Webster's 1828 American Dictionary of the English Language Noah Webster, 2015-07-30 Language is an expression of ideas and as ideas change over time words take on new meanings Hence Noah Webster s monumental 1828 American Dictionary of the English Language is a work of great importance to modern readers who care about traditional values The founding documents of the United States of America are contemporary with this 1828 dictionary as are many other important books and documents of that time The 1828 dictionary defines the language of these materials in the context of their era and thus becomes a valuable reference tool to enhance understanding In addition Noah Webster based his work extensively on the King James Version of the Bible so that not only the words but also the values of the early nineteenth century are reflected in the definitions As Webster wrote In my view the Christian religion is the most important and one of the first things in which all children under a free government ought to be instructed No truth is more evident to my mind than that the Christian religion must be the basis of any government intended to secure the rights and privileges of a free people To make Webster s monumental work available at a more affordable price this new edition has been carefully prepared in a proprietary compact format All of the words definitions and examples have been preserved but the explanations of word origins have been omitted to save space as has Webster s lengthy technical introduction Scripture references have been standardized in modern format and many abbreviations have been spelled out for greater understanding Also for the first time since the book s original publication the text has been newly typeset the clear and sturdy Charter typeface makes the text highly readable in spite of its small size In addition the book has been printed on acid free archival quality paper ensuring many years of useful service This new compact edition is published with the same hope expressed by Webster himself I present it to my fellow citizens not with frigid indifference but with my ardent wishes for their improvement and their happiness and for the continued increase of the wealth the learning the moral and religious elevation of character and the glory of my country
