Vlad III Dracula The Life And Times Of The Historical Dracula:

Vlad III Dracula Kurt Treptow, 2022-07-01 The fifteenth century Romanian Prince Vlad III Dracula also known as Vlad the Impaler is one of the most fascinating personalities of medieval history Already during his own lifetime his true story became obscured by a veil of myths As a result he has been portrayed both as a bloody tyrant who degenerated down throughout the centuries into the fictional vampire of the same name created by Bram Stoker at the end of the nineteenth century and as a national and Christian hero who bravely fought to defend his native land and all of Europe against the invading Turkish infidels Even in more recent historiography the true history of Dracula has been obscured by Communist and nationalist historiography

Vlad III Dracula Kurt Treptow, 2020-01-31 This book studies the life and times of Vlad III Dracula also known as Vlad the Impaler providing the reader with a better understanding of the personality of this enigmatic figure of medieval history as well as the times in which he lived

Vlad the Impaler Hourly History, 2016-10-03 Vlad the Impaler The character Count Dracula is well known throughout the world He is a dark seductive pale man wearing a cape His gaze is quite literally captivating and he has the strength of ten men The story written by Bram Stoker in 1897 has been retold hundreds of times but is there a historical figure upon whom the character is based Is there really a Dracula Many scholars argue that Vlad III Dracula also known as Vlad the Impaler is the real Dracula He was known in western Europe for his cruelty most especially his penchant for impaling his victims He is said to have killed somewhere between 40 000 and 100 000 people during his crusade to stop the Ottoman Empire from expanding into eastern Europe He was equally harsh on the people he ruled and is said to have taken great pleasure in torturing his victims Inside you will read about Vlad s early life and family Rise to power Vlad s first reign War with the Ottomans Vlad s main reign Vlad s imprisonment third reign and death Vlad Dracula s legacy Vlad the Impaler in fiction Count Dracula His story however is much more complicated than the oft reported details of his atrocities would imply He lived in a time of conflict where many were equally as cruel and he is viewed as a hero in Romania where he is remembered as a protector of his people This eBook tells the story of his life and times and discusses his connection to the fictional Count Dracula in a succinct compelling manner which makes for an entertaining read that is packed with historical information

Dracula Kurt W. Treptow, 1991 A collection of 14 scholarly papers on the life and times of the historical Dracula This impressive research deserves much better than the wretched package containing it The book production Romanian is by far the worst we ve seen in decades Acidic paper is the least of the book s blemishes Annotation copyrighted by Book News Inc Portland OR

My Vladislaus Dracula Teresa L. Jones, 2010-04 When the name Dracula is spoken what image comes into your mind Do you think of a bloodthirsty monster made up by an Irish story teller who never stepped foot on Romanian soil Or do you think of a legendary fifteenth century hero of Romania who risked his life and fought courageously to take on the Ottoman empire to protect his land his people all of Europe and all of Christianity Since the age of 13 Amelia Justine Kari had a quest Her quest was to one day take a trip to

the beautiful lands of Romania in search of the truth behind the mystery s of the real Prince Dracula Once on Romanian soil Amelia would find other forces already at work in search of her Because of her career choice as a medical technician and her overwhelming fascination with the green eyed black haired man called Prince Vladislaus Dracula Amelia was always misunderstood But what if Vlad Dracula was also misunderstood What if the pamphlets and documents written about him were only made up to control him use his power and condemn him to prison Amelia was determined to find the truth but she d have to search deep in her soul to find all the answers The Dracula Dilemma Duncan Light,2016-03-23 For many in the West Romania is synonymous with Count Dracula Since the publication of Bram Stoker s famous novel in 1897 Transylvania and by extension Romania has become inseparable in the Western imagination with Dracula vampires and the supernatural Moreover since the late 1960s Western tourists have travelled to Transylvania on their own searches for the literary and supernatural roots of the Dracula myth Such Dracula tourism presents Romania with a dilemma On one hand Dracula is Romania s unique selling point and has considerable potential to be exploited for economic gain On the other hand the whole notion of vampires and the supernatural is starkly at odds with Romania s self image as a modern developed European state This book examines the way that Romania has negotiated Dracula tourism over the past four decades During the communist period up to 1989 the Romanian state did almost nothing to encourage such tourism but reluctantly tolerated it However some discrete local initiatives were developed to cater for Dracula enthusiasts that operated at the margins of legality in a communist state In the post communist period after 1989 any attempt to censor Dracula has disappeared and the private sector in Romania has been swift to exploit the commercial possibilities of the Count However the Romanian state remains ambivalent about Dracula and continues to be reluctant to encourage or promote Dracula tourism As such Romania s dilemma with Dracula remains unresolved **Dracula** Marius-Mircea Crişan,2017-11-11 This volume analyses the role of Bram Stoker s Dracula and its sequels in the evolution of the Gothic As well as the transformation of the Gothic location from castles cemeteries and churches to the modern urban gothic this volume explores the evolution of the undead considering a range of media from the 19th century protagonist to sympathetic contemporary vampires of teen Gothic Based on an interdisciplinary approach literature tourism and film the book argues that the development of the Dracula myth is the result of complex international influences and cultural interactions Offering a multifarious perspective this volume is a reference work that will be useful to both academic and general readers *Icons of the Middle Ages* Lister M. Matthew Pateman, 2015-03-21 On the TV screen as elsewhere there is often more than meets the eye For decades television has offered not just entertainment but observations subtle and otherwise on society This book examines the cultural commentary contained in Buffy the Vampire Slayer a show that ran for seven seasons 1997 2003 and 144 episodes On the surface Buffy is the marriage of a high school drama to gothic horror This somewhat unusual vehicle is used to present via the character of Buffy fairly typical views of late 20th century culture teenage problems issues regarding a broken home and the search for meaning and validation In addition subtler themes such as cultural views of knowledge ethnicity and history are woven into the show s critique of popular culture Organized into two sections this volume offers an in depth examination of the show first through the lens of Buffy s confrontation with culture and second from the complex perspectives of the individual characters Issues such as values ethical choices and the implications of one s actions are discussed without ever losing sight of the limitations of a medium that will always be dominated by financial concerns The final chapter summarizes what Buffy has to say about today s society An appendix lists Buffy episodes in chronological order **Hollywood's White House**

Peter C. Rollins, John E. O'Connor, 2010-09-12 Winner of the 2003 Ray and Pat Browne Book Award given by the Popular Culture Association The contributors to Hollywood s White House examine the historical accuracy of these presidential depictions illuminate their influence and uncover how they reflect the concerns of their times and the social and political visions of the filmmakers The volume which includes a comprehensive filmography and a bibliography is ideal for historians and film enthusiasts Dracula Matei Cazacu, 2017-07-10 Originally published in French in 2004 Matei Cazacu s Dracula remains the most authoritative scholarly biography of the Wallachian prince Vlad III the Impaler 1448 1456 1462 1476 Its core is an exhaustively researched reconstruction of Dracula s life and political career using original sources in more than nine languages In addition Cazacu traces Dracula s metamorphosis at the hands of contemporary propagandists into variously a bloodthirsty tyrant and an early modern great sovereign Beyond this Cazacu explores Dracula s transformation

into the vampire prince in literature film and folklore with surprising new discoveries on Bram Stoker's sources for his novel. In this first English translation the text and bibliography are updated and readers are provided with an appendix of the key sources for Dracula's life in fresh and accurate English translations.

Stephen the Great and Balkan Nationalism Jonathan Eagles, 2013-10-25 The defeat of the Ottoman Empire in the Balkans in 1475 at the Battle of Vaslui heralded the beginnings of a historic legacy. The victor became known as Stephen the Great or Athleta Christi, Champion of Christ. Perceived as the founder of a Balkan identity, Stephen the Great maintained Moldova's independence during periods of fierce Ottoman attack between 1457 and 1504. His Christian religious stance meant that in the eyes of Europe he had not only defeated a significant territorial threat but had elevated Christianity to a superior level as victors over its Muslim opponents. Here Jonathan Eagles seeks to unveil the mechanisms behind this legacy, reviewing the state formations that allowed this national hero to emerge and explaining the methods that preserve his memory in the region today. By combining the latest historical studies of the anti-Ottoman resistance with new archaeological findings, *Stephen the Great and Balkan Nationalism* engages with a fresh approach to the history of the Balkans and reinvigorates the study of the Ottoman Empire's impact in Europe. This is an important book for those with an interest in medieval history, Balkan history, and the Ottomans.

The Francis Ford Coppola Encyclopedia James M. Welsh, Gene D. Phillips, Rodney F. Hill, 2010-08-27 Francis Ford Coppola's career has spanned five decades, from low budget films he produced in the early 1960s to more personal films of recent years. Drawing the Past, Volume 2 Dorian L. Alexander, Michael Goodrum, Philip Smith, 2022-01-04 Contributions by Dorian L. Alexander, Chris Bishop, David Budgen, Lewis Call, Lillian C. Spedes, Gonzaléz Dominic Davies, Sean Eedy, Adam Fotos, Michael Goodrum, Simon Gough, David Hitchcock, Robert Hutton, Iain A. MacInnes, Magorzata Olsza, Philip Smith, Edward Still, and Jing Zhang. In *Drawing the Past, Volume 2: Comics and the Historical Imagination in the World*, contributors seek to examine the many ways in which history worldwide has been explored and re-represented through comics, and how history is a complex construction of imagination, reality, and manipulation. Through a close analysis of such works as *V for Vendetta*, *Maus*, and *Persepolis*, this volume contends that comics are a form of mediation between sources, both primary and secondary, and the reader. Historical comics are not drawn from memory but offer a nonliteral interpretation of an object re-constructed in the creator's mind. Indeed, when it comes to history, stretching the limits of the

imagination only serves to aid in our understanding of the past and through that understanding shape ourselves and our futures This volume the second in a two volume series is divided into three sections History and Form Historical Trauma and Mythic Histories The first section considers the relationship between history and the comic book form The second section engages academic scholarship on comics that has recurring interest in the representation of war and trauma The final section looks at mythic histories that consciously play with events that did not occur but nonetheless inflect our understanding of history Contributors to the volume also explore questions of diversity and relationality addressing differences between nations and the cultural historical and economic threads that bind them together however loosely and however much those bonds might chafe Together both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world
