Webinar Notebook Kari Sayers:

The Webinar Notebook Kari Sayers, 2015-12-09 Are you a webinar junkie If you answered yes definitely read on If you are not sure read on and I will explain the telltale signs If you are an online entrepreneur and find yourself attending multiple webinars hosted by industry experts each week and consequently taking a ton of notes then you might be a webinar junkie If you get weekly email invitations for different webinars and you find yourself unable to fight the urge to attend at least half of them well you might be a webinar junkie But don't worry You are not alone I'm a confessed webinar junkie myself so welcome to the club The biggest problem with being a webinar junkie is that most of us fail to keep the notes we take during these amazing webinars in any type of an organized fashion We end up with notes scattered across far too many different notebooks loose sheets of papers the back of the electricity bill napkins and whatever else we can get our hands on The whole point of listening in on all of these webinars is so that you can learn tactics structures and processes to implement in your business for greater success It's really hard to accomplish this when you are sifting through five different notebooks or 20 random sheets of paper looking for a piece of information you learned in a webinar six weeks ago True Story I once searched for a scrap sheet of paper for six weeks because it had a web address written on it that I really REALLY needed for my book publishing business Crazy right It's time to start organizing your notes so that you can actually revisit them and easily put what you've learned from the experts into practice without unnecessary chaos The Webinar Notebook is all about managing this chaos It's about keeping your webinar notes in one easy notebook with easy writing prompts that make it less overwhelming to keep track of your notes If you are a webinar junkie this is your fix Order your copy today *Your Webinar Notebook!*
