Anderson,2020-08-25 K pop Korean popular music reigns as one of the most popular

music genres in the world today a phenomenon that appeals to listeners of all ages and nationalities In Soul in Seoul African American Popular Music and K pop Crystal S Anderson examines the most important and often overlooked aspect of K pop the music itself She demonstrates how contemporary K pop references and incorporates musical and performative elements

of African American popular music culture as well as the ways that fans outside of Korea understand these references K pop emerged in the 1990s with immediate global aspirations combining musical elements from Korean and foreign cultures particularly rhythm and blues genres of black American popular music Korean solo artists and groups borrow from and cite

instrumentation and vocals of R B genres especially hip hop They also enhance the R B tradition by utilizing Korean musical strategies These musical citational practices are deemed authentic by global fans who function as part of K pop s music press and promotional apparatus K pop artists also cite elements of African American performance in Korean music videos These

disrupt stereotyped representations of Asian and African American performers Through this process K pop has arguably become a branch of a global R B tradition Anderson argues that Korean pop groups participate in that tradition through

cultural work that enacts a global form of crossover and by maintaining forms of authenticity that cannot be faked and furthermore propel the R B tradition beyond the black white binary *Billboard* ,2004-12-18 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,1998-05-23 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,2004-11-06 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Billboard* ,2005-04-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
