The Sociolinguistics Of Globalization The Sociolinguistics Of Globalization:

The Sociolinguistics of Globalization Jan Blommaert, 2010-04-08 Human language has changed in the age of globalization no longer tied to stable and resident communities it moves across the globe and it changes in the process The world has become a complex web of villages towns neighbourhoods and settlements connected by material and symbolic ties in often unpredictable ways This phenomenon requires us to revise our understanding of linguistic communication In *The Sociolinguistics of Globalization* Jan Blommaert constructs a theory of changing language in a changing society reconsidering locality repertoires competence history and sociolinguistic inequality

Critical Inquiries in the Sociolinguistics of Globalization Tyler Andrew Barrett, Sender Dovchin, 2019-02-26 The studies in this collection seek to examine the notions of linguistic diversity and hybridity through the lenses of new critical theories and theoretical frameworks embedded within the broader discussion of the sociolinguistics of globalization The chapters include critical inquiries into online offline languages in society language users language learners and language teachers who may operate between languages and are faced with decisions to navigate negotiate and invent or re invent languages local and global and virtual spaces The research took place in contexts that include linguistic landscapes schools classrooms neighborhoods and virtual spaces of Australia Bangladesh Canada Japan Kazakhstan Mongolia South Korea and the USA

The Handbook of Language and Globalization Nikolas Coupland, 2012-09-17 The Handbook of Language and Globalization brings together important new studies of language and discourse in the global era consolidating a vibrant new field of sociolinguistic research The first volume to assemble leading scholarship in this rapidly developing field Features new contributions from 36 internationally known scholars bringing together key research in the field and establishing a benchmark for future research Comprehensive coverage is divided into four sections global multilingualism world languages and language systems global discourse in key domains and genres language values and markets under globalization and language distance and identities Covers an impressive breadth of topics including tourism language teaching social networking terrorism and religion among many others Winner of the British Association for Applied Linguistics book prize 2011

Contending with Globalization in World Englishes Mukul Saxena, Tope Omoniyi, 2010 This book engages with English in globalization re examining and re interpreting the contemporary contexts of its acquisition and use The chapters contained in this book weave together four inter related themes that define the role of English in the global context the centrality of structure relationships of interdependence social constructions of difference and reproduction of inequality These themes enable the authors to draw attention to the dynamics of the contemporary realities of the English speaking and English using nations especially as they compete for cultural social economic and symbolic capital in global networks In *engaging World Englishes with the sociolinguistics of globalization* the authors raise some fundamental questions about the status structure and functions of World Englishes What roles are English and World Englishes playing in globalization What effect is globalization having on English and World Englishes

What effect is globalization having on other languages Anyone interested in exploring these crucial questions will find this book a most helpful and stimulating companion The editors have assembled an appropriately diverse all star cast of contributors each of whom approaches the topic from a refreshingly innovative standpoint To paraphrase OmoniyVspoem which opens the book readers will learn to waltz salsa and lion dance and hip hop their way through the complex cultural and linguistic steps of globalization Andy Kirkpatrick Hong Kong Institute of Education *The Sociolinguistics of Global Asias* Jerry Won Lee, 2022-06-09 The volume explores the social cultural and historical forms of language that have come to be associated with Asia as a global phenomenon and their implications for better understanding the contemporary linguistic and political landscape in Asias The book examines the flows of migration people cultures and language resources within across through to and from Asias in tandem with social political and ideological factors drawing on case studies of global iterations of a wide range of Asian national and cultural imaginaries In so doing the volume builds on the growing body of scholarship on the sociolinguistics of globalization in its critical inquiries into the linguistic and cultural practices that have come to be constitutive of national or supranational localities toward unpacking the forces of globalization more broadly This book will be of particular interest to students and scholars interested in sociolinguistics multilingualism linguistic anthropology Asian Studies and Asian American studies

The Sociolinguistics of Place and Belonging Leonie Cornips, Vincent A. de Rooij, 2018-03-15 This volume shows the relevance of the concepts of place and belonging for understanding the dynamics of identification through language It also opens up a new terrain for sociolinguistic and linguistic anthropological study namely the margins Rural as well as urbanized areas that are seen as marginal or peripheral to places that are overtly recognized as mixed and hybridized have received relatively little sociolinguistic attention Yet people living in these supposedly less spectacular margins are not immune to the effects of globalization and rapid technological change They too constantly form new ensembles from linguistic and cultural resources which they invest with novel instable often ambiguous meanings This volume focusses on the purportedly unspectacular in order to achieve a full understanding of the relation between language place and belonging The contributors to this volume therefore focus on language practices analyzing them as dialectically related to political economic processes and language ideologies

Durkheim and the Internet Jan Blommaert, 2018-07-12 Sociolinguistic evidence is an undervalued resource for social theory In this book Jan Blommaert uses contemporary sociolinguistic insights to develop a new sociological imagination exploring how we construct and operate in online spaces and what the implications of this are for offline social practice Taking mile Durkheim s concept of the social fact social behaviours that we all undertake under the influence of the society we live in as the point of departure he first demonstrates how the facts of language and social interaction can be used as conclusive refutations of individualistic theories of society such as Rational Choice Next he engages with theorizing the post Durkheimian social world in which we currently live This new social world operates offline as well as online and is characterized by vernacular globalization Arjun Appadurai s term to

summarise the ways that larger processes of modernity are locally performed through new electronic media Blommaert extrapolates from this rich concept to consider how our communication practices might offer a template for thinking about how we operate socially Above all he explores the relationship between sociolinguistics and social practice In Durkheim and the Internet Blommaert proposes new theories of social norms social action identity social groups integration social structure and power all of them animated by a deep understanding of language and social interaction In drawing on Durkheim and other classical sociologists including Simmel and Goffman this book is relevant to students and researchers working in sociolinguistics as well as offering a wealth of new insights to scholars in the fields of digital and online communications social media sociology and digital anthropology

Globalization and Language Vitality Cécile B. Vigouroux, Salikoko S. Mufwene, 2008-11-05 This book discusses the effects of globalization on languages in Africa In contrast to previous studies the contributors examine whether or not globalization is affecting African languages in the same ways and at the same rate in different countries and how local experiences of language change vary from place to place Rather than seeing English as the killer language par excellence the contributors probe ways in which languages are being used side by side to complement each other in some contexts while competing against European colonial languages in others The result is a diverse canvas of language vitality in the African context including matters of endangerment and loss through the lense of globalization in its various interpretations This book is a must read for students and researchers interested in language change and death and in the fate of European languages in the rest of the world

The Oxford Handbook of the History of English Terttu Nevalainen (linguiste), Elizabeth Closs Traugott, 2016 This ambitious Handbook takes advantage of recent advances in the study of the history of English to rethink the understanding of the field

The Global-Local Interface and Hybridity Rani Rubdy, Lubna Alsagoff, 2013-12-02 The chapters in this volume seek to bring hybrid language practices to the center of discussions about English as a global language They demonstrate how local linguistic resources and practices are involved in the refashioning of identities in a variety of cross cultural and geographical contexts and illustrate hybridity as an enactment of resistance and creativity Drawing on a variety of disciplines and ideological perspectives the authors use contexts as diverse as social media Bollywood films workplaces and kindergartens to explore the ways in which English has become a part of localities and social

relations in ways that are of significant sociolinguistic interest in understanding the dynamics of mobile cultures and transcultural flows

English in Business and Commerce Tamah Sherman, Jiri Nekvapil, 2018-05-07 This volume fills an important gap in exploring English in the domains of business and commerce through the prism of sociolinguistics and the sociology of language as opposed to analyzing business genres or taking a linguodidactic approach It expands the regional coverage of English in Europe with several studies based in Central Europe and also considers contexts which interact with Europe even though they are physically outside of it Asia Africa It addresses English as just one of several languages at play in the ecology of the countries It focuses not only on the position of languages as declared in documents of various organizations that is language policy but also everyday linguistic practices as observed in business contexts that is interactions The studies are divided into three thematic areas ideologies and discourses on English in the business sphere the management of English in business and organizational contexts and English and other languages on local and international labor markets It will be of interest to readers concerned with multilingualism in the economic sphere and the workplace and the interplay between macro and micro levels during the management of communication in organizations

Language and Globalization Ingrid Piller, Alexandra Grey, 2018-10-26 A relatively new yet flourishing field Language and Globalization can be confusing and difficult to navigate for students and scholars To help make sense of the diverse and voluminous scholarship this new four volume collection will include key research from a broad spectrum of disciplines but also from a wide range of geographical regional and historical contexts

Language Education and the Challenges of Globalisation Edith Esch, Martin Solly, 2014-06-02 This book by an international group of scholars focuses on a number of sociolinguistic issues some of them complex and controversial linked to language education in the age of globalisation It examines these in different contexts of immigration and super diversity in the light of new mobilities and new conceptualisations of changing social realities and language communities The various investigations presented in the volume are often united and interconnected in their approaches to these key areas of focus although each peer edited chapter brings its own relevance to the work as a whole and each reflects the complexities and practices of the particular contexts and speech communities examined The insights presented provide a useful way of looking at the current state of the art of language education across the different levels of schooling and also within the various contexts analysed Because of the increasing interest in language education as a result of both the growing number of migrant children in schools and the globalisation associated with the rapid spread of English the volume will be of interest to a wide international readership including scholars and students of sociolinguistics and language education

Linguistic Superdiversity in Urban Areas Joana Duarte, Ingrid Gogolin, 2013-12-18 Rapidly increasing migration flows contribute to the development of multiple forms of social and cultural differentiation in urban areas or to super diversity Language diversity is an important part of the resulting new social and cultural constellations Although linguistic diversity is not a new phenomenon per se the response of

individuals or education systems to it is still largely based on a monolingual habitus associating one nation or a region within a nation to one language Building on the top quality expertise of researchers from different academic fields the volume offers insights into the study of linguistic diversity from linguistic and education science perspectives The studies derive from different countries different disciplines different research traditions and methodological approaches all aiming towards a better understanding of actual linguistic reality and its consequences for individual language development and for education The book addresses an academic readership and experts who are interested in learning more about linguistic diversity as an inevitable effect of globalisation and on ways to deal with this reality in research as well as practise in urban areas
