

Church Welcome Speech

I want to take a moment to extend a very warm welcome to everyone who's visiting us for the first time this morning. Whether you're just having a look, or are searching out for a place to worship, we're delighted to have you here.

To give you some idea of what we're all about, I'll quickly sketch some of our foundational beliefs.

Our vision says this: Getting and growing people in relationship with Jesus.

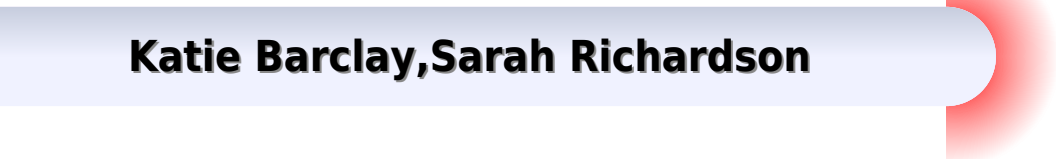

So firstly, we're all about Jesus Christ. We believe that Jesus was who he said he was, the Son of God who came and died for our sins. So if this is your first time in church, we hope that get to know Him as we do, because He's truly what life is all about for us!

Secondly we're all about people. Every person who walks through our doors is important to us, so if you ever feel like just another number, we're doing something wrong and I give you permission to tell me about it.

As a group of God's people we care about you and your family and we're here not only to feed you spiritually, but to help in any way we can. We love doing it and it's why we exist!

Woman's Home Missions of the Methodist Episcopal Church ,1922 *Asian Catholic Women* Thao

Nguyen,2019-11-20 Studying the various movements among women in the Catholic Church in Asia the author argues that the preexisting male dominated church rooted in the colonial era is now being challenged to recentralize itself and exercises an inclusive and participatory ecclesiology in which women should become fuller members of the church and participate in the decision making processes of the church For only when the church in Asia discovers and recognizes the richness of women s potential leadership charisma and vision will it be able to witness to the Gospel values and fulfill its vision of mission in Asia The author shows that Asian Catholic women have played and continue to play a crucial role in designing and carrying out multiple areas of the church s ministries that men failed to do Furthermore the author shows that through the interactions and dialogue with Asian bishops in recent decades Asian Catholic women have gradually influenced the Asian bishops consciousness of women s issues and concerns

Performing the Self Katie Barclay, Sarah Richardson, 2016-04-14 That the self is performed created through action rather than having a prior existence has been an important methodological intervention in our understanding of human experience It has been particularly significant for studies of gender helping to destabilise models of selfhood where women were usually defined in opposition to a male norm In this multidisciplinary collection scholars apply this approach to a wide array of historical sources from literature to art to letters to museum exhibitions which survive from the medieval to modern periods In doing so they explore the extent that using a model of performativity can open up our understanding of women's lives and sense of self in the past They highlight the way that this method provides a significant critique of power relationships within society that offers greater agency to women as historical actors and offers a challenge to traditional readings of women's place in society An innovative and wide ranging compilation this book provides a template for those wishing to apply performativity to women's lives in historical context This book was originally published as a special issue of Women's History Review

Pacific Christian Advocate, 1908 **Michigan Christian Advocate**, 1893 **The Christian Experience** Michael Molloy, 2017-04-06

How do we study Christian life and thought? How have political and cultural events influenced the experiences of Christians in different places at different times? How has the world's largest religion been lived in varied parts of the world? *The Christian Experience* is the first textbook to unite traditional approaches to Christianity with special attention to art, music, architecture, and lived experiences. The material, individual, and personal sides of Christianity are brought to the fore throughout this chronological survey. Every chapter begins with a first encounter in order to bring the subject matter to life for students, mirroring the author's approach in his successful book *Experiencing the World's Religions*. This book on Christianity features over 100 color images, maps, and diagrams, and each chapter ends by pointing to additional print and electronic resources. Michael Molloy considers practices, insights, and artistic creations of Christians across the centuries. The book shows how Christian belief is being practiced in our own time and it invites readers to imagine how Christianity might evolve in the future.
