Young Man From The Provinces A Gay Life Before Stonewall:

Young Man from the Provinces Alan Helms, 1997 Helms vividly brings to life the time just before Stonewall and the Gay Liberations Movement in this poignant insightful often humorous remembrance of his journey from a midwestern adolescence to a self absorbed life as a male model in New York and Europe in the 1960s ending with his self acceptance as a gay man in a homophobic society Encyclopedia of Contemporary LGBTQ Literature of the United States Emmanuel S. Loftin, 2012-09-06 Long before the Stonewall riots ONE magazine the first openly gay magazine in the United States offered a positive viewpoint of homosexuality and encouraged gay people to resist discrimination and persecution Despite a limited monthly circulation of only a few thousand the magazine influenced the substance character and tone of the early American gay rights movement This book is a collection of letters written to the magazine a small number of which were published in ONE but most of them were not The letters candidly explore issues such as police harassment of gay and lesbian communities antigay job purges and the philosophical scientific and religious meanings of homosexuality Not in This Family Heather Murray, 2012-02-10 Many Americans hold fast to the notion that gay men and women more often than not have been ostracized from disapproving families Not in This Family challenges this myth and shows how kinship ties were an animating force in gay culture politics and consciousness throughout the latter half of the twentieth century Historian Heather Murray gives voice to gays and their parents through an extensive use of introspective writings particularly personal correspondence and diaries as well as through published memoirs fiction poetry song lyrics movies and visual and print media Starting in the late 1940s and 1950s Not in This Family covers the entire postwar period including the gay liberation and lesbian feminist movements of the 1960s and 1970s the establishment of PFLAG Parents Families and Friends of Lesbians and Gays and the AIDS crisis of the 1980s and 1990s Ending her story with an examination of contemporary coming out rituals Murray shows how the personal that was once private became political and finally public In exploring the intimate reciprocal relationship of gay children and their parents Not in This Family also chronicles larger cultural shifts in privacy

discretion and public revelation and the very purpose of family relations Murray shows that private bedrooms and consumer culture social movements and psychological fashions all had a part to play in transforming the modern family

Departing from Deviance Henry L. Minton, 2010-11-15 The struggle to remove the stigma of sickness surrounding same sex love has a long history In 1973 the American Psychiatric Association removed homosexuality from its diagnostic classification of mental illness but the groundwork for this pivotal decision was laid decades earlier In this new study Henry L Minton looks back at the struggle of the American gay and lesbian activists who chose scientific research as a path for advancing homosexual rights He traces the history of gay and lesbian emancipatory research from its early beginnings in the late nineteenth century to its role in challenging the illness model in the 1970s By examining archival sources and unpublished manuscripts Minton reveals the substantial accomplishments made by key researchers and relates their life stories He also considers the contributions of mainstream sexologists such as Alfred C Kinsey and Evelyn Hooker who supported the cause of homosexual rights through the advancement of scientific knowledge By uncovering this hidden chapter in the story of gay liberation Departing from Deviance makes an important contribution to both the history of science and the history of sexuality

Toward Stonewall Nicholas C. Edsall, 2006 As recently as the 1970s gay and lesbian history was a relatively unexplored field for serious scholars The past quarter century however has seen enormous growth in gay and lesbian studies The literature is now voluminous it is also widely scattered and not always easily accessible In *Toward Stonewall* Nicholas Edsall provides a much needed synthesis drawing upon both scholarly and popular writings to chart the development of homosexual subcultures in the modern era and the uneasy place they have occupied in Western society Edsall's survey begins three hundred years ago in northwestern Europe when homosexual subcultures recognizably similar to those of our own era began to emerge and it follows their surprisingly diverse paths through the Enlightenment to the early nineteenth century The book then turns to the Victorian era tracing the development of articulate and self aware homosexual subcultures With a greater sense of identity and organization came new forms of resistance this was the age that saw the persecution of Oscar Wilde among others as well as the medical establishment's labeling of homosexuality as a sign of degeneracy The book's final section locates the foundations of present day gay sub cultures in a succession of twentieth century scenes and events in pre Nazi Germany in the lesbian world of interwar Paris in the law reforms of 1960s England culminating in the emergence of popular movements in the postwar United States Rather than examining these groups in isolation the book considers them in their social contexts and as comparable to other subordinate groups and minority movements In the process *Toward Stonewall* illuminates not only the subcultures that are its primary subject but the larger societies from which they emerged

Culture Michael S. Sherry, 2007-09-10 Today it is widely recognized that gay men played a prominent role in defining the culture of mid twentieth century America with such icons as Tennessee Williams Edward Albee Aaron Copland Samuel Barber Montgomery Clift and Rock Hudson defining much of what seemed distinctly American on the stage and screen Even though few gay artists were out their sexuality caused significant anxiety during a time of rampant antihomosexual attitudes

Michael Sherry offers a sophisticated analysis of the tension between the nation's simultaneous dependence on and fear of the cultural influence of gay artists. Sherry places conspiracy theories about the homophobic international taking control and debasing American culture within the paranoia of the time that included anticommunism, anti-Semitism, and racism. Gay artists, he argues, helped shape a lyrical, often nationalist version of American modernism that served the nation's ambitions to create a cultural empire and win the Cold War. Their success made them valuable to the country's cultural empire but also exposed them to rising antigay sentiment voiced even at the highest levels of power, for example by President Richard Nixon. Only late in the twentieth century, Sherry concludes, did suspicion slowly give way to an uneasy accommodation of gay artists' place in American life.

Western Queers in China David Emil Mungello, 2012 This unique work examines the role played by sexuality in the historical encounter between China and the West. Distinguished historian David E. Mungello focuses especially on Western homosexuals who saw China as a place of escape from the homophobia of Europe and North America. His groundbreaking study traces the lives of two dozen men, many previously unknown, who fled to China and in the process influenced perceptions of Chinese culture to this day. This escapism engendered casual sexual encounters, serious friendships, and substantive intellectual relationships.

A Sea of Stories John Dececco, PhD, Sonya L. Jones, 2013-01-11 Take a look at how narrative has shaped gay and lesbian culture. *A Sea of Stories: The Shaping Power of Narrative in Gay and Lesbian Cultures* A Festschrift for John P. De Cecco is an unforgettable collection of personal narratives that explores the historical, psychological, and sociological contexts of homosexuality in locations ranging from Nazi Germany to Colorado. Some of the prominent authors in this collection include David Bergman, Louis Crew, Diana Hume George, and Ruth Vanita. Scholars in gay and lesbian studies, political movements, cultural studies, and narratology, and anyone interested in gay history will want to explore these intriguing narratives on topics such as sex and sin in the South, selling gay literature before Stonewall, growing up gay in India, and the story of an interracial male couple facing homophobic ignorance in a small town. *A Sea of Stories* also contains creative fiction and nonfiction, love stories, war stories, oral stories, and bibliographies, and a beautiful post-Stonewall and post-modern narrative set on a South African seascape that tells the story of two professional men and the possibility of a kiss. For a complete list of contents, please visit our Web site at www.haworthpressinc.com. This book offers you a variety of narratives that cover a wide range, including memoirs of gay Holocaust survivors and the emergence of the first lesbian and gay book club, in its wake, homophobia in the workplace, and the use of coming-out stories to enhance workplace diversity, the establishment of a gay-straight alliance in a Salt Lake City high school that is heavily dominated by Mormons, gay literary heritage that examines the works of Langston Hughes as well as Martin Duberman, Paul Monette, and Edmund White in relation to the lesbian 70s, creative nonfiction about a woman's love for another woman, her lifelong friend, Provincetown's remarkable community response to the AIDS epidemic, a collection of chapters written by the colleagues and former students of John P. De Cecco, pioneering editor of the *Journal of Homosexuality*. *A Sea of Stories* takes

its title from a phrase Dr De Cecco used in his keynote address to the History and Memory conference at Allegheny College in 1997 This conference sparked the idea for this collection of essays that examine the homosexual experience through historical psychological and sociological viewpoints and homosexuality in literature These courageous stories will assist readers to know themselves more deeply to identify with others and to interpret gay and lesbian experiences in different narrative forms
