

YALE-G REFINED CLINICAL REVIEW FOR THE USMLE STEP 2 & 3

"A comprehensive yet concise review of the leading concepts covered in USMLE Step 2 Clinical Knowledge. This is a powerful tool for medical students and residents!"

— Matthew Warner, MD, Mayo Medical School, Minnesota

"Whether you've taken notes from USMLE Seminars, the USMLE World and other 6 Books. That's what this book covers, which is highly valuable. This is the most comprehensive USMLE Step 2 book available..."

— www.usmleworld.com (2011, 4 by Roger Ross, MD)

"This is the book we have all been waiting for. It was my main study tool for step 2 CK. I read over the book once, went through condensedworld.com and then came back to the book. I was amazed at how detailed and to the point this book is. After taking my test, I realized it is all you need to prepare for this exam. Got questions on my test from the high yield questions at the end of each chapter. Questions are challenging but drive home mainline concepts of each chapter. Will be my study tool for Step 3, too. Thanks Dr. Yale Gong for this awesome book! FOR GOOD!"
