## Watch The Intern Online:

Intern Insider Tammy Trujillo, 2016-04-28 Internships have all but become a requirement when starting out in the fields of entertainment and broadcasting. Students need these internships not only to get their foot in the door but to gain valuable experience that gives them an advantage when going for that first job in the industry. *Intern Insider* helps students navigate the often daunting task of finding an internship and equips readers to use the experience learned to begin a strong career in the entertainment world. As both a professional broadcaster and college professor, author Tammy Trujillo approaches the topic of internships from both sides: what the student and intern site hope to gain. She provides various valuable perspectives throughout the book, including student assessments on their internship experiences, case studies of those who have turned their internships into careers, and interviews with internship site coordinators. Her breadth of knowledge and experience make for a ground-level book, both informative and useful. In the competitive landscape of today's entertainment and broadcasting worlds, *Intern Insider* provides students with all the tools they need to make the most of their internships and jumpstart their careers. *Online Journalism Ethics* Cecilia Friend, Jane Singer, 2015-03-26 Online media present both old and new ethical issues for journalists who must make decisions in an interactive, instantaneous environment short on normative standards or guidelines. This user-friendly book guides prospective and professional journalists through ethical questions encountered only online. Including real-life examples and perspectives from online journalists, in every chapter the book examines the issues of gathering information, reporting, interviewing, and writing for mainstream news organizations on the Web. It considers the ethical implications of linking, interactivity, verification, transparency, and Web advertising, as well as the effects of convergence on newsrooms. It also addresses the question of who is a journalist and what is journalism in an age when anyone can be a publisher. Each chapter includes a complex case study that promotes critical thinking and classroom discussion about how to apply the ethical issues covered.
