Thee Truth Bonga Makholwa, 2015-06-15 The truth is that there is something within you that is not in harmony with what you believe Your will is not in harmony with what should be There is something within you that sees the world and knows that these answers are not leading to what actually should be All through life you have chosen to look at the world as you are and what your circumstances told you You never took time to look at it as it is and at its true nature for I tell you the painful truth life is really simple but you insist on complicating it For a long time you have listened to outside noises and ignored the voice inside you You have forgotten the person you were before the world told you who you are for I say to you take a look at the world closely Now see what I see feel what I feel understand what I understand and perceive what I perceive According to religion 99 percent are going to heaven According to the Son of Man a mere 1 percent is going to hell For I tell you the truth not all you have been told is what truly is for some people have been fooled most of this time but I tell you the truth not all of the people can be fooled all of the time For a long time you have searched for the door to the truth only to realize that you had the key all along for I tell you the truth you are what you think not what you think you are Think about it Now think about it

Leave Worries Live Happily Baldev Bhatia, 2019-05-24 Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards Be positive be strong be bold and be courageous you are sure to find the feeling of happiness within you Even if we are having a bad day think of some good things that may come our way either later that day tomorrow next week or next moment When everything seems to be beyond our control it s almost too easy for us to slip into the grasp of negativity and unhappiness To avoid sadness we must strive to abolish this sort of thinking through the power of thinking positively and generate the feeling of happiness within The art of sweet living is not a complicated kind of art difficult to learn rather a simple art of happy living feeling well eating well and thinking well What we need to do is just to tune up our mind to enjoy every moment of life and let the sweet happiness follow us This is something that needs to be looked into thoroughly We need to focus on the positive aspects of lives rather than on the negative setbacks and enjoy every moment of life happily and merrily Enjoy your life with cheerful talks Be happy and cheerful We must remember that happy living is the reward of sweet and positive thinking
