**Thinking Outside the Box** Gary R. Edgerton, Brian Geoffrey Rose, 2005-01-01 Thinking Outside the Box brings together some of the best and most challenging scholarship about TV genres exploring their genesis their functions and development and the interaction of disparate genres The authors argue that genre is a process rather than a static category and that it signifies much about the people who produce and watch the shows In addition to considering traditional genres such as sitcoms soap operas and talk shows the contributors explore new hybrids including reality programs teen oriented science fiction and quality dramas and examine how many of these shows have taken on a global reach Identifying historical continuities and envisioning possible trends this is the richest and most current study of how television genres form operate and change

**The Television Studies Reader** Robert Clyde Allen, Annette Hill, 2004 The Television Studies Reader brings together key writings in the expanding field of television studies providing an overview of the discipline and addressing issues of industry genre audiences production and ownership and representation The Reader charts the ways in which television and television studies are being redefined by new and alternative ways of producing broadcasting and watching TV such as cable satellite and digital broadcasting home video

internet broadcasting and interactive TV as well as exploring the recent boom in genres such as reality TV and docusoaps It brings together articles from leading international scholars to provide perspectives on television programmes and practices from around the world acknowledging both television's status as a global medium and the many and varied local contexts of its production and reception Articles are grouped in seven themed sections each with an introduction by the editors Institutions of Television Spaces of Television Modes of Television Making Television Social Representation on Television Watching Television Transforming Television

**Genre and Television** Jason Mittell, 2013-05-13 *Genre and Television* proposes a new understanding of television genres as cultural categories offering a set of in depth historical and critical examinations to explore five key aspects of television genre history industry audience text and genre mixing Drawing on well known television programs from *Dragnet* to *The Simpsons* this book provides a new model of genre historiography and illustrates how genres are at work within nearly every facet of television from policy decisions to production techniques to audience practices Ultimately the book argues that through analyzing how television genre operates as a cultural practice we can better comprehend how television actively shapes our social world

*Genre and Television* Jason Mittell, 2004 *Genre and Television* is an insightful original and well researched book and makes a significant and timely contribution to television studies Annette Hill University of Westminster UK

Television Criticism Victoria O'Donnell, 2016-01-22 Television Criticism Third Edition by Victoria O'Donnell provides a foundational approach to the nature of television criticism Rhetorical studies cultural studies representation narrative theories and postmodernism are established for greater understanding and appreciation of the critical perspectives on television Illustrated with contemporary examples this updated Third Edition includes a new extensive sample critical

analysis of The Big Bang Theory and reflects recent changes in the ways television is viewed across multiple devices and the impact of the Internet on television      **Etudes Et Documents D'information** Unesco. Department of Mass Communications,1953      **Public Service Broadcasting** Dave Atkinson,Unesco,1997 This is a study of public service broadcasting which explores how it can maintain and strengthen its legitimacy against the dictates of a market driven logic and contribute to social and cultural development It features case studies from 16 countries both industrial and developing      *Media International Australia* ,2002      Telegenres Jason Mittell,2000      **World Television** Joseph D. Straubhaar,2007-05-18 This new assessment of the interdependence of television across cultures and nations brings together the most current research and theories on the subject By examining recent developments in the world system of television as well as some of the theories of culture industry genre and audience the author brings new insights to the topic The author argues that television is being simultaneously globalized regionalized nationalized and even localized the book therefore looks at all these levels of operation Drawing on both quantitative and cultural studies perspectives the author provides a new model which attempts to move beyond the current controversies about dependency and globalization      **SAPANA: Religious revivalism in South Asia** Imtiaz Alam,2006      **Television Sitcom** Brett Mills,2005-11-17 Despite its global reach longstanding popularity and immense profitability sitcom has been repeatedly neglected in theoretical work on television and media This book demonstrates that this lack needs to be sorely addressed by dragging analysis of sitcom up to date with a wealth of contemporary examples a range of new approaches to the genre and examination of the roles sitcom and comedy play within society The book takes as its starting point the variety of ways in which sitcom has traditionally been explored A chapter on genre examines the history and development of sitcom and the institutional structures which produce it There is also analysis of differences between sitcoms produced in a range of countries and what happens when a programme gets sold abroad and remade A chapter on representation explores the debates about the ways in which sitcom chooses who to make jokes about and why and whether this matters And a chapter on performance argues that this is a vital and underexplored aspect of sitcom s funniness and interrogates the ways in which comic actors make their performance funny With specific case studies on Will and Grace The Office and The Cosby Show as well as analysis of a broad range of contemporary and historical examples throughout this book will be of interest to students of sitcom and comedy as well as those of television and popular culture      **Sensemaking and the Television Text** Yvette J. Guy,1993      **Understanding Television Texts** Phil Wickham,2007-07-15 Understanding TV Texts examines the debates that define television and looks at how they can be applied to the study of particular programmes
