The Haynes Weber Carburetor Manual, 1995. **Weber Carburetors Tuning Tips and Techniques** John Passini, 2008-03-15. This book is the distillation of many years' experience of working with Weber carburetors. These celebrated carburetors have been fitted to some of the most exciting and memorable cars and have been more widely used by tuners and modifiers both for road and competition machinery than any alternative. The mysteries of why and how they work so well, and the practicalities of getting the best from them in any application, are explained at length. Setting the carburetor to suit a particular engine, fault finding on an existing installation, and the maintenance and repair of older carburetors are all topics which receive detailed attention. Anyone maintaining or restoring a classic Weber-equipped car, or contemplating a Weber-based conversion, or simply interested in the science of engine performance and tuning, will learn something from
