Weightlifting Made Easy and Interesting W. Pullum, 2011-10-28 Many of the older readers of Strength Health know of Bill Pullum and what this remarkable man has done for weightlifting but the younger generation probably knows very little about the man Pullum was born on April 8 1887 In 1904 he became interested in physical culture as a result of coming to lodge with the Slade brothers professional strongman competition winners who worked closely with the Saxons in England At the time Pullum suffered from pulmonary tuberculosis Previously he had twice undergone surgery for bone tuberculosis Through physical culture methods he cured himself of this disease In 1905 he began lifting weights his goal being to prove that science could be brought into the lifting of heavy weights He succeeded to an extent that his own performances completely revolutionized the sport in England For years Pullum remained at the top His aim of being the 9 stone 126 pound champion of the world went unchallenged for 15 years He retired in 1929 at the age of 42 Pullum never weighed more than 122 pounds during his reign In March of 1914 he officially equaled his bodyweight of 120 1 2 pounds in the crucifix lift the only man ever to accomplish this extraordinary feat In four years he won 15 British amateur championships and open competitions 53 gold medals and broke 192 world and British weightlifting records every one an official performance When he turned professional no fewer than four of his records ran right through from the 126 pound class to the heavyweight division In those days records made by a smaller man stood in heavier classes if they exceeded the record for the heavier class Some of those records still stand In England Bill Pullum is widely renowned as a coach and trainer He has trained scores of champions and record holders At one time he and his pupils held 222 records out of a possible 252 My impressions of Dad Pullum were certainly confirmed after meeting the man He was everything that I imagined he would be and even more One who has not met him cannot imagine the warmth sincerity and devotion to physical culture that he personifies He is a rich man in many ways and I do not mean materially Although he and Mrs Pullum have been married for 52 years I could see as they spoke to each other that here was a couple still deeply in love with each other even after all those years of married life Sig Klein This is an original version restored edition of Pullum s 1926 classic Visit our website and see our many books at
