Zen Commentaries On The Lotus Sutra:

Original Nature Sokei-An Sasaki, 2012 Original Nature is the historic translation and commentary on the Platform Sutra of the Sixth Patriarch of Chinese Zen by America's first Zen Master Sokei-an Sasaki 1882-1945. Finally available 75 years after its completion, Sokei-an considered the Sixth Patriarch's message an essential foundation for the transmission of Zen to America. I think the Sixth Patriarch never dreamed that his record would be explained to Westerners in New York. I feel that I am in a valley between huge mountains and that the ancient simple-minded woodcutters, fisherman monks and nuns who are living in the mountains have come to the place where they always make their gatherings and that I am one of them now.

Visions of Awakening Space and Time Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation, Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism. Indeed, says Taigen Dan Leighton, Zen cannot be fully understood outside of a worldview that sees reality itself as a vital, dynamic agent of awareness and healing. In this book, Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200-1253, considered the founder of the Japanese Soto Zen tradition, which currently enjoys increasing popularity in the West. The Lotus Sutra, arguably the most important Buddhist scripture in East Asia, contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future. The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span. Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers, including Daosheng, Zhiyi, Zhanran, Saigyō, Myōe, Nichiren, Hakuin, and Ryōkan. But his main focus is Eihei Dogen, the 13th-century Japanese Soto Zen founder who imported Zen from China and whose profuse, provocative and poetic writings are important to the modern expansion of Buddhism to the West. Dogen's use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching, and his interpretations of this story furthermore reveal his dynamic worldview of the earth, space and time themselves as vital agents of spiritual awakening. Leighton argues that Dogen uses the images and metaphors in this story to express his own religious worldview in which earth, space and time are lively agents in the bodhisattva project. Broader awareness of Dogen's worldview and its implications, says Leighton, can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices.

The Sutra of Hui-neng, Grand Master of Zen Thomas Cleary, 1998-09-14 Hui-neng 638-713 is perhaps the most beloved and respected figure in Zen Buddhism. An illiterate woodcutter who attained enlightenment in a flash, he became the Sixth Patriarch of Chinese Zen and is regarded as the founder of the Sudden Enlightenment school. He is the supreme exemplar of the fact that neither education nor social background has any bearing on the attainment of enlightenment. This collection of his talks, also known as the Platform or Altar Sutra, is the only Zen record of its kind to be generally honored with the appellation sutra or scripture. The Sutra of Hui-neng is here accompanied by Hui-neng's verse-by-verse commentary on the Diamond Sutra in its

Imperial Way Zen Kodo Zen Its foremost critic was priest professor and activist Ichikawa Hakugen 1902 1986 who spent the decades following Japan s surrender almost single handedly chronicling Zen s support of Japan s imperialist regime and pressing the issue of Buddhist war responsibility Ichikawa focused his critique on the Zen approach to religious liberation the political ramifications of Buddhist metaphysical constructs the traditional collaboration between Buddhism and governments in East Asia the philosophical system of Nishida Kitaro 1876 1945 and the vestiges of State Shinto in postwar Japan Despite the importance of Ichikawa s writings this volume is the first by any scholar to outline his critique In addition to detailing the actions and ideology of Imperial Way Zen and Ichikawa s ripostes to them Christopher Ives offers his own reflections on Buddhist ethics in light of the phenomenon He devotes chapters to outlining Buddhist nationalism from the 1868 Meiji Restoration to 1945 and summarizing Ichikawa s arguments about the causes of Imperial Way Zen After assessing Brian Victoria s claim that Imperial Way Zen was caused by the traditional connection between Zen and the samurai Ives presents his own argument that Imperial Way Zen can best be understood as a modern instance of Buddhism s traditional role as protector of the realm Turning to postwar Japan Ives examines the extent to which Zen leaders have reflected on their wartime political stances and started to construct a critical Zen social ethic Finally he considers the resources Zen might offer its contemporary leaders as they pursue what they themselves have identified as a pressing task ensuring that henceforth Zen will avoid becoming embroiled in international adventurism and instead dedicate itself to the promotion of peace and human rights Lucid and balanced in its methodology and well grounded in textual analysis Imperial Way Zen will attract scholars students and others interested in Buddhism ethics Zen practice and the cooptation of religion in the service of violence and imperialism
