

A photograph of a dry, leafless tree in a desert landscape under a cloudy sky. The tree is on the left side of the frame, with its branches reaching out. The ground is sandy and dry, with a small, dark, circular object in the foreground. The sky is filled with soft, grey clouds.

Weep For Africa A Rhodesian Light Infantry Paratroopers Farewell To Innocence:

Weep for Africa Jeremy Hall, 2014 Jeremy Hall's childhood in the white ruled apartheid South Africa of the 1950s and 60s was ostensibly idyllic growing up in the farming areas of Natal he had free rein to pander to his keen exploratory mind yet niggling away was entrenched racism and interracial hatred Closeted in the hallowed halls of an English speaking high school the revelation of the real world that followed a world of township unrest Afrikaner politicians issuing dire warnings of the red and black hordes massing on the borders exploded into Hall's psyche with his national service call up into the South African Defense Force SADF where he encountered the institutionalized hatred of the Afrikaner hierarchy for the English speaking recruits the rowe or scabs Disillusioned and unsettled following his SADF conscription Hall found himself in 1976 signing on for three years with 2 Commando The Rhodesian Light Infantry as the bush war in that country erupted from a simmering low key insurgency into full blown war As a paratrooper with this crack airborne unit he was to see continual combat on Fireforce operations and cross border raids into Zambia and Mozambique such as Operation Dingo the 1977 Rhodesian attack on ZANLA's Chimoio base

Rhodesian Light Infantryman 1961-80 Neil Grant, 2015-11-20 The 1st Battalion The Rhodesian Light Infantry was one of the most innovative and successful counter insurgency units in modern history Formed as a commando battalion in 1964 after the dissolution of the Federation of Rhodesia and Nyasaland the RLI was an all white unit made up of South Africans and men from the UK Europe and US It was a key weapon in independent Rhodesia's struggle against the Zimbabwe African National Liberation Army and Zimbabwe People's Revolutionary Army during the bloody Rhodesian Bush War This comprehensive study explores the unit's dramatic history revealing the RLI's fearsome airborne and combat capacity which gave the unit at times near total tactical superiority against its opponents

A Far-Away War Ian Liebenberg, 2016-01-31 South Africa's armed forces invaded Angola in 1975 setting off a war that had consequences for the whole region that are still felt today *A Far Away War* contributes to a wider understanding of this war in Angola and Namibia The book does not only look at the war from an e olde South African Defence Force perspective but also gives a voice to participants e on the other sidee emphasising the role of the Cubans and Russians This focus is supplemented by the inclusion of many never before published photographs from Cuban and Russian archives and a comprehensive bibliography

A History of Counterinsurgency Gregory Fremont-Barnes, 2015-05-05 This two volume history of counterinsurgency covers all the major and many of the lesser known examples of this widespread and enduring form of conflict addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which political rivals seek to impose their will upon each other What lessons from the past should today's policymakers strategists military leaders and soldiers in the field keep in mind while facing off against 21st

century insurgents This two volume set offers a comprehensive history of modern counterinsurgency covering the key examples of this widespread and enduring form of conflict It identifies the political military social and economic measures employed in attempting to overcome insurgency examining the work of the individuals and organizations involved demonstrating how success and failure dictated change from established policy and carefully analyzing the results Readers will gain valuable insight from the detailed assessments of the history of counterinsurgency that demonstrate which strategies have succeeded and which have failed and why After an introductory essay on the subject each chapter provides historical background to the insurgency being addressed before focusing on the specific policies pursued and actions taken by the counterinsurgency force Each section also provides an assessment of those operations including in most cases an analysis of lessons learned and where appropriate their relevance to counterinsurgency operations today The set s coverage spans modern counterinsurgencies from Europe to Asia to Africa since 1900 and includes the ongoing counterinsurgency operations in Afghanistan today Its wide international approach to the subject makes the set a prime resource for readers seeking specific information on a particular conflict or a better understanding of the general theories and practices of counterinsurgency

Fighting and Writing Luise White,2021-02-08 In *Fighting and Writing* Luise White brings the force of her historical insight to bear on the many war memoirs published by white soldiers who fought for Rhodesia during the 1964-1979 Zimbabwean liberation struggle In the memoirs of white soldiers fighting to defend white minority rule in Africa long after other countries were independent White finds a robust and contentious conversation about race difference and the war itself These are writings by men who were ambivalent conscripts generally aware of the futility of their fight not brutal pawns flawlessly executing the orders and parroting the rhetoric of a racist regime Moreover most of these men insisted that the most important aspects of fighting a guerrilla war tracking and hunting knowledge of the land and of the ways of African society were learned from black playmates in idealized rural childhoods In these memoirs African guerrillas never lost their association with the wild even as white soldiers boasted of bringing Africans into the intimate spaces of regiment and regime

Never Fear 147 Is Here Paul Allin,David Freemantle,2020-11-30 National service Intake 147 of the Rhodesian Army was arguably the most successful of the whole Rhodesian Bush War This is an accurate historical account of the twenty months these young men whose average age was only 19 spent in the army as told by the men themselves They were the first national service unit to take part in Fire Force operations and in 1976 only the Rhodesian Light Infantry had more kills than 3 Independent Company The members were awarded one Silver Cross of Rhodesia three Bronze Crosses and one Military Forces Commendation They were recommended for a unit citation on more than one occasion

Fireforce Chris Cocks,2007-07-01 *Fireforce* is the compelling brutal account of Chris Cocks service in 3 Commando the Rhodesian Light Infantry during Zimbabwe s bitter civil war of the 1970s a conflict that came to be known simply as the bush war The book s title refers to a tactic of total airborne envelopment developed and perfected by the RLI together with the Selous Scouts and

the Rhodesian Air Force that became the principal strike weapon of the beleaguered Rhodesian forces in their struggle against the overwhelming tide of the Communist trained and equipped ZANLA and ZIPRA guerrillas This book is not for the squeamish It blends the intrinsic pathos and humor peculiar to war with face to face combat in the bush and death at point blank range Now here is your chance to read what several critics have called the best book on the Rhodesian War ever written

Echoes of an African War Chas Lotter, 1999 only the poets of the First World War have captured so compellingly the many moods of the young soldiers Prof Marcia Leveson President English Academy of Southern Africa The soldier poet of southern Africa matches his haunting poetry with authentic photos paintings and sketches to tell the story of the Rhodesian bush war Echoes of an African War follows the story of the teenaged army recruit who exchanged his home and his family for the world of barrack life It sketches the years until 1973 when a low intensity war allowed a young man to explore the African bush The story then bursts into the late 1970s when the conflict escalated into a vicious civil war It covers the war's end in 1980 and the subsequent readjustment to civilian life before finishing in 1999 when as a mature man he looks back and remembers events that are now history Most important of all this work imparts to his children what it looked like to have been a soldier in Rhodesia's war Chas Lotter has perfected the magic art of combining pathos and eeriness His observations are canny and surgically precise as he gradually unfolds his story Chas Lotter the soldier poet of the Rhodesian war had an unusual apprenticeship in the craft of poetry Life began for him in Germiston South Africa in 1949 His family moved to Rhodesia in 1953 and it was there that he grew up on farms in the Bindura and Gatooma Kadoma areas He moved to Salisbury Harare in 1974 where he met his wife Avril As a field medic Sergeant Lotter served for nine years with frontline units of the Rhodesian Army It was these years of action emotion and savage experience that fuelled the poet's fire in him He started writing poetry on the backs of cigarette boxes in an attempt to deal with the realities of the war From such humble beginnings emerged a series of vivid pictures of an African nation at war Lotter's work was first published in Peter Badcock's volume *Shadows of War* Subsequently he collaborated with Badcock on another successful work *Faces of War* In 1984 he published his highly acclaimed *Rhodesian Soldier* that blends photographs and verse to form a wide ranging monograph of the Rhodesian war His work has earned him membership of the English Academy of Southern Africa and his poetry has been published around the world He lives in Pretoria South Africa
