

The image shows the front cover of a 'Game of Thrones' pop-up book. The cover is dark brown with a textured, leather-like appearance. At the top, there are three circular medallions: a red one on the left, a gold one with a red star in the center, and a gold one on the right. Below these is a central arched window showing a landscape. The title 'GAME OF THRONES' is printed in a large, white, serif font across the middle. Below the title is another arched window showing a landscape. At the bottom, there are three circular medallions: a silver one on the left, a gold one with a red star in the center, and a gold one on the right. The text 'UN GUA POP-UP DE WESTEROS' is printed in a small, white, sans-serif font on the right side of the bottom section.

Barack Obama & His Inspiring Speeches Vol. 9 Obehi Ewanfoh, Are you ready to unlock the secrets of powerful public speaking Dive into the captivating world of oratory excellence with Barack Obama it s a transformative guide to mastering the art of public speaking Learn from a true master as you absorb the wisdom charisma and communication skills that propelled Barack Obama to inspire millions **Science, Technology and Magic in The Witcher** Kristine

Larsen,2023-02-13 As Andrzej Sapkowski was fleshing out his character Geralt of Rivia for a writing contest he did not set out to write a science textbook or even a work of science fiction However the world that Sapkowski created in his series The Witcher resulted in a valuable reflection of real world developments in science and technology As the Witcher books have been published across decades the sorcery in the series acts as an extension of the modern science it grows alongside This book explores the fascinating entanglement of science and magic that lies at the heart of Sapkowski s novel series and its widely popular video game and television adaptations This is the first English language book length treatment of magic and science in the Witcher universe These are examined through the lenses of politics religion history and mythology Sapkowski s richly detailed universe investigates the sociology of science and ponders some of the most pressing modern technological issues such as genetic engineering climate change weapons of mass destruction sexism speciesism and environmentalism Chapters explore the unsettling realization that the greatest monsters are frequently human and their heinous acts often involve the unwitting hand of science **Game of Thrones versus History** Brian A. Pavlac,2017-04-17 Since it first aired in 2011 Game of Thrones galloped up the ratings to become the most watched show in HBO s history It is no secret that creator George R R Martin was inspired by late 15th century Europe when writing A Song of Ice and Fire the sprawling saga on which the show is based Aside from the fantastical elements Game of Thrones really does mirror historic events and bloody battles of medieval times but how closely Game of Thrones versus History Written in Blood is a collection of thought provoking essays by medieval historians who explore how the enormously popular HBO series and fantasy literature of George R R Martin are both informed by and differ significantly from real historical figures events beliefs and practices of the medieval world From a variety of perspectives the authors delve into Martin s plots characterizations and settings offering insights into whether his creations are historical possibilities or pure flights of fantasy Topics include the Wars of the Roses barbarian colonizers sieges and the nature of medieval warfare women and agency slavery celibate societies in Westeros myths and legends of medieval Europe and many more While life was certainly not a game during the Middle Ages Game of Thrones versus History Written in Blood reveals how a surprising number of otherworldly elements of George R R Martin s fantasy are rooted deeply in the all too real world of medieval Europe Find suggested readings recommended links and more from editor Brian Pavlac at gameofthronesversushistory.com **Memory and Medievalism in George RR Martin and**

Game of Thrones Carolynne Larrington,Anna Czarnowus,2022-08-11 This book explores the connections between history and

fantasy in George RR Martin's immensely popular book series *A Song of Ice and Fire* and the international TV sensation HBO TV's *Game of Thrones*. Acknowledging the final season's foregrounding of the cultural centrality of history, truth, and memory in the confrontation between Bran and the Night King, the volume takes full account of the TV show's conclusion in its multiple readings across from medieval history, its institutions and practices as depicted in the books, to the show's own particular medievalism. The topics under discussion include the treatment of the historical phenomena of chivalry, tournaments, dreams, models of education, and the supernatural, and the different ways in which these are mediated in Martin's books and the TV show. The collection also includes a new study of one of Martin's key sources, Maurice Druon's *Les Rois Maudits*, in-depth explorations of major characters in their medieval contexts, and provocative reflections on the show's controversial handling of gender and power politics. Written by an international team of medieval scholars, historians, literary, and cultural experts, bringing their own unique perspectives to the multiple societies, belief systems, and customs of the *Game of Thrones* universe, *Memory and Medievalism in George RR Martin and Game of Thrones* offers original and sparky insights into the world-building of books and show.

Who's who in America, 1923

The World of Ice & Fire George R. R. Martin, Elio M. García Jr., Linda Antonsson, 2014-10-28 NEW YORK TIMES BESTSELLER Perfect for fans of *A Song of Ice and Fire* and HBO's *Game of Thrones*, an epic history of Westeros and the lands beyond featuring hundreds of pages of all new material from George R. R. Martin. If the past is prologue, then George R. R. Martin's masterwork, the most inventive and entertaining fantasy saga of our time, warrants one hell of an introduction. At long last, it has arrived with *The World of Ice & Fire*. This lavishly illustrated volume is a comprehensive history of the Seven Kingdoms, providing vividly constructed accounts of the epic battles, bitter rivalries, and daring rebellions that lead to the events of *A Song of Ice and Fire* and HBO's *Game of Thrones*. In a collaboration that's been years in the making, Martin has teamed with Elio M. García Jr. and Linda Antonsson, the founders of the renowned fan site *Westeros.org*, perhaps the only people who know this world almost as well as its visionary creator. Collected here is all the accumulated knowledge, scholarly speculation, and inherited folk tales of maesters and septons, maegi, and singers, including artwork and maps with more than 170 original pieces, full family trees for Houses Stark, Lannister, and Targaryen, in-depth explorations of the history and culture of Westeros, 100% all new material, more than half of which Martin wrote specifically for this book. The definitive companion piece to George R. R. Martin's dazzlingly conceived universe, *The World of Ice & Fire* is indeed proof that the pen is mightier than a storm of swords.

The City Record, 1894

The Great Book of King Arthur John Matthews, 2022-06-21 Foreword by Neil Gaiman The world's leading Arthurian authority reimagines one of the most beloved and influential legends, the story of King Arthur and his Knights, for a new century in this gorgeous keepsake edition, illustrated with luminous full-color paintings and drawings by internationally acclaimed Tolkien artist John Howe. The stories of King Arthur and Merlin, Lancelot and Guinevere, Galahad, Gawain, Tristan, and the rest of the Knights of the Roundtable, and the search for the Holy Grail, have been beloved for centuries and are the

inspiration of many modern fantasy novels films and shows These legends began when an obscure Celtic hero named Arthur stepped on to the stage of history sometime in the sixth century generating a host of oral tales that would be inscribed some 900 years later by Thomas Malory in his classic *Morte D Arthur The Death of Arthur The Great Book of King Arthur* brings these legends into the modern age using accessible prose for contemporary readers for the first time In addition to the stories in *Morte D Arthur* John Matthews includes many tales of Arthur and his knights either unknown to Malory or written in other languages such as the story of Avenable the girl brought up as a boy who becomes a famous knight Morien whose adventures are as fantastic and exciting as any found in Malory's work and a retelling of the life of Round Table favorite Gawain from his strange birth to his upbringing among the poor to his ascension to the highest position Emperor of Rome In addition there are some of the earliest tales of Arthur deriving from the tradition of Celtic storytelling The epic hero is represented in such powerful stories as *The Adventures of Eagle boy* and *The Coming of Merlin* which is based on the early medieval text *Vita Merlini* and tells a completely new version of the great enchanter's story The *Great Book of King Arthur* includes 15 full color paintings and 25 pencil drawings
