

Modern Critical

INTERPRETATIONS

Edited and with an Introduction by HAROLD BLOOM

Ernest Hemingway's **The Sun Also Rises**

The Sun Also Rises Blooms Modern Critical Interpretations

Harold Bloom

The Sun Also Rises Blooms Modern Critical Interpretations:

Ernest Hemingway's The Sun Also Rises Harold Bloom, 1987 A collection of eleven critical essays on Hemingway's novel *The Sun Also Rises* arranged in chronological order of publication *The Cambridge Companion to Hemingway* Scott Donaldson, 1996-01-26 A comprehensive introduction to Hemingway and his works **The Critical Reception of**

Hemingway's The Sun Also Rises Peter L. Hays, 2011 This History of the criticism of *The Sun Also Rises* shows not only how Hemingway's first major novel was received over the decades but also how different critical modes have dominated different decades and what besides tenure critics of different eras looked for in it As such it shows what has interested critics how they have reinterpreted the novel and how they have seen the characters playing different roles Thus the novel becomes a mirror reflecting not only Paris and Spain in 1925 but us

Hard-boiled Masculinities Christopher Breu, 2005 The persona of the American male in the period between the two world wars was characterized by physical strength emotional detachment aggressive behavior and an amoral worldview This ideal of a hard boiled masculinity can be seen in the pages and even more vividly on the covers of magazines such as *Black Mask* which shifted from Victorian influenced depictions of men in top hats and mustaches in the early 1920s to the portrayal of much more overtly violent and muscular men Looking closely at this transformation Christopher Breu offers a complex account of how and why hard boiled masculinity emerged during an unsettled time of increased urbanization and tenuous peace and traces the changes in its cultural conception as it moved back and forth across the divide between high and low culture as well as the color line that bifurcated American society Examining the work of Ernest Hemingway Dashiell Hammett Chester Himes and William Faulkner as well as many lesser known writers for the hypermasculine pulp magazines of the 1920s and 1930s Breu illustrates how the tough male was a product of cultural fantasy one that shored up gender and racial stereotypes as a way of lashing out at the destabilizing effects of capitalism and social transformation Christopher Breu is assistant professor of English at Illinois State University

Emerson's Essays Harold Bloom, 2006 Ralph Waldo Emerson 1803-1882 was the most influential American writer of the nineteenth century Poets such as Walt Whitman Emily Dickinson Robert Frost and Wallace Stevens descend from Emerson as do thinkers such as John Dewey and William James This volume of critical interpretations focuses on Emerson's *Essays First Series* 1841 and *Essays Second Series* 1844 which encompass some of his most important works *History Self Reliance Circles The Poet and Experience* among others These essays exemplify Emerson's distinctively rich prose and his radical affirmation of the strength of the individual The analyses and appreciations collected here place Emerson's essays in the context of literary and intellectual history grapple with the implications of his epigrams and tropes and link his shifts of perspective and tone to the changes in Emerson's life Together they illuminate the complexity and scope of the seminal works of America's most influential writer and thinker Book jacket *Fifty Years of Hemingway Criticism* Peter L. Hays, 2013-11-07 A master of short story novel and nonfiction prose Ernest Hemingway has been the subject of countless books articles and biographies

The Nobel prize winning author and his work continue to interest academics whose studies of his personal life are frequently intertwined with examinations of his writing In *Fifty Years of Hemingway Criticism* noted scholar Peter L Hays has assembled a career spanning collection of essays that explore the many facets of Hemingway his life his contemporaries and his creative output Although Hays has published on other writers Hemingway has been his main research interest and this selection constitutes five decades of criticism Arranged by subject matter these essays focus on the novels *The Sun Also Rises* *A Farewell to Arms* *For Whom the Bell Tolls* and *The Old Man and the Sea* as well as the short stories *The Undefeated* *The Killers* *Soldier's Home* and *A Clean Well Lighted Place* Other chapters explore Hemingway's relationship with F Scott Fitzgerald teaching Hemingway in the classroom and comparing Hemingway's work to writers such as Eugene O'Neill Ford Madox Ford and William Faulkner When first published some of these essays offered original views and insights that have since become standard interpretations making them invaluable to readers Easily accessible by both general readers and academic scholars *Fifty Years of Hemingway Criticism* is an essential collection on one of America's greatest writers

The Jew in the American War Novel Ohad Reznick, 2025-03-31 This is the first book of its kind to provide an analysis of the representation of Jews in American war novels throughout the long twentieth century This study delineates the intricate relationship between Jews and wars Are Jews depicted as draft dodgers or heroes in American war fiction How do Jewish soldiers cope with anti-Semitism in war novels Do Jewish women contribute to the war effort Addressing these questions among others this book analyzes texts some of which have been overlooked by critics and some by well known authors such as Ernest Hemingway and Philip Roth in order to trace the changes in the perception of Jews in relation to war Scrutinizing themes such as blood and masculinity *The Jew in the American War Novel* argues that the depiction of the Jew is characterized by progression and then regression in war novels published shortly after WWI non-Jews see Jews as draft evaders who lack masculinity After WWII Jews began to be seen as contributing to the warfare However toward the end of twentieth century reflecting the reemergence of prevalent anti-Semitism Jews are once again seen as disloyal resulting in a clash between the sense of Jewish and American identities

Richard Wright's Black Boy Harold Bloom, 2006 One of America's great African American writers Richard Wright achieved critical and popular acclaim with the publication of *Native Son* a novel and *Black Boy* an autobiography Blurring the boundaries between fact and fiction *Black Boy* vividly depicts Wright's journey from a child growing up in the South during the time of Jim Crow segregation laws through his creative and imaginative development as a writer and intellectual *Black Boy* is both a unique autobiography and a racial discourse chronicling Wright's continual fight against prejudice and racism as well as his quest for self-liberation Against significant odds Wright became America's first best-selling black author and *Black Boy* became an American classic Its enduring story documents what it means to be a black man a southerner and a writer in the United States Book jacket

Reading *The Sun Also Rises* Marc D. Baldwin, 1996 *The Sun Also Rises* has endured a variety of readings but few have

investigated its potential as a product and reflection of the prevailing socio economic landscape This book examines the novel as a political and cultural artifact Ernest Hemingway s self avowed suggestive method allowed him to imply what could be explicitly stated only at the risk of diminishing his art Furthermore this language of silences and absences often represses contradictions between the narrator s expressed code and his actions

Firsthand Keith Gandal,2024-07-23 Firsthand is an exploration both suspenseful and comic of the creative process in research writing The book takes the reader through the ins and outs of a specific research journey from combing through libraries and archives to the intellectual challenges involved with processing information that contradicts established ideas More fundamentally it addresses the somewhat mysterious portion of the intellectual process the creative and serendipitous aspects involved in arriving at a fruitful research question in the first place Keith Gandal combines this scholarly detective story with a comic personal narrative about how a midlife crisis accidentally sent him on a journey to write a research monograph that many in his profession including at times himself were dubious about While researching how Hemingway Fitzgerald and Faulkner faced their forgotten crises of masculinity Gandal discovers that his own crisis is instrumental to his creative process Incorporating stories from Gandal s comic romp through the hyper competitive world of middle aged men s tennis adopting pitbulls and discussing Michel Foucault Firsthand gives readers an inside look at how to acquire accurate knowledge about the world about history and about oneself

War Isn't the Only Hell Keith Gandal,2018-04-16 A vigorous reappraisal of American literature inspired by the First World War American World War I literature has long been interpreted as an alienated outcry against modern warfare and government propaganda This prevailing reading ignores the US army s unprecedented attempt during World War I to assign men except notoriously African Americans to positions and ranks based on merit And it misses the fact that the culture granted masculinity only to combatants while the noncombatant majority of doughboys experienced a different alienation that of shame Drawing on military archives current research by social military historians and his own readings of thirteen major writers Keith Gandal seeks to put American literature written after the Great War in its proper context as a response to the shocks of war and meritocracy The supposedly antiwar texts of noncombatant Lost Generation authors Dos Passos Hemingway Fitzgerald Cummings and Faulkner addressed often in coded ways the noncombatant failure to measure up Gandal also examines combat soldier writers William March Thomas Boyd Laurence Stallings and Hervey Allen Their works are considered straight forward antiwar narratives but they are in addition shaped by experiences of meritocratic recognition especially meaningful for socially disadvantaged men Gandal furthermore contextualizes the sole World War I novel by an African American veteran Victor Daly revealing a complex experience of both army discrimination and empowerment among the French Finally Gandal explores three women writers Katherine Anne Porter Willa Cather and Ellen La Motte who saw the war create frontline opportunities for women while allowing them to be arbiters of masculinity at home Ultimately War Isn't the Only Hell shows how American World War I literature registered the profound ways in which new military practices and a

foreign war unsettled traditional American hierarchies of class ethnicity gender and even race **Jane Austen's Emma** Harold Bloom,2010 Presents a collection of interpretations of Jane Austen s novel Emma Hemingway, Style, and the Art of Emotion David Wyatt,2015-09-15 In Hemingway Style and the Art of Emotion David Wyatt shows that the work of Ernest Hemingway is marked more by vulnerability and deep feeling than by the stoic composure and ironic remove for which it is widely known This major reassessment of the shape of Hemingway s career recovers the soul of the author s work revealing him as a multifaceted writer rather than a cold static icon Wyatt claims that Hemingway s famous early style does not embrace emotional reticence but works instead to measure the cost of keeping thoughts and feelings under the surface By the early 1930s Hemingway also turned away from the art of the omitted and began to develop a vision and style more accommodating of the awkwardness and embarrassments of everyday life Relying on a thorough knowledge of the vast archive Hemingway left behind at his death this book shows Hemingway as a thoroughly complex and transmutable figure

Miguel de Cervantes's Don Quixote Harold Bloom, Sterling Professor of Humanities Harold Bloom,2010 Arguably the most influential work to emerge from Spain s Golden Age Don Quixote laid the groundwork for the Western literary canon and remains one of its major achievements **Mary Shelley's Frankenstein** Harold Bloom,2013-09 Perhaps best

recognized for the horror films it has spawned Frankenstein written by 19 year old Mary Shelley was first published in 1818 Frankenstein warns against the irresponsible use of science and technology and makes readers reconsider who the world s monsters really are and how society contributes to creating them Ideal for research or general interest this resource furnishes students with a collection of the most insightful critical essays available on this Gothic thriller selected from a variety of literary sources **Beowulf** Harold Bloom,2007 Presents eleven critical essays that analyze the structure myth and history of the Old English epic poem depicting the heroic deeds of Beowulf a member of a Germanic tribe who travels to Denmark to help defeat a monster named Grendel Arthur Miller's Death of a Salesman Harold Bloom,2006 A critical

overview of the Pulitzer Prize winning play features the writings of Christopher Bigsby Frank Ardolino Terry Otten and other scholars **T.S. Eliot's The Waste Land** Harold Bloom,2007 A collection of essays analyzing Eliot s The waste land including a chronology of his works and life

Sophocles' Oedipus Rex Harold Bloom,2006 A critical guide to Oedipus rex Sophocles Greek tragedy which addresses questions about the power of fate **Charlotte Bronte's Jane Eyre** Harold Bloom,2006 Presents a collection of nine critical essays about the novel Jane Eyre by Charlotte Bronte
