New CRA Building to Open Doors

NEW CRA HOME—Convair Recreation Association soon will open its new \$145,000 recreation building on E3-area playground south of Ridgeia area. A number of second shift visitors are shown

at preview. At top left Mr. and Mrs. E. W. Kuykendall (Dept. 56) step inside, east side entrance. At right visitors gather in lounge. More pictures on page 3.

Play Area Also Ready For Visits

CRA's new \$165,000 recreation building will be open for inspection by Convair people beginning Tuesday of next week (Jan. 22), 9 a.m. to 11 p.m.

Thereafter the building will be open at 11:30 a.m. every day of the week except Monday.

It is located in the heart of the E3-area CRA recreation area south of the Ridgeia section of Fort Worth.

The area is approached from Howe Foundry Rd. by taking the only road which goes south across the T & P railway tracks between Westridge Ave. (which runs north through Ridgeia) and Howe Rd. (which runs south). The east-west driveway through the Convair lot.

A sign on Howe Foundry Rd. points the way (and warns that the railroad crossing is dangerous).

Drivers are also urged to be extremely careful when they approach the bridge. It is a way crossing.

The road and bridge provide the only access to the CRA site until a new road—already planned but not built—is completed.

"The new building is for Convair people. It was built for everyone to see it," said Jim Huddell, CRA president.

"The Convair Recreation Association Executive Council has put a lot of effort into planning, organizing and carrying out this project. It's the biggest thing in CRA history, and we want people to see what we've been doing for family recreation."

Convair families also are invited to inspect certain other areas at the site, although all facilities are not yet complete. They may take a look at the new baseball diamond for youngsters, and the new grounds and barbecue pits, among other things.

CRA activities will begin using the new building on Tuesday, and Convair families are welcome to have a look on any day the grounds are open.

Formal ceremonies dedicating the area, however, are planned for later in the year.

CRA's biggest and finest facility is the new building. It has a brick E-shaped structure one story high. The building includes more than 1,000 square feet of air-conditioned floor space inside, and almost that much outside.

New CRA Area Open To Convair-AF Only

Convair employees are reminded that the new Convair area is primarily for their use, and for that of members of their immediate families and Air Force people on duty at Convair.

Gatekeepers will admit only Convair and Air Force personnel showing proper identification cards. Members of the families who can identify themselves as such to the gatekeepers will check tag runs which list names and departments of Convair employees.

Properly identified persons may sign registers to bring guests with them.

More Colleges Join Convair Co-op Program

Two more schools have added this month to the Convair Fort Worth co-op plan in which college-bound students alternate periods of study with periods of actual Convair work.

They bring to 17 the number of colleges and universities now participating with Convair in the program.

At the same time, two new fields of study were added, mechanical research and development, and quality control. Convair study previously was limited to engineering.

The new schools are Texas A & M College and Louisiana Polytechnic Institute. Added in September were Missouri School of Mines, Northwestern University and Purdue University.

According to W. C. Anderson, training assistant supervisor, 124 students are now participating in the program.

With the addition of Texas A & M, now co-op students are being sought.

Students may be undergraduates at Texas A & M students now employed at Convair Fort Worth, according to Anderson, interested in getting their degree through our co-op program, write him for them.

Anderson pointed out that co-op students are selected for the program.

"But we can provide an interesting employment with information about our study before we select."

Final Registration Near for TCU-Convair Education Program

Final registration will be held tomorrow (Jan. 24) for 20 college-bound students offered in the Convair-Texas Christian University-Convair Fort Worth training program.

Registrations will be taken on Jan. 24 until 5:30 p.m. in Room 101, Col. Th-A in the locker room area.

Convair may even forward a booklet of answers to questions.

Employment at Highest Mark at FW Since 1952

Work required to carry out its numerous and widely varied needs has pushed Convair FW's employment past the 24,300 mark this week.

Further, the increasingly difficult task of finding skilled people to meet the need in Convair to widen the area in which its employment efforts are directed.

"The pace of our work is set by contract requirements," said Andrew Kiserich, division manager. "And our employment level is strictly in keeping with plans made earlier to meet these requirements."

The Monday glass figure is the highest employment at this plant since 1952 but is substantially lower than the 1953 peak of slightly over 33,000.

Convair knew first in Fort Worth and within a short distance of the plant. That territory then is enlarged as necessary to fill requirements.

The company in 1954 brought in a substantial number of these people in the Fort Worth area who applied for jobs and who met requirements.

All the United States all get out of Convair's requirements. However, can be filled in the Fort Worth area, according to Texas Employment Commission statistics.

A substantial number of those coming from outside the area are from areas in Texas and in Oklahoma.

The company stepped up its employment advertising first in Texas, then extended it to Oklahoma. The former state now is supplying about a third of Convair Fort Worth, according to F. W. Gagnier, chief of personnel department's employment section.

In both Oklahoma and Texas Convair advertises in efforts to draw applicants into state employment offices in the Texas Employment Commission and the Oklahoma Employment Security Commission branches.

In Texas, ads run in Fort Worth, Texarkana, Waco, San Angelo, Dallas, El Paso, Midland, Wichita Falls, Houston, Longview, Paris, Maricopa, Tyler, Lubbock, Amarillo, Breckenridge and Denton.

In Oklahoma, efforts center in the southern 13 cities. Ads are run and employees sought in 12 cities.

In the employment effort, Convair is getting as many qual-

ified people as possible—but at the same time to prevent any needless trips to Convair at Fort Worth.

Applicants are first checked as to basic requirements, including education and training. They are then given a general aptitude test adapted by Texas Employment Commission for Convair jobs. The test is designed to give the pros to be a relatively reliable indicator of whether a per-

Big Sign-up Indicated in Management Club

Early returns pointed to a big sign-up for membership in the Convair Fort Worth Management Club this year.

According to L. E. Gant, chairman of the membership committee, three departments reported 100 per cent sign-up on first day of membership drive.

Tool service department was first to turn in 100 per cent membership. Others reported the first day were traffic and B-52 wing departments.

All satisfied employees are eligible for membership in the club.

EARMARKED FOR B-52—Capt. F. L. Fulton, USAF, left, confers with E. A. Erickson, FW manager of flight, as Fulton appoints himself as B-52 commander prior to piloting plane himself. Behind them is F-102.

Air Force Captain Arrives at FW For Evaluation Flights in B-52

Capt. F. L. Fulton was at Convair Fort Worth this week to add the delta wing B-52 to the long list of Air Force bombers he knows inside and out.

Fulton has been flying the aggressive B-52 now in flight at Edwards AFB. He is the chief.

Capt. Fulton is assistant chief of bomber operations branch at Air Force Flight Test Center, Edwards AFB. In that job, he is responsible for part of the Air Force test and evaluation of the B-52.

He brings 12 years of Air Force flying experience with him

to the job. He has flown virtually all of the Air Force bombers of recent years including the B-52, B-46 and B-37.

It's a return visit for Capt. Fulton. He was at Convair Fort Worth in 1952 and helped Lt. Col. E. L. Gough conduct the AF evaluation of the eight jet YB-49.

The B-52 is the United States' first delta wing bomber—but it's not the first delta wing bomber flown by Capt. Fulton. He engaged in recently flew the delta wing Vulcan bomber built by the British.

All Convair Fort Worth last week he was adding to his delta
