Treinen Naar De Hel Amsterdamwesterborkauschwitz:

Etty Hillesum and the Flow of Presence Meins G. S. Coetsier, 2008 Although she died cruelly at Auschwitz at the age of twenty nine Etty Hillesum left a lasting legacy of mystical thought in her letters and diaries Hillesum was a complex and powerful witness to the openness of the human spirit to the call of God even under the most harrowing circumstances Her life was as much shaped by Hitler's regime as was that of philosopher Eric Voegelin and as Meins Coetsier reveals her thought lends itself to interpretation from a uniquely Voegelinian perspective Etty Hillesum and the Flow of Presence analyzes the life and writings of Hillesum from the standpoint of Voegelin's views on consciousness especially his philosophy of luminous participation in the transcendent ground of being Through a careful reading of her letters and diaries Coetsier reveals the inner development of Hillesum's mystically grounded resistance to Nazism as he guides readers through the symbolism of her spiritual journey making effective use of Voegelin's analytics of experience and symbolization to trace her path to spiritual truth Intertwining the lives works and visions of these two mystical thinkers Coetsier demonstrates his mastery of both Voegelin's philosophy and Hillesum's Dutch language materials He shows how mystical attunement to the flow of presence Voegelin's designation for human responsiveness to the divine is the key to the development of Hillesum's life and writings He displays a special affinity for the suffering and grace filled transformation that she underwent as she approached the end of her life and gained insight into the ultimate purpose of each individual's contribution to the well being and maintenance of the human spirit Retrieving one of the lesser known but most compelling figures of the Holocaust Etty Hillesum and the Flow of Presence is an original contribution to both Voegelin and Hillesum scholarship that reflects these writers strong valuation of the human person It presents Hillesum's life and work in an original and provocative context shedding new light on her experiences and their symbolizations while further broadening the application of Voegelin's thought
