh,2015-12-12 Wearables are all the rage these days Wearable computing devices have been around way back in the 16th century but began to come into the mainstream only in the last couple of years There are now more models of fitness trackers or smart watches than types of bread Most of the wearables on sale now or in various stages of development are meant for relatively healthy adults while a growing number are dedicated specifically to the elderly the sick children women moms to be babies and even animals Several are intended for

use by enterprises Many are in their second or third generations Some analysts hail wearables as the largest technological advancement of the century Apple Watch Fitbit trackers Oculus Rift virtual reality headset Bioman T shirt and the plethora of other wearable gadgets can perform many functions of personal computers The consumerization of these gadgets holds out the prospect of making lives smarter healthier and safer In addition systems of payments made possible by the advent of wearables and pioneered by prominent players like Apple Inc Microsoft Inc Jawbone Inc and financial institutions should make for reflection or making lives easier by dispensing with the need to queue at supermarkets This first comprehensive book on Wearable Technology takes the reader to a fair cross section of leading products in nine industry verticals which together constitute the entire wearable market The book also addresses the global wearable market in the coming years reviews the state of the market assesses the merits and demerits of wearable technology and outlines an action plan for the wearable movement to take off and move on to maturity At the same time the author is mindful of three overriding pre conditions continuing peace in the world at large continuing worldwide economic prosperity and the absence of disruptive substitutes to wearable products that can make or break the movement This book contains 260 pages over 90 exhibits and scores of product and company profiles To reach out to a wider audience the book is being sold for a fraction of the price of a research report This book has enjoyed very good reviews by independent reviewers *Enabling Wearable Brain Technologies - Methods and Applications* Marcin Wozniak,Victor Hugo C. de Albuquerque,Adel Said Elmaghraby,2021-11-05

The Routledge International Handbook of Intersectionality Studies Kathy Davis, Helma Lutz, 2023-12-20 Intersectionality is one of the most popular theoretical paradigms in gender studies and feminist theory today Initially developed to explore how gender and race interact in the experiences of US women of colour it has since been taken up in different disciplines and national contexts where it is used to investigate a wide range of intersecting social identities and experiences of exclusion and subordination This volume explores intersectionality studies as a burgeoning international field with a growing body of research which is increasingly drawn upon in policy political interventions and social activism Bringing together contributors from different disciplines and locations The Routledge International Handbook of Intersectionality Studies maps the history and travels of intersectionality between continents and countries and takes up debates surrounding the privileged role of race in intersectional analysis the ways in which intersectional analysis should or should not be carried out and the political implications of thinking intersectional analysis and thought Opening up new avenues of enquiry for a future generation of scholars and practitioners it will appeal to scholars of sociology gender studies politics and cultural studies with interests in feminist thought social identity social exclusion and social inequality

Jumpnauts Hao Jingfang, 2024-03-12 From the Hugo Award winning author of *Folding Beijing* comes a gripping science fiction thriller in which three unlikely allies attempt a desperate mission of first contact with a mysterious alien race before more militaristic minds can take matters into their own hands In a future where

the world is roughly divided into two factions the Pacific League of Nations and the Atlantic Division of Nations tensions are high as each side waits for the other to make a move But neither side is prepared for a powerful third party that has apparently been an influential presence on Earth for thousands of years and just might be making a reappearance very soon With the realization that a highly intelligent alien race has been trying to send them messages three rising scientists within the Pacific League of Nations form an uneasy alliance Fueled by a curiosity to have their questions answered and a fear that other factions within their rival Atlantic Division of Nations would opt for a more aggressive and potentially disastrous military response the three race to secure first contact with this extraterrestrial life they aren't quite convinced is a threat Bolstered by recent evidence of alien visitations in the distant past the three scientific minds must solve puzzles rooted within human antiquity face off with their personal demons and discover truths of the universe
