Voices from the Camps James M. Freeman,Nguyen Dinh Huu,2011-07-01 Wave after wave of political and economic refugees poured out of Vietnam beginning in the late 1970s overwhelming the resources available to receive them Squalid conditions prevailed in detention centers and camps in Hong Kong and throughout Southeast Asia where many refugees spent years languishing in poverty neglect and abuse while supposedly being protected by an international consortium of caregivers Voices from the Camps tells the story of the most vulnerable of these refugees children alone either orphaned or separated from their families Combining anthropology and social work with advocacy for unaccompanied children everywhere James M Freeman and Nguyen Dinh Huu present the voices and experiences of Vietnamese refugee children neglected and abused by the system intended to help them Authorities in countries of first asylum faced with thousands upon thousands of increasingly frightened despairing and angry people needed to determine on a case by case basis whether they should be sent back to Vietnam or be certified as legitimate refugees and allowed to proceed to countries of resettlement The international community led by UNHCR devised a well intentioned screening system Unfortunately as Freeman and Nguyen demonstrate it failed unaccompanied children The hardships these children endured are disturbing but more disturbing is the story of how the governments and agencies that set out to care for them eventually became the children's tormentors When Vietnam after years of refusing to readmit illegal emigrants reversed its policy the international community began doing everything it could to force them back to Vietnam Cutting rations closing schools separating children from older relations and other caregivers relocating them in order to destroy any sense of stability the authorities employed coercion and effective abuse with distressing ease all in the name of the best interests of the children While some children eventually managed to construct a decent life in Vietnam or elsewhere including the United States all have been scarred by their refugee experience and most are still struggling with the legacy Freeman and Nguyen's presentation and analysis of this sobering chapter in recent history is a cautionary tale and a call to action

Chameleon J.E. Marriott, 2023-06-01 Chameleon Man is not at the top of the food chain and hasn't been for a very long time Shipton under Wychwood is a sleepy English village where Kate Henson arrives to study at theatre school She meets the son of the local peerage and they fall deeply in love however they come from two very different worlds Something is not quite right and as more mysterious deaths occur in the nearby town of Oxford the truth finally begins to unravel exposing a world hidden in plain sight A world far more terrifying and deadly than anyone could imagine Between England and Croatia the body count rises as a struggle for power emerges An accidental event turns the wheels of fate and our lovers find themselves caught in the middle One finds the truth and the other well vampires don't exist everyone knows that but the myths and legends behind them do Sadly one will die while the other remains immortal Forced apart how can they ever be together The answer comes from the unearthing of an ancient and frightening secret society of deadly creatures masquerading as humans Mankind is not at the top of the food chain and hasn't been for a very long time Finally an amazing destiny is discovered from within the ancient world of the Chameleon
