John R. Tyson

We Shall Not Be Moved Methodists Debate Race Gender And Homosexuality:

We Shall Not Be Moved Jane Ellen Nickell, 2014-10-15 As Protestant denominations are fracturing over whether to ordain gays and lesbians this work looks at The United Methodist Church's conversations about the issue in light of Methodism's historic contests over the leadership of African Americans and women to see what can be learned from these earlier periods of change Using the uniform context of the Methodist General Conference where denominational policy is set the book analyzes transcripts of floor debates in key years of these struggles letting those who argued for and against the changes speak for themselves Those arguments are read through the lens of French sociologist Pierre Bourdieu whose theory offers a sophisticated model that goes deeper than simple resistance to change in articulating a dialectic between social structures and agents that predisposes both to reproduce existing power relationships This interdisciplinary historical study seeks to move beyond conscious motivations for the exclusion of these three groups and uncover deeply embedded misrecognized social dynamics In exploring these groups stories this book examines who holds power in Methodist churches how changes in authority structures occur and why it is such a long and painful process

Entangled Ashley Boggan, 2025-05-06 The United Methodist impasse over human sexuality has its roots in two dichotomous ideologies of history and theology This book maps how American Methodists have responded to sexual change since World War II It argues that the current United Methodist impasse over human sexuality has its root in the existence of two dichotomous ideologies of Methodist history and theology one liberal and one evangelical which come to the foreground in discussions of human sexuality It offers evidence about how these ideologies have sought to reconcile their sexual ethic with sexual change since the birth control movement of the 1920s In post WWII America most Methodists upheld a limited notion of family life and sexuality one that allowed for the use of artificial contraception within marriage and for divorce In response to the sexual revolution liberal leaning Methodists upheld

a new sexual ethic the new morality which peaked with radical new approaches to sex education a full endorsement of abortion rights and support of the homophile movement However the new morality coincided with an increased presence of and a new voice for evangelical Methodists Charles Keysor and the Good News Movement Evangelical Methodists critiqued the new morality as value neutral and anti Scripture The evangelical desire for a rules based morality solely reliant on Scripture collided with the new morality and led to intense debates over sex education abortion and the inclusion of LGBTQ persons within the United Methodist denomination from the 1970s onward Since 1972 United Methodists have continually debated human sexuality at each General Conference primarily through the advocacy efforts of political caucus groups This author hopes that an historical examination of how Methodists have confronted sexual change will enlighten current conversations about human sexuality

Born in Crisis and Shaped by Controversy, Volume 2 John R. Tyson, 2023-07-27

This second installment of the Methodist story Shaped by Controversy examines eight of the major controversies that epitomize aspects of Methodism s inter family dialogue and trauma These theological ecclesial and ethical controversies tried the values tested the patience and strained our familial relationships Ultimately they divided the Methodist movement Ironically controversy was often rooted in something that was good and right about the Methodist movement a commitment to addressing what had somehow gotten out of balance and become destructive Internal struggles over matters related to class economic status gender and race shook Methodism precisely because the inclusion of all people from diverse backgrounds and walks of life was a foundational aspect of the early Methodism Contentious controversies have revolved around matters like 1 the nature of spiritual life faith and good works 2 predestination and the nature Christian assurance of salvation 3 the difficulties of living out Christian Perfection in a world full of imperfect people 4 the pain and trauma of ecclesiastical separation 5 women s leadership in the church 6 the debilitating effects of racism and segregation 7 governance and shared leadership and 8 the affirmation and full inclusion of LGBTQ people These controversies within the church family have challenged and pained Methodists deeply They have also forced Methodists to examine their own priorities and clarify what matters most to them How the Methodists responded to these controversies for good or for ill has shaped the identity of the Methodists as people of faith Hopefully both guidance and encouragement can be found in this history because the past is often like a distant mirror that reflects very clearly upon lives lived today

Reckoning

Methodism Darryl W. Stephens, 2024-03-29 Reckoning Methodism addresses the brokenness of The United Methodist Church UMC in the United States Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination Demographic shifts racism and imperialism are heavily implicated in the current state of division What then is the true nature and mission of this church The UMC is the public church divided Distinct missional theologies arise from competing commitments and priorities When Methodist programmatic initiatives such as vital congregations environmental witness and volunteers in mission fail to account for these differences denominational unity is

weakened Constructively this book seeks historical clarity collective repentance charismatic learning and institutional courage as United Methodists reckon with inherited animosities and divisions This book provides no answers or programmatic fixes Rather it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith Reckoning with the public church divided we glimpse the nature and mission of the church not only as it has been but also as it could be

Die Sexualisierung der Religion im 20. Jahrhundert Jana Kristin Hoffmann, 2021-10-25 Religiöse Kontroversen um Sexualerziehung Abtreibung und Homosexualität prägen seit Jahrzehnten Alltag und Politik in den USA Allerdings wissen wir bisher wenig darüber wie protestantische Mainline Kirchen an diesem Prozess partizipierten Jana Hoffmanns Studie setzt hier an und untersucht am Beispiel der United Methodist Church wie sich religiöse Sexualitätsdiskurse im Laufe des 20. Jahrhunderts veränderten und welchen Einfluss sie auf religiöse Familien Ehe und Geschlechtervorstellungen hatten Die Autorin zeigt hierbei dass Mainline Protestanten nicht nur auf gesellschaftliche Veränderungen reagierten sondern sie aktiv anstießen beeinflussten und mitgestalteten So gelang es Mainline Protestanten mit Hilfe einer neuen Sexualethik christliche Wertvorstellungen in den 1950er Jahren zu modernisieren und zu demokratisieren wobei sie an bestimmten Differenzachsen race class gender festhielten Konservative Methodisten hingegen griffen später auf dieselben Diskursräume zurück um ihrerseits Pluralisierungs und Liberalisierungsprozesse rückgängig zu machen und den christlichen Wertekanon erneut enger zu führen Sexualität wurde zum wichtigsten Distinktionsmerkmal von Religionsgemeinschaften Die vorliegende Studie liefert damit den Schlüssel zum Verständnis der komplexen und oft widersprüchlichen Debatten um Religion und Sexualität in den USA des 20. und 21. Jahrhunderts
