ren Kierkegaard's existential ethics The Kantian formulation of moral law is based on theoretical ground while Kierkegaardian ethics of the quest for selfhood views it as the very act of living The present work provides an account of both these perspectives and questions whether these approaches to morality are mutually exclusionary Using Slavoj Žižek's parallax view in the realm of morality it argues that moral philosophy must engage with a constant critique of difference around which the transformation of our various perspectives to morality revolves This work appeals for furtherance of the conversation model and participation of perspectives to transcend positional confinement It advocates the traversing of the ethical parallax to allow for intellectual openness and an empathetic perception of the other Engaging and well researched this book will be of interest to scholars and researchers of ethics political philosophy and continental philosophy

Colossians: An Earth Bible Commentary Victoria S. Balabanski, 2020-01-23 Vicky Balabanski analyses Colossians as a co-authored letter written during Paul's Roman imprisonment by Timothy with the input of Epaphras and sent with Paul's introductory and concluding greetings Balabanski sees remarkable resonances between the cosmology of this letter and that of Stoic thought the most widely held philosophy in first century Asia Minor Drawing upon the way Stoic thinkers saw the divine Spirit permeating reality and sought to attune their lives to the Logos divine reason she argues that the Logos of Christ the Gospel was welcomed by small groups of people shaped by Stoic thought and they experienced Christ as the visible expression of the One God who permeates reality The Letter to the Colossians has the highest view of Christ of any of the New Testament writings and its theology of divine permeation invites us to notice the ecological potential of this letter This Eco Stoic reading brings contemporary ecological questions into dialogue with the distinctive Christology and cosmology of the letter
