Weapons: an International Encyclopedia from 5000 BC to 2000 AD Diagram Group,1984 *Weapons* ,1980 *Weapons* Lee FLOREN,1980 Weapons David Harding,1990 **Weapons and Warfare** Spencer C. Tucker,2020-03-26 This work covers major weapons throughout human history beginning with clubs and maces through crossbows swords and gunpowder up to the hypersonic railgun lasers and robotic weapons under development today Weapons and Warfare is designed to provide students with a comprehensive and highly informative overview of weapons and their impact on the course of human history In addition to providing basic factual information this encyclopedia will delve into the greater historical context and significance of each weapon The chronological organization by time period will enable readers to fully understand the evolution of weapons throughout history The work begins with a foreword by a top scholar and a detailed introductory essay by the editor that provides an illuminating historical overview of weapons It then offers entries on more than 650 individual weapons systems Each entry has sources for further reading The weapons are presented alphabetically within six time periods ranging from the prehistoric and ancient periods to the contemporary period Each period has its own introduction that treats the major trends occurring in that era In addition 50 sidebars offer fascinating facts on various weapons Numerous illustrations throughout the text are also included **Instruments of War** Spencer C. Tucker,2015-07-28 This highly detailed and well illustrated single volume work documents the evolution of warfare across history through weaponry and technological change In war the weapons and technologies employed have direct effects on how battles are waged When new weapons are introduced they can dramatically alter the outcomes of warfare and consequently change the course of history itself This reference work provides a fascinating overview of the major weapon systems and military technologies that have had a major impact on world history Addressing weapons as crude as the club used by primitive man to the high tech weapons of today such as unmanned drones Instruments of War Weapons and Technologies That Have Changed History offers nearly 270 profusely illustrated entries that examine the key roles played by specific weapons and identify their success and failures The book begins with an introductory essay that frames the subject matter of the work and discusses the history of weapons as a whole The text is concise and accessible to general readers without extensive backgrounds in military history yet provides the detailed information necessary to convey the complexity of the evolution of warfare through technological change **Stalkers and Shooters** Kevin Dockery,2007-07-03 Now in paperback From the author of the Navy SEALs Oral History series an intimate look at the world s most efficient and deadly warriors Snipers have a rich history This fascinating book follows their tasks and techniques from the Revolutionary and Civil Wars through both World Wars to the

Korean War and Vietnam the genesis of modern sniping to the current conflicts in the Middle East Also readers will see how sniping has evolved on the civilian side in law enforcement Readers will learn about the tools of the trade but most importantly they will hear from the experts themselves military snipers as well as civilian police and SWAT snipers Capturing the suspense and action of the hunt the words of these men draw readers into the close knit little known world of men who need only one bullet to get the job done

US-China Strategic Competition Muhammad Ali Baig,2025-02-18 The book maps the strategic competition between the U S and China its history and the contemporary outlook of their armed forces It analyses the wars fought by each of these forces their military operations operations other than war and draws up a comparative analysis between the military doctrines of both nations The author examines the implications of American and Chinese military doctrine and the varying degrees of cooperation competition and potential conflict in the Western Pacific Finally the book argues for possibilities of cooperation between the two superpowers and suggests ways of minimising potential future conflict The volume will be of great interest to scholars and researchers of international relations military and strategic studies and Asian studies
