Clash of Legions Anthony Riches, 2024-02-15 Marcus Aquila and his patron Rutlius Scaurus are tasked with rooting out a spy ring operating in the lands into which their imperial master Severus's armies are advancing The quest to find and subvert their foes informers will place the two friends at great risk with torture and death the price of any mistake While success will put

them in the front rank against battle hardened legions hungry for revenge in a bloody struggle to determine the fate of Asia's loyalty. This is a fast paced and gripping read through the night fiction with marvellous characters and occasional moments of dark humour. Some authors are better historians than they are storytellers. Anthony Riches is brilliant at both. Conn Iggulden on *Empire*: A master of the genre. The Times [Onslaught: The Centurions II](#) Anthony Riches, 2017-09-21. The author of the bestselling *Empire* sequence continues his new trilogy the epic story of the uprising of the Batavi in AD 69. A master of the genre. The Times AD 69. The Rhine frontier has exploded into bloody rebellion and four centurions who once fought in the same army find themselves on opposite sides of a vicious insurrection. The rebel leader Kivilaz and his Batavi rebels have humbled the Romans in a battle they should have won. The legions must now defend their northern stronghold the Old Camp from the enraged tribes of Germany knowing that they cannot be relieved until the civil war raging to the south has been resolved. Can they defend the undermanned fortress against thousands of barbarian warriors intoxicated by a charismatic priestess's vision of victory? *Empire's Eagles* Thomas E. Crocker, 2021-04-01. The never before told story of how Napoleon's top brass escaped to America after Waterloo. *Empire's Eagles* is colorful, new and an effectively unknown chapter in American history. In its center is the mystery of whether Napoleon's Bravest of the brave Marshal Ney cheated a firing squad to escape under an alias and reinvent himself in America. At sunset on June 18 1815 Napoleon Bonaparte was in desperate flight from the battlefield at Waterloo. Racing to reach Paris he abandoned on the road his armored coach and Imperial *necessaire* containing a fortune in precious gems and cash. Would he stand and fight again or flee to the United States of America? On the run and with his options dwindling by the day Napoleon came within one hour of secretly slipping to America on a Baltimore privateer with the active collusion of the United States consul in Bordeaux. *Empire's Eagles* tells the details of this story for the first time ever. **Altar of Blood: Empire IX** Anthony Riches, 2016-03-10. Don't miss the latest instalment in the *Empire* series *Vengeance* which is available to pre order now. Coming November 2021. A master of the genre. The Times. The Tungrians have no sooner returned to Rome than they find themselves tasked with a very different mission to their desperate exploits in Parthia. Ordered to cross the river Rhene into barbarian Germany and capture a tribal priestess who may be the most dangerous person on the empire's northern border they are soon subject to the machinations of an old enemy who will stop at nothing to sabotage their plans before they have even set foot on the river's eastern bank. But after their Roman enemy is neutralised they face a challenge greater still. With two of the Bructeri tribe's greatest treasures in their hands they must regain Roman territory by crossing the unforgiving wilderness that was the graveyard of Roman imperial strategy two hundred years before. And capture by the Bructeri's vengeful chieftain and his warband can only end in one way: a horrific sacrificial death on the tribe's altar of blood. [The Empire's Patriotic Fund](#) John McQuilton, 2017-07-25. This book examines the Empire's Patriotic Fund established in Victoria Australia in 1901 to assist the dependants of the men serving in the Boer War and the men invalided home because of wounds or illness. Acting as an autonomous body and

drawing on funds raised through a public appeal its work marked one of the first attempts in Australia to deal with the consequences of Australian participation in a sustained war This is the first full study of an Australian fund established to support those affected by a sustained war being fought for Empire by Australians Rather than casting those affected by war as victims John McQuilton examines how a body of middle class men attempted to come to grips with an experience that lay outside prevailing notions of social welfare Based on applications submitted to the Empire s Patriotic Fund where both class and gender played their roles this book opens up further study of such funds and the question of antecedents in the history of repatriation in Australia in the early twentieth century **Thunder of the Gods: Empire VIII** Anthony Riches,2015-04-02

A master of the genre The Times The eighth book in the Empire sequence takes Centurion Marcus Aquila and his Tungrian legion on a dangerous mission to the heart of the Parthian empire With Rome no longer safe Marcus and the Tungrians are ordered east to the desolate border lands where Rome and Parthia have vied for supremacy for centuries Ordered to relieve the siege of an isolated fortress their task is doomed to bloody failure unless they can turn the disaffected Third Legion into a fighting force capable of resisting the terrifying Parthian cataphracts And Marcus must travel to the enemy capital Ctesiphon on a desperate mission the only man who can persuade the King of Kings to halt a war that threatens the humiliation of the empire and the slaughter of his friends **The Politics of Wounds** Ana Carden-Coyne,2014

The Politics of Wounds explores military patients experiences of frontline medical evacuation war surgery and the social world of military hospitals during the First World War The proximity of the front and the colossal numbers of wounded created greater public awareness of the impact of the war than had been seen in previous conflicts with serious political consequences Frequently referred to as our wounded the central place of the soldier in society as a symbol of the war s shifting meaning drew contradictory responses of compassion heroism and censure Wounds also stirred romantic and sexual responses This volume reveals the paradoxical situation of the increasing political demand levied on citizen soldiers concurrent with the rise in medical humanitarianism and war related charitable voluntarism The physical gestures and poignant sounds of the suffering men reached across the classes giving rise to convictions about patient rights which at times conflicted with the military s pragmatism Why then did patients represent military medicine doctors and nurses in a negative light The Politics of Wounds listens to the voices of wounded soldiers placing their personal experience of pain within the social cultural and political contexts of military medical institutions The author reveals how the wounded and disabled found culturally creative ways to express their pain negotiate power relations manage systemic tensions and enact forms of soft resistance against the societal and military expectations of masculinity when confronted by men in pain The volume concludes by considering the way the state ascribed social and economic values on the body parts of disabled soldiers through the pension system Jacob's

Wound Trevor Herriot,2011-03-04 The award winning author of River in a Dry Land explores the Nature that we and our religions sprang from The Genesis story of Jacob the patriarch of the Judeo Christian tradition wrestling with a spirit has

been interpreted in a multitude of ways but never more persuasively than by Trevor Herriot in *Jacob's Wound*. He sees it as a struggle between Jacob and his wilder twin brother Esau whose birthright Jacob has swindled. The central idea of Herriot's brilliantly written, observant and groundbreaking book is the wound that Jacob, the farmer, the civilized man, suffered in vanquishing Esau, the hunter, the primitive man. And the central question posed is whether we, as Jacob did with Esau, can eventually reconcile with the wildness we conquered and have been estranged from for so long. As if ambling through the author's beloved Qu'Appelle Valley in Saskatchewan, *Jacob's Wound* takes readers on an untrodden path through history, memoir, science and theology. Along the way, Herriot tells us stories of the past and present that illuminate what we once were and what we have become. It's a measured journey motivated by curiosity rather than by destination, and at every turn there is insight and beautiful writing.

John Fletcher's *Rome* Domenico Lovascio, 2022-03-22 John Fletcher's *Rome* is the first book to explore John Fletcher's engagement with classical antiquity. Like Shakespeare and Jonson, Fletcher wrote alone or in collaboration a number of Roman plays: *Bonduca*, *Valentinian*, *The False One*, and *The Prophetess*. Unlike Shakespeare's or Jonson's, however, Fletcher's Roman plays have seldom been the subject of critical discussion. Domenico Lovascio's groundbreaking study examines these plays as a group for the first time, thus identifying disorientation as the unifying principle of Fletcher's portrayal of imperial Rome. John Fletcher's *Rome* argues that Fletcher's dramatization of ancient Rome exudes a sense of detachment and scepticism as to the authority of Roman models, resulting from his irreverent approach to the classics. The book sheds new light on Fletcher's intellectual life, his vision of history, and the interconnections between these plays and the rest of his canon.

The Empire Collection Volume III Anthony Riches, 2017-04-06 The most recent three novels in Anthony Riches' thrilling *EMPIRE* series, including *The Emperor's Blood*, *Thunder of the Gods*, and *Altar of Blood*, now available in one page-turning collection. *The Emperor's Blood*: VII. Centurion Marcus Aquila is back in Rome, hunting the men who destroyed his family. But the urge to exact his own brutal justice upon the shadowy cabal of assassins who butchered his family means that he must face them on their own ground, risking his own death at their hands. A senator, a gang boss, a praetorian officer, and the deadliest of all, champion gladiator Mortiferum, the Death Bringer, lie in wait. *Thunder of the Gods*: VIII. With Rome no longer safe, Marcus and his Tungrian legion are ordered east to the desolate borderlands where Rome and Parthia have vied for supremacy for centuries. Ordered to relieve the siege of an isolated fortress, their task is doomed to bloody failure unless they can turn the disaffected Third Legion into a fighting force capable of resisting the terrifying Parthian cataphracts. And Marcus must travel to the enemy capital, Ctesiphon, on a desperate mission: the only man who can persuade the King of Kings to halt a war that threatens the humiliation of the empire and the slaughter of his friends. *Altar of Blood*: IX. Ordered to cross the river Rhene into barbarian Germany and capture a tribal priestess who may be the most dangerous person on the empire's northern border, the Tungrians are soon subject to the machinations of an old enemy who will stop at nothing to sabotage their plans before they have even set foot on the river's eastern bank. With two of the

Bructeri tribe's greatest treasures in their hands they must regain Roman territory by crossing the unforgiving wilderness that was the graveyard of Roman imperial strategy two hundred years before *The Shadow of the Past* F. E. Mills Young, 2019-12-13 F. E. Mills Young's *The Shadow of the Past* is a profound exploration of memory and identity intricately weaving together themes of nostalgia, trauma, and the intricate dance between personal history and collective memory. Employing a rich lyrical style characteristic of early 20th-century narrative prose, Young utilizes a tapestry of flashbacks and internal monologue to delve into the psyche of his characters. The work is steeped in the literary context of modernism, reflecting the era's preoccupation with the fragmented nature of human experience and resonating with the existential inquiries posed by contemporaneous authors regarding the passage of time and its indelible effect on the human spirit. F. E. Mills Young, a keen observer of social dynamics and the complexities of human relationships, draws from his own experiences growing up in a rapidly changing society. His literary pursuits were largely influenced by his background in psychology and literature, offering a unique lens through which he examines the interplay of individual struggle against broader societal shifts. This personal connection imbues the narrative with authenticity, enhancing its emotional resonance and depth. Readers seeking a contemplative journey into the intricacies of memory and the elements that shape our identities will find *The Shadow of the Past* a compelling addition to their literary repertoire. Young's masterful storytelling invites readers to reflect on their own pasts, urging them to confront the shadows that shape their present and future.

Homecoming Veterans in Literature and Culture Niels Boender, 2025-03-28 From Homer's *Odyssey* itself, the return of the veteran to his or her home has been a central trope of the literary canon. Huge bureaucracies and a panoply of global organisations are deeply concerned with facilitating a painless return to stable homes. This book presents homecoming as an analytical lens to better understand veterans' return and reintegration after conflict. Home is held to be multidimensional, a concept encapsulating the physical and the social, particularly disrupted by experiences of violence. Homecoming is therefore not a mere moment but a process that can unfold over years and decades as old and new bonds of familiarity are forged. Struggles over the home and homecoming are moreover endlessly political, bound up in questions of identity and the nation. Looking across times, places, and disciplines, the collection centres both historical and representational approaches to veterancy.

Vengeance: Empire XII Anthony Riches, 2021-11-11 After saving the Empire's richest province from a foreign army, Marcus and the men who protect him have been in hiding. Their lives will be forfeit if they are seen in Rome. But times have changed. Marcus's protector, the patrician legion commander Scaurus, has been summoned home by his mentor, a powerful senator who has decided he must act to save the empire from its debauched ruler's reign of terror. Rome is a hotbed of conspiracy and treachery, and the senator is not the only contender for power. The emperor himself plans to destroy those he mistrusts, and no one is safe. Marcus is assigned his own unique role in the conspiracy. He will become a gladiator once more. But this time his only opponent will be Commodus himself.
