Volume I. 1905–1920* Александр Алехин,2018-06-27 The fourth world champion Alexander Alekhine has gone down in history not only as the winner of numerous tournaments and matches and the creator of hundreds of chess masterpieces He is also rightly regarded as one of the most outstanding analysts of all time Alekhine s annotations are distinguished by their depth and objectivity and a clear explanation of the ideas inherent in a position In this edition for the first time ALL Alekhine s games with his own annotations have been compiled At present many of them can be found only in old magazines and some have not previously been published in English In the editorial notes the achievements of modern computer analysis have been incorporated *Alekhine Defense. A Complete Guide* Николай Калиниченко,Максим Четверик,2018-06-27 Alekhine Defense is a bold choice for Black challenging the classical chess rules from the very beginning of the game yet proving itself to be a flexible system Black can choose to head for mind boggling complications or carefully manoeuvre within the 6th to 8th ranks waiting for the right time to strike out at the center Although once a favorite of Bobby Fischer and occasionally played by Magnus Carlsen the lack of Alekhine Defense games at the level of elite Grandmasters today means that many lines and ideas remain untested in practice As a result this opening leads to lively often open positions with chances for both sides With 1 Nf6 Black signals that he is playing to win This book consisting of 16 parts and 87 chapters not only covers the traditional Alekhine lines but also takes a comprehensive look at variations rooted firmly in the 21st century Moreover thanks to the use of modern technology and the authors deep analysis the evaluations of many well known lines have been revised The authors have strived to write a lively work which is useful for both players with high ELO ratings and club players Chess For Beginners I.
