College Students' Experiences of Power and Marginality Elizabeth M. Lee, Chaise LaDousa, 2015-03-27 As scholars and administrators have sharpened their focus on higher education beyond trends in access and graduation rates for underrepresented college students there are growing calls for understanding the

experiential dimensions of college life This contributed book explores what actually happens on campus as students from an increasingly wide range of backgrounds enroll and share space Chapter authors investigate how students of differing socioeconomic backgrounds genders and racial ethnic groups navigate academic institutions alongside each other Rather than treat diversity as mere difference this volume provides dynamic analyses of how students come to experience both power and marginality in their campus lives Each chapter comprises an empirical qualitative study from scholars engaged in cutting edge research about campus life This exciting book provides administrators and faculty new ways to think about students vulnerabilities and strengths

Autonomy, Accountability and Social Justice Amanda Keddie, Martin Mills, 2019-04-10 Autonomy Accountability and Social Justice provides an account of recent developments in English state education with a particular focus on the academisation of schooling It examines how head teachers teachers and others working in diverse education settings navigate the current policy environment The authors provide readers with insight into the complex decision making processes that shape school responses to current educational agendas and examine the social justice implications of these responses The book draws on Nancy Fraser's social justice framework and her theorising of neoliberalism to explore current tensions associated with moves towards both greater autonomy for and accountability of state schooling These tensions are presented through four case studies that centre upon 1 a group of local authority primary schools 2 an academy chain 3 a co operative secondary school and 4 an alternative education setting The book identifies the emancipatory possibilities of these approaches amid the complex demands of autonomy and accountability seizing English schools Informed by a consideration of market parameters and social protectionist ideals this examination provides rich insights into how English schools have emancipatory capacity Autonomy Accountability and Social Justice makes a major theoretical contribution to understandings of how the market is working alongside the regulation of schooling and the implications of this for social justice By drawing on the experiences of those working in schools it demonstrates that the tensions associated with autonomy and accountability within the current education policy environment can be both productive and unproductive for social justice
