The Sacred Project of American Sociology Christian Smith, 2014-07-03 Counter to popular perceptions contemporary American sociology is and promotes a profoundly sacred project at heart Sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project Sociology appears on the surface to be a secular scientific enterprise its founding fathers were mostly atheists Its basic operating premises are secular and naturalistic Sociologists today are disproportionately not religious compared to all Americans and often irreligious The Sacred Project of American Sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology s deepest level Christian Smith conducts a self reflexive tables turning cultural and institutional sociology of the profession of American sociology itself showing that this allegedly secular discipline ironically expresses Emile Durkheim s inescapable sacred exemplifies its own versions of Marxist false consciousness and generates a spirited reaction against Max Weber s melancholically observed disenchantment of the world American sociology does not escape the analytical net that it casts over the rest of the ordinary world Sociology itself is a part of that very human very social often very sacred and spiritual world And sociology s ironic mis recognition of its own sacred project leads to a variety of arguably self destructive and distorting tendencies This book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose

Controversies in Affirmative Action James A. Beckman, 2014-07-23 An engaging and eclectic collection of essays from leading scholars on the subject which looks at affirmative action past and present analyzes its efficacy its legacy and its role in the future of the

United States This comprehensive three volume set explores the ways the United States has interpreted affirmative action and probes the effects of the policy from the perspectives of economics law philosophy psychology sociology political science and race relations Expert contributors tackle a host of knotty issues ranging from the history of affirmative action to the theories underpinning it They show how affirmative action has been implemented over the years discuss its legality and constitutionality and speculate about its future Volume one traces the origin and evolution of affirmative action Volume two discusses modern applications and debates and volume three delves into such areas as international practices and critical race theory Standalone essays link cause and effect and past and present as they tackle intriguing and important questions When does affirmative action become reverse discrimination How many decades are too many for a temporary policy to remain in existence Does race or gender based affirmative action violate the equal protection of law guaranteed by the Fourteenth Amendment In raising such issues the work encourages readers to come to their own conclusions about the policy and its future application

The Psychology of Democracy Darren G. Lilleker, Billur Aslan Ozgul, 2021-09-08 What is a democracy Why do we form democratic systems Can democracy survive in an age of distrust and polarisation The Psychology of Democracy explains the psychological underpinnings behind why people engage with and participate in politics Covering the influence that political campaigns and media play the book analyses topical and real world political events including the Arab Spring Brexit Black Lives Matter the US 2020 elections and the Covid19 pandemic Lilleker and Ozgul take the reader on a journey to explore the cognitive processes at play when engaging with a political news item all the way through to taking to the streets to protest government policy and action In an age of post truth and populism The Psychology of Democracy shows us how a strong and healthy democracy depends upon the feelings and emotions of its citizens including trust belonging empowerment and representation as much as on electoral processes
