Cosmos, Self, and History in Baniwa Religion Robin Wright, 1998-01-01 The Baniwa Indians of the Northwest Amazon have engaged in millenarian movements since at least the middle of the nineteenth century The defining characteristic of these movements is usually a prophecy of the end of this present world and the restoration of the primordial utopian world of creation This prophetic message delivered by powerful shamans has its roots in Baniwa myths of origin and creation In this ethnography of Baniwa religion Robin M Wright explores the myths of creation and how they have been embodied in religious movements and social action particularly in a widespread conversion to evangelical Christianity He opens with a discussion of cosmogony cosmology and shamanism and then goes on to explain how Baniwa origin myths have played an active role in shaping both personal and community identity and history He also explores the concepts of death and eschatology and shows how the mythology of destruction and renewal in Baniwa religion has made the Baniwa people receptive to both Catholic and Protestant missionaries
