Thought Experiments 16 Leonard Lowe,2024-08-28 This time we consciously and deliberately turn a bit away from the clamor of the times and back towards the search for truth and away from speculation about temporary political skirmishes Even though of course this is hardly possible in a world where everything is interconnected Therefore we do consider the broader picture here to some extent We turn away from the madness of genocide and look at history For there too we may find clues about how the course of the world tends to unfold We have already examined Egypt and Atlantis several times but that does not prevent us from developing new thoughts about them We also want to critically examine society from the state of democracy to the societal handling of critical and outspoken opinions all the way to the widely overlooked importance of nudity for our lives and well being From enlightenment and the old TV series ALF to homosexuality and Gray aliens we continually address the practical and pressing questions of our confused times from various angles A meandering around the truth Different perspectives and aspects on one and the same thing our world our life reality and the problems of our times
