Christian Nation ,1927 **Christianity, Social Justice, and the Japanese American Incarceration during World War II** Anne M. Blankenship,2016-10-07 Anne M Blankenship s study of Christianity in the infamous camps where Japanese Americans were incarcerated during World War II yields insights both far reaching and timely While most Japanese Americans maintained their traditional identities as Buddhists a sizeable minority identified as Christian and a number of church leaders sought to minister to them in the camps Blankenship shows how church leaders were forced to assess the ethics and pragmatism of fighting against or acquiescing to what they clearly perceived even in the midst of a national crisis as an unjust social system These religious activists became acutely aware of the impact of government as well as church policies that targeted ordinary Americans of diverse ethnicities Going through the doors of the camp churches and delving deeply into the religious experiences of the incarcerated and the faithful who aided them Blankenship argues that the incarceration period introduced new social and legal approaches for Christians of all stripes to challenge the constitutionality of government policies on race and civil rights She also shows how the camp experience nourished the roots of an Asian American liberation theology that sprouted in the sixties and seventies *St. Andrew's Cross* ,1922 *Youth's Companion* ,1882 **MECC News Report** ,1997 **The Church Times** ,1926 **The Christian Century** ,1923 Sacred Playgrounds Jacob Sorenson,2021-07-01 Sacred Playgrounds explores the wisdom of camping ministry for Christian education and faith formation examining its rich history and fundamental characteristics with compelling stories groundbreaking research and theological grounding Christian summer camp is an integral part of the ecology of faith formation in North America though it has received surprisingly little attention in the scholarly community until now Camping ministry is often dismissed as simple fun and games or a brief spiritual high that does not last However camp experiences often serve as deeply relational and immersive faith experiences that have lasting impacts on participants Five fundamental characteristics combine dynamically in the effective camp experience participatory faith centered safe space relational and unplugged from home Together they open the space for participants to consider new understandings of God to have time for deep self reflection and to build intentional Christian community These camp experiences are essential components in a larger ecology of faith formation including the home and congregation The insight and evidence presented in this book demonstrate that the contributions of camping ministry must be taken seriously among scholars Christian educators and ministry professionals **International Journal of Religious Education** ,1939 Changing Worlds M.
