Warriors On Living With Courage Discipline And Honor:

Warriors Loren W. Christensen, 2004-09-01 In recent years warrior has become a buzzword Most often it s used properly though sometimes its use is a stretch of the definition To seek out the true meaning of warrior and warriorhood Loren W Christensen retired cop war veteran high ranking martial artist and prolific author went to the source to those who live it The writers who contributed to this work are some of the finest warrior authors warrior trainers and warrior scholars today They have been there and done that Many have fought on the edge of death s yawning orifice survived and now teach others to do the same Some are still in the trenches Thirty seven experts tell what it s like to kill to sacrifice to train to fear and do what needs to be done Because that is what a warrior does **Warriors: Expanded and Updated Edition** Loren W.

Christensen, 2009-04-01 When he decided to compile *Warriors* in 2004 Loren W Christensen identified 37 of the finest warrior authors warrior trainers and warrior scholars around and asked them to tell in their own words what being a warrior meant to them The original contributors came from a diverse mix of fellow warriors from soldiers cops and SWAT officers to martial art masters to experts in the fields of workplace violence theology and school safety *Warriors* struck a chord among readers all over the country Reviewers praised the book for providing insight into why when something bad happens a few people the warriors among us run toward the danger while the majority of us run away Along with the praise Christensen also received recommendations for other warriors who should be included in the book So he decided to expand the book to include the following warriors Kit Cessna a retired U S Army officer who served with C Squadron Delta and 2nd Ranger Battalion and who was part of the SWAT response in New Orleans in the aftermath of Hurricane Katrina 1st Sgt Mark Deutsch who served in Operations Desert Storm Provide Comfort and Iraqi Freedom III during which he and his unit conducted more than 800 combat operations Mark Mireles a two time recipient of the Medal of Valor the highest award for bravery given by the Los Angeles Police Department Maj Matthew Hing a flight surgeon and Airborne infantry physician who currently is serving as the Task Force Eagle surgeon in Afghanistan Richard R McGovern Sr a combat veteran with both Operations Iraqi Freedom and Desert Storm Jennifer Fulford an officer with the Orange County Florida Sheriff s Department who was shot 10 times in the line of duty in 2004 while trying to protect a young child All these warriors speak candidly on what it s like to sacrifice to train to fear to protect even to kill to accomplish what needs to be done These warriors don t run and call 9 1 1 they are 9 1 1 *Unleashing the Power of Unconditional Respect* Jack Colwell, Charles Huth, 2010-06-16 Every

day police officers face challenges ranging from petty annoyances to the risk of death in the line of duty Coupled with these difficulties is in some cases lack of community respect for the officers despite the dangers these men and women confront while protecting the public Exploring issues of courage integrity leadership and charact **Strategic Guidance for Warriors** Pasquale De Marco, In the realm of Special Forces operations where precision stealth and unwavering determination reign supreme there exists a world of untold stories and unparalleled heroism *Strategic Guidance for Warriors*

unveils the secrets of this elite community providing an insider's perspective on the art and science of Special Forces warfare. Through a gripping narrative that blends historical accounts, real-life anecdotes, and expert insights, this book takes readers on a journey into the heart of Special Forces operations. It explores the rigorous training regimes that transform ordinary individuals into extraordinary warriors capable of operating in the most hostile and challenging environments. Readers will gain an in-depth understanding of the intricate planning and execution of Special Forces missions, from the initial reconnaissance to the final extraction. They will witness the mastery of stealth and deception techniques, the precise handling of weapons and equipment, and the unwavering resilience that enables these warriors to overcome seemingly insurmountable obstacles. Beyond the tactical prowess, *Strategic Guidance for Warriors* delves into the ethical considerations that govern Special Forces operations. It examines the complex moral dilemmas that arise in the heat of battle and the unwavering commitment to upholding the highest standards of conduct, even in the face of adversity. This book is not merely a chronicle of Special Forces exploits; it is a testament to the indomitable spirit of these exceptional warriors. It captures their unwavering dedication to their country, their unwavering loyalty to their comrades, and their unwavering pursuit of excellence in all that they do. Whether you are an aspiring Special Forces operator, a military enthusiast, or simply someone seeking a deeper understanding of the world's most elite fighting forces, *Strategic Guidance for Warriors* is an essential read. It is a tribute to the skill, courage, and sacrifice of these extraordinary individuals who stand ready to answer the call to duty, no matter the odds. If you like this book, write a review.

Stand Your Ground Caroline Light, 2017-02-14. A history of America's Stand Your Ground gun laws from Reconstruction to Trayvon Martin. After a young white gunman killed twenty-six people at Sandy Hook Elementary School in Newtown, Connecticut, in December 2012, conservative legislators lamented that the tragedy could have been avoided if the schoolteachers had been armed and the classrooms equipped with guns. Similar claims were repeated in the aftermath of other recent shootings: after nine were killed in a church in Charleston, South Carolina, and in the aftermath of the massacre in the Pulse nightclub in Orlando, Florida. Despite inevitable questions about gun control, there is a sharp increase in firearm sales in the wake of every mass shooting. Yet this kind of DIY security activism predates the contemporary gun rights movement, and even the stand your ground self-defense laws adopted in thirty-three states or the thirteen million civilians currently licensed to carry concealed firearms. As scholar Caroline Light proves, support for good guys with guns relies on the entrenched belief that certain bad guys with guns threaten us all. *Stand Your Ground* explores the development of the American right to self-defense and reveals how the original duty to retreat from threat was transformed into a selective right to kill. In her rigorous genealogy, Light traces white America's attachment to racialized lethal self-defense by unearthing its complex legal and social histories from the original castle laws of the 1600s, which gave white men the right to protect their homes, to the brutal lynching of criminal Black bodies during the Jim Crow era, and the radicalization of the NRA as it transitioned from a sporting organization to one of our country's most powerful

lobbying forces In this convincing treatise on the United States unprecedented ascension as the world s foremost stand your ground nation Light exposes a history hidden in plain sight showing how violent self defense has been legalized for the most privileged and used as a weapon against the most vulnerable
