The Sociological Souls of Black Folk W. E. Burghardt Du Bois, Robert A. Wortham, 2011-08-16 *The Souls of Black Folk* is W E B Du Bois most famous work While the work is often viewed as a classic in African American literature and the history of the African American experience the sociological significance of the work has been understated In his initial discussions with the book's original publisher Du Bois desired to prepare a volume that would showcase his ongoing sociological work on the Negro problems While many editions of Du Bois classic text have appeared no edition has focused primarily on the eight previously published essays in their original form and chronological order This fact alone makes *The Sociological Souls of Black Folk* unique An introductory essay by the volume's editor Robert Wortham highlights the sociological significance of the original essays by addressing such themes as the concept of the self the social construction of the African American experience and racial inequality Eight additional essays originally published between 1897 and 1900 are added by the editor in a second section These additional sociological essays focus on African American entrepreneurship crime race relations liberal arts education the Black Church's function within the African American community and the quality of African American life in the Southern Black Belt The essays included in *The Sociological Souls of Black Folk* provide the reader with an opportunity to gain a greater appreciation for Du Bois early sociological work and recognize that Du Bois was indeed one of the pioneering figures in the development of sociology in the United States **The New Abolition** Gary J.

Metaphors and Analogies in Sciences and Humanities Shyam Wuppuluri, A. C. Grayling, 2022-05-30 In this highly interdisciplinary volume we systematically study the role of metaphors and analogies in misshaping our understanding of the world Metaphors and Analogies occupy a prominent place in scientific discourses as they do in literature humanities and at the very level of our thinking itself But when misused they can lead us astray blinding our understanding inexorably How can metaphors aid us in our understanding of the world What role do they play in our scientific discourses and in humanities How do they help us understand and skillfully deal with our complex socio-political scenarios Where is the dividing line between their use and abuse Join us as we explore some of these questions in this volume Twelve Years a Slave (First International Student Edition) (Norton Critical Editions) Solomon Northup, 2016-12-15 This Norton Critical Edition of Solomon Northup's harrowing autobiography is based on the 1853 first edition It is accompanied by Henry Louis Gates Jr and Kevin Burke's introduction and detailed explanatory footnotes The Norton Critical Edition also includes The illustrations printed in the original book Contemporary sources 1853-62 among them newspaper accounts of Northup's kidnapping and ordeal and commentary by Frederick Douglass Harriet Beecher Stowe and Thomas W MacMahon A Genealogy of Secondary Sources 1880-2015 presenting twenty-four voices spanning three centuries on the memoir's major themes Contributors include George Washington Williams Marion Wilson Starling Kenneth Stampp Robert B Stepto Trish Loughran and David Fiske Clifford W Brown Jr and Rachel Seligman among others The 2013 film adaptation 12 Years a Slave fully considered with criticism and major reviews of the film as well as Henry Louis Gates's three interviews with its director Steve McQueen A Chronology and Selected Bibliography **Along the Streets of Bronzeville** Elizabeth Schroeder Schlabach, 2012-09-15 Along the Streets of Bronzeville examines the flowering of African American creativity activism and scholarship in the South Side Chicago district known as Bronzeville during the period between the Harlem Renaissance in the 1920s and the Black Arts Movement of the 1960s Poverty-stricken segregated and bursting at the seams with migrants Bronzeville was the community that provided inspiration training and work for an entire generation of diversely talented African American authors and artists who came of age during the years between the two world wars In this significant recovery project Elizabeth Schroeder Schlabach investigates the institutions and streetscapes of Black Chicago that fueled an entire literary and artistic movement She argues that African American authors and artists such as Gwendolyn Brooks Richard Wright Langston Hughes painter Archibald Motley and many others viewed and presented black reality from a specific geographic vantage point the view along the streets of Bronzeville Schlabach explores how the particular rhythms and scenes of daily life in Bronzeville locations such as the State Street Stroll district or the bustling intersection of 47th Street and South Parkway figured into the creative works and experiences of the artists and writers of the Black Chicago Renaissance She also covers in detail the South Side Community Art Center and the South Side Writers Group two institutions of art and literature that

engendered a unique aesthetic consciousness and political ideology for which the Black Chicago Renaissance would garner much fame. Life in Bronzeville also involved economic hardship and social injustice themes that resonated throughout the flourishing arts scene. Schlabach explores Bronzeville's harsh living conditions exemplified in the cramped one-bedroom kitchenette apartments that housed many of the migrants drawn to the city's promises of opportunity and freedom. Many struggled with the precariousness of urban life, and Schlabach shows how the once vibrant neighborhood eventually succumbed to the pressures of segregation and economic disparity. Providing a virtual tour of South Side African American urban life at street level, *Along the Streets of Bronzeville* charts the complex interplay and intersection of race, geography, and cultural criticism during the Black Chicago Renaissance's rise and fall.

Teaching African American Religions Carolyn M. Jones, Theodore Louis Trost, 2005-07-14 The variety and complexity of its traditions make African American religion one of the most difficult topics in religious studies to teach to undergraduates. The sheer scope of the material to be covered is daunting to instructors, many of whom are not experts in African American religious traditions but are called upon to include material on African American religion in courses on American Religious History or the History of Christianity. Also, the unfamiliarity of the subject matter to the vast majority of students makes it difficult to achieve any depth in the brief time allotted in the survey courses where it is usually first encountered. The essays in this volume will supply functional, innovative ways to teach African American religious traditions in a variety of settings.

Undercover Asian Leilani Nishime, 2014-01-30 In this first book-length study of media images of multiracial Asian Americans, Leilani Nishime traces the codes that alternatively enable and prevent audiences from recognizing the multiracial status of Asian Americans. Nishime's perceptive readings of popular media—movies, television shows, magazine articles, and artwork—indicate how and why the viewing public often fails to identify multiracial Asian Americans. Using actor Keanu Reeves and the *Matrix* trilogy golfer Tiger Woods as examples, Nishime suggests that this failure is tied to gender, sexuality, and post-racial politics. Also considering alternative images such as reality TV star Kimora Lee Simmons, the television show *Battlestar Galactica*, and the artwork of Kip Fulbeck, this incisive study offers nuanced interpretations that open the door to a new and productive understanding of race in America.
