Voices Of The Movement The Anti Elite Series Book :

The Changing Voice of the Anti-Abortion Movement Paul Saurette, Kelly Gordon, 2016-04-06 When journalists academics and politicians describe the North American anti abortion movement they often describe a campaign that is male dominated aggressive and even violent in its tactics religious in motivation anti women in tone and fetal centric in arguments and rhetoric Are they correct In *The Changing Voice of the Anti Abortion Movement* Paul Saurette and Kelly Gordon suggest that the reality is far more complicated particularly in Canada Today anti abortion activism increasingly presents itself as pro women using female spokespersons adopting medical and scientific language to claim that abortion harms women and employing a wide range of more subtle framing and narrative rhetorical tactics that use traditionally progressive themes to present the anti abortion position as more feminist than pro choice feminism Following a succinct but comprehensive overview of the two hundred year history of North American debate and legislation on abortion Saurette and Gordon present the results of their systematic five year quantitative and qualitative discourse analysis supplemented by extensive first person observations and outline the implications that flow from these findings Their discoveries are a challenge to our current assumptions about the abortion debate today and their conclusions will be compelling for both scholars and activists alike

Legacies of Enslavement in the French Republic Nicola Frith, 2025-05-06 *Legacies of Enslavement in the French Republic* explores the complex dynamics between social movements invested in remembering and addressing the legacies of African enslavement and the French State Exploring 25 years of activism from the build up to the 150th anniversary of the Abolition Act 1998 through to the present day the book Investigates strategies used by the French State to delink the recognition of France s enslaving past from contemporary issues with anti Black racism and reparation Asks why in the wake of the first Taubira law that recognized slavery as a crime against humanity 2001 the state has legitimized the work of certain activist groups while delegitimizing others Uses critical race theory and decolonial theory to examine the extent to which the State s approach to recognizing its past is structured by a colonial matrix of power Highlights and contests political and media misconceptions about reparations by showcasing the work of grassroots activists operating in France the Caribbean and the Indian Ocean In doing so *Legacies of Enslavement* showcases some of the key shifts that have taken place in the recent history of activist work operating in parallel with the successive metamorphoses of the French state as it responds to social and political pressure to recognize and repair the nation s enslaving past and its racial legacies today *Media, Internet, and Social Movements in Hong Kong* Carol P. Lai, Andrew Y. To, 2024-08-08 Focusing on the unique story of the recolonisation of Hong Kong since 2019 this book describes the environment of news gathering and publishing during this period and studies how this has connected to wider political economic and social changes *Media Internet and Social Movements in Hong Kong* considers the operation of the news media in this divided region to illuminate the unparalleled experience of the transfer of sovereignty of the territory from a liberal democracy to a semi authoritarian regime This book

examines key aspects of news production that constrain media freedom in the Hong Kong Special Administrative Region HKSAR including the routines and concrete cases of censorship exercised by state authorities self censorship by news organisations and the roles of the Chinese and HKSAR governments as key sources of news The authors also discuss the norms and values of journalists and citizens in Hong Kong as forces resisting control as well as the popular use of social media in mobilising anti government protests This compelling text will be of interest to students and scholars in the fields of journalism media and area studies particularly those focusing on Greater China and the Asia Pacific region *Constitutional Populism* Martin Krygier, Adam Czarnota, Wojciech Sadurski, 2022-03-31 Explores a range of anti constitutionalist populist regimes identifying and analysing their causes characteristics and consequences **African Research & Documentation**, 2006 **Media & Minorities** Stephanie Greco Larson, 2006 Media Minorities looks at the media's racial tendencies with an eye to identifying the system supportive messages conveyed and offering challenges to them The book covers all major media including television film newspapers radio magazines and the Internet and systematically analyzes their representation of the four largest minority groups in the U S African Americans Native Americans Latinos and Asian Americans Entertainment media are compared and contrasted with news media and special attention is devoted to coverage of social movements for racial justice and politicians of color **Voicing Girlhood in Popular Music** Jacqueline Warwick, Allison Adrian, 2016-06-10 This interdisciplinary volume explores the girl's voice and the construction of girlhood in contemporary popular music visiting girls as musicians activists and performers through topics that range from female vocal development during adolescence to girls online media culture While girls voices are more prominent than ever in popular music culture the specific sonic character of the young female voice is routinely denied authority Decades old clichés of girls as frivolous silly and deserving of contempt prevail in mainstream popular image and sound Nevertheless girls find ways to raise their voices and make themselves heard This volume explores the contemporary girl's voice to illuminate the way ideals of girlhood are historically specific and the way adults frame and construct girlhood to both valorize and vilify girls and women Interrogating popular music childhood and gender it analyzes the history of the all girl band from the Runaways to the present the changing anatomy of a girl's voice throughout adolescence girl's participatory culture via youtube and rock camps and representations of the girl's voice in other media like audiobooks film and television Essays consider girl performers like Jackie Evancho and Lorde and all girl bands like Sleater Kinney The Slits and Warpaint as well as performative girliness in the voices of female vocalists like Joni Mitchell Beyoncé Miley Cyrus Taylor Swift Kathleen Hanna and Rebecca Black Participating in girl studies within and beyond the field of music this book unites scholarly perspectives from disciplines such as musicology ethnomusicology comparative literature women's and gender studies media studies and education to investigate the importance of girls voices in popular music and to help unravel the complexities bound up in music and girlhood in the contemporary contexts of North America and the United Kingdom *Africana Critical Theory* Reiland

Rabaka,2009-01-16 Building on and going far beyond W E B Du Bois and the Problems of the Twenty First Century and Du Bois s Dialectics Reiland Rabaka s Africana Critical Theory innovatively identifies and analyzes continental and diasporan African contributions to classical and contemporary critical theory This book represents a climatic critical theoretical clincher that cogently demonstrates how Du Bois s rarely discussed dialectical thought interdisciplinarity intellectual history making radical political activism and world historical multiple liberation movement leadership helped to inaugurate a distinct Africana tradition of critical theory With chapters on W E B Du Bois C L R James Negritude Aime Cesaire and Leopold Senghor Frantz Fanon and Amilcar Cabral Africana Critical Theory endeavors to accessibly offer contemporary critical theorists an intellectual archaeology of the Africana tradition of critical theory and a much needed dialectical deconstruction and reconstruction of black radical politics These six seminal figures collective thought and texts clearly cuts across several disciplines and therefore closes the chasm between Africana Studies and critical theory constantly demanding that intellectuals not simply think deep thoughts develop new theories and theoretically support radical politics but be and constantly become political activists social organizers and cultural workers that is folk the Italian critical theorist Antonio Gramsci referred to as organic intellectuals In this sense then the series of studies gathered in Africana Critical Theory contribute not only to African Studies African American Studies Caribbean Studies Cultural Studies Gender Studies and Postcolonial Studies but also to contemporary critical theoretical discourse across an amazingly wide range of traditional disciplines and radical political activism outside of and in many instances absolutely against Europe s ivory towers and the absurdities of the American academe

The Other Founders Saul Cornell,2012-12-01 Fear of centralized authority is deeply rooted in American history The struggle over the U S Constitution in 1788 pitted the Federalists supporters of a stronger central government against the Anti Federalists the champions of a more localist vision of politics But argues Saul Cornell while the Federalists may have won the battle over ratification it is the ideas of the Anti Federalists that continue to define the soul of American politics While no Anti Federalist party emerged after ratification Anti Federalism continued to help define the limits of legitimate dissent within the American constitutional tradition for decades Anti Federalist ideas also exerted an important influence on Jeffersonianism and Jacksonianism Exploring the full range of Anti Federalist thought Cornell illustrates its continuing relevance in the politics of the early Republic A new look at the Anti Federalists is particularly timely given the recent revival of interest in this once neglected group notes Cornell Now widely reprinted Anti Federalist writings are increasingly quoted by legal scholars and cited in Supreme Court decisions clear proof that their authors are now counted among the ranks of America s founders

Dubois, Fanon, Cabral Charles F. Peterson,2007-01-01 DuBois Fanon Cabral is an examination of the overlap of culture class and political leadership in the Africana liberation struggle Focusing on the writings and activism of W E B DuBois Frantz Fanon and Amilcar Cabral this book explores the three theorists articulation of the relationship between acculturation and mass popular leadership among colonized elites in

the African diaspora Through the trans cultural and historic scope of the book Dr Charles F Peterson demonstrates how colonized elite leadership is a problematic to anti colonial movements Engaging in cross disciplinary approach Peterson analyzes the various voices perspectives and media through which this problem has been addressed DuBois Fanon Cabral is a captivating text that will stimulate discussion among academics and others interested in culture and politics in Africana studies

The Threshold of Dissent Marjorie Feld, 2024-05-07 The Threshold of Dissent A History of American Jewish Critics of Zionism reveals the deep and deeply contested century long history of anti Zionist and non Zionist American Jews who drew on the intellectual currents of the Reform movement the Yiddish left anti colonialism and Jewish feminism to voice profound concerns over mainstream Jewish leaders insistence on unqualified support for Jewish nationalism Zionism and Israel

The Making of a European Public Sphere Ruud Koopmans, Paul Statham, 2010-07-29 This book investigates an important source of the European Union s recent legitimacy problems It shows how European integration is debated in mass media and how this affects democratic inclusiveness Advancing integration implies a shift in power between governments parliaments and civil society Behind debates over Europe s democratic deficit is a deeper concern whether democratic politics can perform effectively under conditions of Europeanization and globalization This study is based on a wealth of unique data from seven European countries combining newspaper content analyses an innovative study of Internet communication structures and hundreds of interviews with leading political and media representatives across Europe It is by far the most far reaching and empirically grounded study on the Europeanization of media discourse and political contention to date and a must read for anyone interested in how European integration changes democratic politics and why European integration has become increasingly contested *Book Review Digest* , 2002

Kuwait and Al-Sabah Rivka Azoulay, 2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikhdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait s social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built

Moncrieffe, 2024-11-21 Cycling as never told before Nicholas Dlamini South African cycling champion Revolutionary Bradley Wiggins British Tour de France champion This is a call for a revolution by the global Black cycling community to reform the sport and for changing the way cycling is seen Despite the rise of anti racism in light of the Black Lives Matter movement professional cycling is still predominately a white and European centred sport Former international racing cyclist Marlon Lee Moncrieffe and author of the award winning *Desire Discrimination Determination Black Champions in Cycling* examines how the industry is tackling racism within the sport today Sharing his experiences and learnings from his journeys across the UK the USA and the African continent Moncrieffe brings together the voices of Black cycling cultures He speaks to Black elite and professional riders members of national cycling bodies commentators grassroots riders community leaders teachers and activists discovering how they are disrupting the sport's white led norms of power In response to his commentary and evidence Moncrieffe invites us to critically consider the past present and future of the sport What transformations if any towards equality in Black representation and empowerment are happening in the world of cycling and particularly in the highest realms of the sport What could be the potential force of Black cycling movements across the world converging as *New Black Cyclones* in reforming how the sport is seen and known **A Contest of Ideas** Nelson Lichtenstein, 2012-09-30

For more than thirty years Nelson Lichtenstein has deployed his scholarship on labor politics and social thought to chart the history and prospects of a progressive America *A Contest of Ideas* collects and updates many of Lichtenstein's most provocative and controversial essays and reviews These incisive writings link the fate of the labor movement to the transformations in the shape of world capitalism to the rise of the civil rights movement and to the activists and intellectuals who have played such important roles Tracing broad patterns of political thought Lichtenstein offers important perspectives on the relationship of labor and the state the tensions that sometimes exist between a culture of rights and the idea of

solidarity and the rise of conservatism in politics law and intellectual life The volume closes with portraits of five activist intellectuals whose work has been vital to the conflicts that engage the labor movement public policy and political culture

The People of This Generation Paul Lyons,2013-07-17 At the heart of the tumult that marked the 1960s was the unprecedented scale of student protest on university campuses around the world Identifying themselves as the New Left as distinguished from the Old Left socialists who engineered the historic labor protests of the 1930s these young idealists quickly became the voice and conscience of their generation The People of This Generation is the first comprehensive case study of the history of the New Left in a Northeast urban environment Paul Lyons examines how campus and community activists interacted with the urban political environment especially the pacifist Quaker tradition and the rising ethnic populism of police chief and later mayor Frank Rizzo Moving away from the memoirs and overviews that have dominated histories of the period Lyons uses this detailed metropolitan study as a prism for revealing the New Left s successes and failures and for gauging how the energy generated by local activism cultivated the allegiance of countless citizens Lyons explores why groups dominated by the Old Left had limited success in offering inspiration to a new generation driven by the civil rights movement and opposition to the Vietnam War The number and diversity of colleges in this unique metropolitan area allow for rich comparisons of distinctly different campus cultures and Lyons shows how both student demographics and institutional philosophies determined the pace and trajectory of radicalization Turning his attention off campus Lyons highlights the significance of the antiwar Philadelphia Resistance and the antiracist People for Human Rights Philadelphia s most significant New Left organizations revealing that the New Left was influenced by both its urban and campus milieus Combining in depth archival research rich personal anecdote insightful treatment of the ideals that propelled student radicalism and careful attention to the varied groups that nurtured it The People of This Generation offers a moving history of urban America during what was perhaps the most turbulent decade in living memory

Anti-Gender Politics in the Populist Moment Agnieszka Graff,Elżbieta Korolczuk,2021-09-15 This book charts the new phase of global struggles around gender equality and sexual democracy the ultraconservative mobilization against gender ideology and feminist efforts to counteract it It argues that anti gender campaigns which emerged around 2010 in Europe are not a simple continuation of the anti feminist backlash dating back to the 1970s but part of a new political configuration Opposition to gender has become a key element of the rise of right wing populism which successfully harnesses the anxiety shame and anger caused by neoliberalism and threatens to destroy liberal democracy Anti Gender Politics in the Populist Moment offers a novel conceptualization of the relationship between the ultraconservative anti gender movement and right wing populist parties examining the opportunistic synergy between these actors The authors map the anti gender campaigns as a global movement putting the Polish case in a comparative perspective They show that the anti gender rhetoric is best understood as a reactionary critique of neoliberalism as a socio cultural formation The book also studies the recent wave of feminist mass

mobilizations viewing the transnational revolt of women as a left populist movement This is an important study for those doing research in politics cultural studies gender and sexuality studies and sociology It will also be useful for activists and policy makers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
