the layers of meaning that can be uncovered by serious study of the synoptic gospel texts *The Synoptic Gospels Edited with an Introduction and a Commentary* Claude Goldsmid Montefiore, 1927 *The Wisdom of Jesus* Charles W

Hedrick, 2017-04-27 How would our understanding of Jesus change if we abandoned our preconceptions and focussed on his words alone How would this wisdom compare with that of ancient Israel and the early first century church Such questions pose serious difficulties Everything in the early Christian gospels is either derived from historical memory or is borrowed or invented argues Charles W Hedrick Of the many sayings attributed to Christ historians can only agree on a few as having been spoken by him and those few are far from certain In *The Wisdom of Jesus* Hedrick overcomes these challenges presenting a picture of Jesus as expressed through his own words The Jesus that emerges is a lower class man of the first century a complex figure who cannot be considered religious in a traditional sense Liberated from theological explanation and interpretation his discourse is revealed as belonging to the secular world and his concerns to be those of common life

The New Testament in Context V. George Shillington, 2009-03-15 A comprehensive and essential introductory textbook on the New Testament by an eminent professor in the field **History and Theology in the Fourth Gospel, Revised and**

Expanded J. Louis Martyn, 2003-03-31 This volume a part of the New Testament Library series surveys the scholarly work that has been done concerning the book of John J Louis Martyn also provides his own reading of the forth Gospel The New Testament Library offers authoritative commentary on every book and major aspect of the New Testament as well as classic volumes of scholarship The commentaries in this series provide fresh translations based on the best available ancient manuscripts offer critical portrayals of the historical world in which the books were created pay careful attention to their literary design and present a theologically perceptive exposition of the text **Interpreting the Gospel and Letters of John** Brown, Sherri L, Moloney, Francis J., SDB, 2017 Accessible comprehensive and up to date Interpreting the Gospel and Letters of John is an ideal text for students new to the discipline of biblical studies Sherri Brown and Francis J Moloney present a broad overview of the story of Christianity arising out of its Jewish foundations and proceed to guide readers expertly through the contents of the Gospel and Letters of John Maintaining that Johannine literature is best understood against the background of the Old Testament covenant metaphor Brown and Moloney focus on the central role of covenant in the narrative of John s Gospel and highlight the Evangelist s use of fulfillment language Helpful sidebars maps questions for review and further reading lists are placed throughout the text making this volume well suited for classroom use **Who Do People Say I Am?** Vernon K. Robbins, 2013-09-17 Spanning early Christian writings from the Gospel of Mark to the Acts of John this book by Vernon Robbins explores the various ways early Christians explained their understanding of the special nature of Jesus beyond the canonical Gospels Who Do People Say I Am shows how second and third century Christian authors of additional Gospels and Gospel like writings expanded and elaborated on Jesus divinity in the context of his earthly existence According to Robbins these Christian authors thought that the New Testament Gospel writers could and should have emphasized the divinity of Jesus more than they did Throughout the book Robbins asks and answers questions such as these If Jesus introduced new beliefs and practices what did second and third century believers find unresolved in the New Testament Gospels about those beliefs and practices and how did they try to resolve them What gaps in the storylines of the New Testament Gospels did second and third century Christian writers think could be filled in and how did they fill them in If Jesus really were fully divine when he came to earth and lived among his disciples what experiences did his disciples have that the New Testament Gospels do not tell us Learning activities and a bibliography at the end of each chapter help make this book a valuable resource for students and any other interested readers *Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century* Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism as well as exploring how rabbinic Jews Christians and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities Belief in Jesus as the Messiah was seen as part of first century Judaism but by the fourth or fifth century the

boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement

Alternative Lives of Jesus Roland H. Worth, Jr., 2010-06-28 There is a body of religious literature most of which was written centuries after the New Testament that attempts to provide supplemental or alternative accounts of the life of Jesus Christ The most exhaustive surviving alternative versions to the New Testament come from orthodox circles and are often creative imaginings that try to fill holes in the canonical gospel accounts of Jesus life This work investigates the origins and nature of noncanonical retellings in detail both

orthodox and heretical as well as Roman and traditionalist Jewish ones Extensive summaries of the text as well as substantial verbatim extracts of key incidents and assertions are provided to give the reader a feel for the character and intents of the various sources A concise introduction to a much neglected area of Bible related study that should be of potential use to students of Biblical literature comparative religion and early medieval thought International Review of Biblical Studies, Volume 48 (2001-2002) Bernhard Lang, 2021-10-11 Formerly known by its subtitle Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered **John, Jesus, and History, Volume 1** Paul N. Anderson, Felix Just, Tom Thatcher, 2024-11-08 Over the last two centuries many scholars have considered the Gospel of John off limits for all quests for the historical Jesus That stance however creates a new set of problems that need to be addressed thoughtfully The essays in this book reflecting the ongoing deliberations of an international group of Johannine and Jesus scholars critically assess two primary assumptions of the prevalent view the dehistoricization of John and the de Johannification of Jesus The approaches taken here are diverse including cognitive critical developments of Johannine memory distinctive characteristics of the Johannine witness new historicism Johannine Synoptic relations and fresh analyses of Johannine tradition development In addition to offering state of the art reviews of Johannine studies and Jesus studies this volume draws together an emerging consensus that sees the Gospel of John as an autonomous tradition with its own perspective in dialogue with other traditions Through this challenging of critical and traditional assumptions alike new approaches to John s age old riddles emerge and the ground is cleared for new and creative ways forward **Narrative Art & Women in the Gospels and Acts** David Malick, 2018-06-05 David Malick applies the hermeneutics of narrative analysis to select passages involving women in the Gospels of Mark Luke John and in the Book of Acts At times the scope of this analysis extends beyond heightened understanding of how authors presented women as significant characters and even foils to men in the narratives The use of duality and balance in the narratives of Zacharias and Mary Nicodemus and the Samaritan Woman and Aeneas Tabatha and Cornelius focus on what the author is doing with what he is saying The use of intercalations or sandwich stories brings about heightened meaning when the stories of Jesus mother and the religious leaders or Jairus and the woman with a hemorrhage or Judas and the woman who anoints Jesus for his burial are read together in Mark A first

and subsequent reading of the healing of Simon's mother-in-law in Mark provides the reader with the first picture of true discipleship. The literary technique of a sign sermon shows logical unity to what might be considered separate units in Mark and Acts.

Explorations in the Second Christian Century Judith M. Lieu, 2024-11-11 As allegiance to Jesus Christ spread across the Roman Empire in the second century, writings, practices, and ideas erupted in a creative maelstrom. Many of the patterns of practice and belief that later become normative emerged in the midst of debate and argument with neighbours who shared or who rejected that allegiance. Authoritative texts, principles of argument, attitudes to received authority, the demands of allegiance in the face of opposition, identifying who belonged and who did not—all demanded attention. These essays explore those divergent voices and the no less diverse and lively debates they have inspired in recent scholarship.

The Synoptic Gospels Set Free Daniel J. Harrington, 2009 Presents the Gospels of Matthew, Mark, and Luke in an interpretative context that frees them from Anti-Judaism and Anti-Semitism.
