Barefoot Zen Nathan J Johnson, 2000-11-15 Most books about Kung Fu or Karate deal with techniques or history Few examine the underlying purpose of these arts or approach them as a tool for spiritual rather than physical development Barefoot Zen is a brave new approach to the martial arts which clearly demonstrates that the traditional movements of both Kung Fu and Karate contained in the solo choreographed sequences of movements known as forms or kata grew out of the spiritual practices of the Shaolin order of Buddhist monks and nuns Nathan Johnson explains that this mystical and non violent teaching is a profound and beautiful expression of Chan Zen Buddhism and its pursuit of wisdom peace and enlightenment Contrary to popular assumption he contends that it was never intended to be an actual means of self defense Barefoot Zen bridges the gap between Kung Fu and Karate and reveals their common origin through the disclosure of vital research material on three of the world's most important Karate kata Part I explains the spiritual disciplines that contributed to what we know as the martial arts Part II explains the creation of the art along with practical instruction for performing kata Part III explains the formation of many of the world's Kung Fu styles We learn that the original empty hand art was used as a method of kinetic meditation between pairs and was designed as a practical tool to assist practitioners in transcending the fear and insecurity of everyday living Barefoot Zen makes the legacy of the Shaolin way accessible to all releasing the art from the clutches of popular images and painful concerns about self defense The legendary courage of the Shaolin Chan Zen order was not developed by fighting with enemies but by not fighting The Shaolin teaching was designed to free us from fear the only true enemy

The Master's Manual Edward Orem, 2012-12-13 For instructors of non sport martial training this Sifu or Sensei s handbook offers a seed repository of 340 duanda chuan or Short Fist techniques against specific aggressions The techniques are detailed step by step verbally no photos are used nor should they be necessary for the experienced teacher The thinking instructor will appreciate the possibilities of this well organized curriculum Extremely aggressive and terminal techniques are detailed step by step This is not self defense material that is not its genesis and it is patently inappropriate for those who do not train seriously The techniques present combinations of throws locks breaks holds chops kicks punches and other strikes arranged in 11 levels of belt ranks up to 5th Black as presently used in the Shaolin Chuan Fa Kenpo system The first four levels White Blue 2nd Degree Green 1st Degree Green concentrate on dealing with how to deal with holds and locks and leave the assailant down and out in the process Although some time is spent on defending against fist and leg attacks not until the following two levels 3rd Brown and 2nd Brown will such challenges be studied The seventh and eighth belt levels 1st Brown and 1st Degree Black then concentrate almost exclusively on resolving multiple opponent and weapon attacks And finally the defense curriculum of the last three belts 2nd through 4th Black elicits longer and more complex responses drawing on the incremented training of the previous levels These maneuvers insist on development of the capacity for fluid adaptation according to circumstance practitioner and opponent Adaptability and resourcefulness are sought not robotic responses The idea here is to place the onus of responsibility directly on the practitioner where it belongs Each technique will easily suggest 10 optional and equally effective maneuvers That s what I mean by saying these are seeds There has been a deliberate attempt in the Manual s layout to allow room for you to leave tracks as you modify these seminal suggestions PRIME PRINCIPLE maximize body mind power Chuan Fa Kenpo is a combat orientated method developed with one purpose

in mind destroying the enemy Based on close range fighting techniques maneuvers and strategies it specializes in combining whole body power into a central path The style functions at all angles and distances however due to its striking methodology maximum power is reached through short range attacks **Martial Arts of the Orient** Peter Lewis,1993 *Japan's Complete Fighting System Shin Kage Ryu* Robin L. Rielly,2011-12-20 Master the extremely effective but relatively unknown Shin Kage Ryu jiu jitsu with this illustrated martial arts book Shin Kage Ryu jiu jitsu has existed as a fighting system for over two hundred years and the literal meaning of the three characters is spirit shadow way Originating in Japan and influenced by Okinawan fighting systems the art has evolved into one that incorporates karate like kicks punches and strikes as well as the throwing grappling and joint techniques of judo Thus Shin Kage Ryu is a complete fighting system one that combines the best elements of karate with those of jujutsu The unique mix of disciplines in Shin Kage Ryu makes it possible to fight with an opponent in an upright position and if necessary take him to the ground and score a victory by grappling or choking Students are also taught extensive attack and defense techniques with both the sword and knife **Nei Jia Quan, Second Edition** Jess O'Brien,2007 Seventeen teachers of tai ji quan xing yi quan and ba gua zhang present perspectives on the philosophy history and training methods of the internal martial arts The revised edition contains four new teacher profiles and artwork Provided by publisher
