delightful read KATE MACDOUGALL Just the thing for dog lovers PUBLISHERS WEEKLY Brilliant PROFESSOR ALICE ROBERTS Amusing and enlightening COUNTRYMAN Fascinating and eye opening DR JESS FRENCH A wonderful book VIRGINIA MORRELL Profound THE GUARDIAN How dogs defied science and changed the way we think about animals What do dogs really think of us What do dogs know and understand of the world Do their emotions feel like our own Do they love like we do Driven by his own love of dogs Charles Darwin was nagged by questions like these To root out answers his contemporaries toyed with dog sign language To reveal clues they made special puzzle boxes and elaborate sniff tests using old socks Later the same perennial questions about the minds of dogs drove Pavlov and Pasteur to unspeakable cruelty in their search for truth These big names in science influenced leagues of psychologists and animal behaviourists each building upon the ideas and received wisdom of previous generations but failing to see what was staring them in the face that the very methods humans used to study dogs minds were influencing the insights reflected back To discover the impressive cognitive feats that dogs are capable of a new approach was needed Treated with love and compassion dogs would open up their unique perspective on the world and a new breed of scientists would be provided answers to life's biggest questions Wonderdog is the story of those dogs a historical account of how we came to know what dogs are capable of It's a celebration of animal minds and the secrets they hold And it's a love letter to science through the good times and the bad

Dogs are Smarter Than Jack Jenny Campbell, 2005 Do you think dogs are smart This book will confirm what you know and surprise you with much more People from all over the world have contributed their stories

Clever Dog Ryan O'Meara, 2011-06-15 The dog is undeniably the most successful domestic animal of all time He shares his life with ours has integrated into our society and won the hearts and minds of millions of us We call ourselves dog lovers because we do sincerely love them they are fully fledged members of our family and we have elevated them to positions of authority in the human world Assistance dogs protection dogs detection dogs companion dogs they all enhance our lives immeasurably In this book we will examine a whole raft of canine skills and talents and try to piece together how and why the dog has enjoyed such immense success as a domesticated animal We will look at the dog as a problem solver conflict resolver and health asset and as a decision maker and hero Also he is a loyal and trusted friend Clever Dog is a compendium of life lessons we can learn from our dogs based on a combination of what we know about them and indeed what we think we might know about them He's earned his epithet Man's best friend in this book our aim is to examine how he did it and how we might emulate his talents in order to enjoy the same fortune and fulfillment in our lives Be happy and successful learn from the best

Wonderdog Jules Howard, 2024-02-13 A celebration of dogs the scientists who've lived alongside them and how canines have been key to advancements in science for the betterment of all species Almost everywhere there are humans on planet Earth there are dogs But what do dogs know and understand of the world Do their emotions feel like our own Do they love like we do What do they think of us Since our alliance first began on the hunt and on the farm our relationship with dogs has evolved

considerably And with domestic dog population rising twenty per cent in the last decade alone it is a bond that will continue to evolve In order to gauge where our relationship with dogs goes from here author and zoologist Jules Howard takes a look at the historical paths we have trod together and at the many scientists before him who turned their analytic eye on their own four legged companions Charles Darwin and his contemporaries toyed with dog sign language and made special puzzle boxes and elaborate sniff tests using old socks Later the same questions drove Pavlov and Pasteur to unspeakable cruelty in their search for knowledge Since then leagues of psychologists and animal behaviourists have built upon the study of dogs and their much improved methods have fetched increasingly important results dogs have episodic memory similar to ours they recognise themselves as individuals and in addition to their expert sense of smell dogs noses can even detect thermal radiation With the help of vets ethologists neurologists historians and naturally his own dogs Wonderdog reveals the study of dogs to be key in the advancement of compassion in scientific research and crucial to making life on Earth better for all species
