Young Adam Oneworld Modern Classics:

Young Adam Alexander Trocchi, 1963 *Useless Activity* Christopher Webb, 2022-07-01 Using a broad range of archival material from Washington University St Louis the University of Glasgow and the British Library *Useless Activity* Work Leisure and British Avant Garde Fiction 1960 1975 is the first study to ask why the experimental writing of the 1960s and 1970s appears so fraught with anxiety about its own uselessness before suggesting that this very anxiety was symptomatic of a unique period in British literary history when traditional notions about literary work and what worked in terms of literature were being radically scrutinised and reassessed The study is divided into five chapters with three of those dedicated to the close analysis of work produced by three writers representative of the 1960s British avant garde Eva Figes 1932 2012 B S Johnson 1933 1973 and Alexander Trocchi 1925 1984 The book argues that these writers preoccupations with concepts related to work such as leisure debt and various forms of neglected labour like housework allow us to rethink the British avant garde s relation to realism while posing broader questions about the production and value of post war literary avant gardism more generally *Useless Activity* proposes that only with an understanding of the British avant garde s engagement with the idea of work and its various corollaries can we appreciate these writers move away from certain forms of literary realism and their contribution to the development of the modern British novel during the mid twentieth century *The Situationist International in Britain* Sam Cooper, 2016-08-25 This book tells for the first time the story of the Situationist International s influence and afterlives in Britain where its radical ideas have been rapturously welcomed and fiercely resisted The Situationist International presented itself as the culmination of the twentieth century avant garde tradition as the true successor of Dada and Surrealism Its grand ambition was not unfounded Though it dissolved in 1972 generations of artists and writers theorists and provocateurs punks and psychogeographers have continued its effort to confront and contest the society of the spectacle This book constructs a long cultural history beginning in the interwar period with the arrival of Surrealism to Britain moving through the countercultures of the 1950s and 1960s and finally surveying the directions in which Situationist theory and practice are being taken today It combines agile historicism with close readings of a vast range of archival and newly excavated materials including newspaper reports underground pamphlets Psychogeographical films and experimental novels It brings to light an overlooked but ferociously productive period of British avant garde practice and demonstrates how this subterranean activity helps us to understand postwar culture late modernism and the complex internationalization of the avant garde As popular and academic interest in the Situationists grows this book offers an important contribution to the international history of the avant garde and Surrealism It will prove a valuable resource for researchers and students of English and Comparative Literature Modernism and the Avant Gardes Twentieth Century and Contemporary History Cultural Studies Art History and Political Aesthetics *Harvard's Classics Collection: Complete 71 Volumes* Johann Wolfgang von Goethe, Gotthold Ephraim Lessing, Bjørnstjerne Bjørnson, Thomas Carlyle, Theodor
