McKallick,2018-05-28 In The Face of the Iguana Patrick McKallick tells the dramatic stories of how fear based beliefs both cultish and religious affected his life emotionally physically and mentally and his eventual healing This book is not just for all those abused by toxic belief systems but also those recovering from addictions The author relates touching stories of his painful abandonment by his troubled parents and his final internment in an orphanage He tells dramatic and amusing anecdotes that preserved his sanity and the utter desperation of his cunning and miraculous escape from a toxic doomsday cult We are taken on a journey of events as varied as hiding under the bed from his raging alcoholic father to descending into the depths of a 16th century churchs crypt where he gazed upon piles of human bones the shock of which catapulted him unconsciously into a dark and ominous pit We faithfully follow him as he describes the conclusion of the war in El Salvador and the mass fear and terror of the citizens of that country to the comical circling of a vintage ocean liner in a beat up fishing

boat with an old lady a fisherman and two young kids This is not just a compilation of interesting stories but clear guidance for anyone recovering from addictions including to fear based belief systems and the ensuing guilt and anxiety The author expertly provides revelations and insights into why we seek out toxic beliefs Mr McKallick reveals how his investigation of a surprising and astonishing field led to his incredible healing and liberation from the effects of PTSD The author learnedly introduces evidential research that mitigated his anxiety due to abusive belief systems and the fear of death He describes the ensuing collapse of this fear and the promise of an astonishingly beautiful after life **Mysteries of the Afterlife** Rosemary Ellen Guiley,2018-09-02 What evidence do we have for the afterlife Scientists researchers and experiencers discuss what happens during near death experiences and deathbed visions plus transformational experiences research on dying and the existence of heaven and hell Illustrated with photos and drawings I have waited a long time for a book such as Mysteries of the Afterlife Rosemary Ellen Guiley has curated a new classic in afterlife anthologies Readers are sure to be enthralled perhaps even surprised by unexpected glimpses into a wonderful greater reality Anyone who questions his true nature as a spiritual being would be well advised to purchase a copy Beginners and seasoned readers of this genre will benefit Well done Susanne Wilson The Carefree Medium scientifically authenticated medium and author of Soul Smart What The Dead Teach Us About Spirit Communication 2nd Edition Mysteries of the Afterlife takes you to the threshold of the veil between worlds with powerful evidence and testimonies about survival after death the afterlife and the realms beyond our physical world Scientists researchers and experiencers describe in dramatic detail how NDEs visions and other experiences demonstrate that death is not an end but a continuation of the soul s amazing journey Sandra Champlain author the 1 international bestseller *We Don't Die* A Skeptic s Discovery of Life After Death and host of We Don't Die Radio *The Lord's Prayer for Today* William J.
