Simplicity and Success Bruce Elkin, 2006-09-29 I would not give a fig for the simplicity this side of complexity but I would give my life for the simplicity on the other side of complexity Oliver Wendell Holmes Crafting a simple life would be easy if getting rid of stress and clutter was all that simplicity seekers sought but it isn't we also seek success We long to create results that matter in our lives work and relationships However by defining simplicity as a solution to life's stress and complexity many approaches point us toward relief rather than results Because relief is usually temporary we often oscillate between simplicity and success without realizing either At best the simplicity we achieve is the simplicity on this side of complexity
