#### **Historical Dictionary of Horror Literature** Mark A.

Fabrizi, 2023-12-06 Stories of vampires, werewolves, zombies, witches, goblins, mummies, and other supernatural creatures have existed for time immemorial, and scary stories are among the earliest types of fiction ever recorded. *Historical Dictionary of Horror Literature* is an invaluable aid in studying horror literature, including influential authors, texts, terms, subgenres, and literary movements. This book contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 400 cross-referenced entries covering authors, subgenres, tropes, awards, organizations, and important terms related to horror. *Historical Dictionary of Horror Literature* is an excellent resource for students, researchers, and anyone wanting to know more about horror literature.

*Such a Dark Thing* M. Jess Peacock, 2015-02-05 Evil, death, demons, reanimation, and resurrection. While such topics are often reserved for the darker mindscapes of the vampire subgenre within popular culture, they are equally integral elements of religious history and belief. Despite the cultural shift of presenting vampires in a secular light, the traditional figure of the vampire within cinema and literature has a rich legacy of serving as a theological marker. Whether as a symbol of the allure of sin, as an apologetic for assorted religious icons, or as a gateway into a discussion of liberationist theology, the vampire has served as a spiritual touchstone from Bram Stoker's *Dracula* to Stephen King's *Salem's Lot* to the HBO television series *True Blood*. In *Such a Dark Thing*, Jess Peacock examines how the figure of the vampire is able to traverse and interconnect theology and academia within the larger popular culture in a compelling and engaging manner. The vampire straddles the ineffable chasm between life and death and speaks to the transcendent in all of us, tapping into our fundamental curiosity of what, if anything, exists beyond the mortal coil, giving us a glimpse into the interminable while maintaining a cultural currency that is never dead and buried.

#### **Vampires Are Us** Margot Adler, 2014-03-01

The author of *Drawing Down the Moon* offers a literate, imaginative, and just plain fascinating exploration of the enduring allure of vampires. Whitley Strieber, author of *The Hunger*, author and NPR correspondent Margot Adler found herself newly drawn to vampire novels while sitting vigil at her dying husband's bedside. Intrigued by the way this ever-evolving myth lets us contemplate mortality, she embarked on a years-long journey of reading hundreds of vampire novels from teen to adult, from gothic to modern, from detective to comic. She began to see just how each era creates the vampire it needs. *Dracula*, an Eastern European monster, was the perfect vehicle for 19th-century England's fear of outsiders and of disease seeping in.

through its large ports In 1960s America the television show *Dark Shadows* gave us the morally conflicted vampire struggling against his own predatory nature who still enthralls us today From Bram Stoker to Ann Rice from vampire detective thrillers to lesbian vampire fiction and from *Buffy the Vampire Slayer* to *Twilight* and *True Blood* Vampires Are Us explores the issues of power politics morality identity and even the fate of the planet that show up in vampire novels today Perhaps Adler suggests our blood is oil perhaps our prey is the planet Perhaps vampires are us *Fakes, Forgeries, and Fictions* Tony Burke, 2017-05-31 *Fakes Forgeries and Fictions* examines the possible motivations behind the production of apocryphal Christian texts Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings Did they do so in a way that is distinctly different from New Testament scriptural writings What would phrases like intended to deceive or true origins even mean in various historical and cultural contexts The papers in this volume presented in September 2015 at York University in Toronto discuss texts from as early as second century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth century *Life of Saint Issa* The highlights of the collection include a keynote address by Bart Ehrman *Apocryphal Forgeries The Logic of Literary Deceit* and a panel discussion on the Gospel of Jesus Wife reflecting on what reactions to this particular text primarily on biblioblogs can tell us about the creation transmission and reception of apocryphal Christian literature The eye opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts the challenges facing female scholars both in the academy and online and the shifting dynamics between online and traditional print scholarship **Practical Demonkeeping** Christopher Moore, 2009-03-17 In Christopher Moore's ingenious debut novel we meet one of the most memorably mismatched pairs in the annals of literature The good looking one is one hundred year old ex seminarian and roads scholar Travis O Hearn The green one is Catch a demon with a nasty habit of eating most of the people he meets Behind the fake Tudor facade of Pine Cove California Catch sees a four star buffet Travis on the other hand thinks he sees a way of ridding himself of his toothy traveling companion The winos neo pagans and deadbeat Lotharios of Pine Cove meanwhile have other ideas And none of them is quite prepared when all hell breaks loose *Serving Boys Through Readers' Advisory* Michael Sullivan, 2010 With an emphasis on non fiction and the boy friendly categories of genre fiction this book offers a wealth of material including tips for how to booktalk one on one as well as in large groups methods of performing indirect readers advisory with parents or teachers and suggested read alikes as well as titles to offer a boy in place of a book he did not like or would not read Page 4 of cover **The Mammoth Book of Best New Horror**, 2008
