Postfeminism in Context Margaret Henderson, Anthea Taylor, 2019-10-21 Postfeminism in Context studies the representation of women in Australian popular culture over the past three decades to locate postfeminism in a specific time and place Margaret Henderson and Anthea Taylor argue that postfeminism as a critical term has been too often deployed in ways that fail to account for historical and cultural specificity This book analyses Australian popular culture chick lit novels dramedy television shows women's magazines YouTube beauty vlogs self-help manuals and newspapers to reveal the tensions contradictions and ambiguities that have always been constitutive of postfeminism including in Australia Examining how these popular forms intervene in dominant conversations about contemporary Australian femininities Postfeminism in Context maps the ways in which various aspects of Australia's history and national identity have shaped its postfeminism While Henderson and Taylor identify some of the limited postfeminist tropes and patterns of representation evident in comparable locales they also find that Australian popular culture has responded to feminism in a much more hopeful way Adding some much needed cultural specificity to the ongoing debate around this loaded term Postfeminism in

Context is essential reading for those interested in Australian popular culture feminism and the gendered politics of representation

MTV and Teen Pregnancy Letizia Guglielmo, 2013-05-30 In 2009 16 and Pregnant premiered on MTV closely followed by the spinoffs Teen Mom and Teen Mom 2 Because of their controversial portrayals of teenage mothers the shows have received ongoing media attention While some argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women's studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves
