The Spiritual Meadow By John Moschos Cistercian Studies:

The Spiritual Meadow John Moschos, 2010 I have plucked the finest flowers of the unmown meadow and worked them into a row which I now offer to you wrote John Moschos as he began his tales of the holy men of seventh century Palestine and Egypt This translation offers readers contemporary insights into the spirituality of the desert The Spiritual Meadow John Moschos, 1992 **John Moschos' Spiritual Meadow** Brenda Llewellyn Ihssen, 2016-05-06 John Moschos Spiritual Meadow is one of the most important sources for late sixth early seventh century Palestinian Syrian and Egyptian monasticism This undisputedly invaluable collection of beneficial tales provides contemporary society with a fuller picture of an imperfect social history of this period it is a rich source for understanding not only the piety of the monk but also the poor farmer Brenda Llewellyn Ihssen fills a lacuna in classical monastic secondary literature by highlighting Moschos unique contribution to the way in which a fertile Christian theology informed the ethics of not only those serving at the altar but also those being served Introducing appropriate historical and theological background to the tales Llewellyn Ihssen demonstrates how Moschos tales addresses issues of the autonomy of individual ascetics and lay persons in relationship with authority figures Economic practices health care death and burials of lay persons and ascetics are examined for the theology and history that they obscure and reveal Whilst teaching us about the complicated relationships between personal agency and divine intercession Moschos tales can also be seen to reveal liminal boundaries we know existed between the secular and the religious *God Knows There's Need* Susan R. Holman, 2009-06-02 In this insightful volume Susan R Holman blends personal memoir and deep research into ancient writings to illuminate the age old issues of need poverty and social justice in the history of the Christian tradition Holman explores for instance the stories of fourth and fifth century bishops showing how these early Christian writers can be allies for those who want to influence our contemporary dialogue about social justice Throughout this deeply personal and richly scholarly work Holman connects the ancient and the modern helping readers understand more fully these age old issues **Cistercian Studies Quarterly**, 1996 The Emergence of Monasticism Marilyn Dunn, 2008-04-15 The Emergence of Monasticism offers a new approach to the subject placing its development against the dynamic of both social and religious change First study in any language to cover the formative period of medieval monasticism Gives particular attention to the contribution of women to ascetic and monastic life **The Virgin Mary in Byzantium, c.400-1000** Mary B. Cunningham, 2022-09-08 The Virgin Mary assumed a position of central importance in Byzantium This major and authoritative study examines her portrayal in liturgical texts during the first six centuries of Byzantine history Focusing on three main literary genres that celebrated this holy figure it highlights the ways in which writers adapted their messages for different audiences Mary is portrayed variously as defender of the imperial city Constantinople virginal Mother of God and ascetic disciple of Christ Preachers hymnographers and hagiographers used rhetoric to enhance Mary's powerful status in Eastern Christian society depicting her as virgin and mother warrior and

ascetic human and semi divine being Their paradoxical statements were based on the fundamental mystery that Mary embodied she was the mother of Christ the Word of God who provided him with the human nature that he assumed in his incarnation This title is also available as Open Access on Cambridge Core The Cultural Turn in Late Ancient Studies

Orphans of Byzantium Timothy S. Miller,2003-03 Combining ancient Roman legal institutions with Christian concepts of charity the Byzantine Empire evolved a child welfare system that tried either to select foster parents for homeless children or to place them in group homes that could provide food shelter and education Ritual, Gender, and the Body in the Early Christian World Richard E. DeMaris,Soham Al-Suadi,Richard S. Ascough,2025-11-25 This volume investigates the central role of physical bodies ritual technologies healing practices gender constructions and visual imagery in creating and sustaining religious meaning in antiquity Religious life in the ancient world was profoundly shaped by the interplay of materiality ritual

embodiment and visibility Far from being purely intellectual or doctrinal religious practices across Greco Roman and early Christian contexts were enacted through tangible sensory and embodied experiences that engaged worshippers physically emotionally and spiritually Drawing from a rich array of primary sources and theoretical frameworks especially gender studies and ritual studies the chapters collectively emphasize that religion in this period was fundamentally experienced through ritualized actions embodied transformations and visually charged sacred spaces With its focus on ritual gender and the body the book offers readers a fresh approach to ancient Christianity and the Greco Roman world in which it emerged This interdisciplinary volume is suitable for students and scholars working on the New Testament and early Christianity and issues of ritual gender and the body in the early Christian world

Text and Transmission in Medieval Europe Chris Bishop, 2008-12-18 Scholars of the Middle Ages are familiar with the notion of text as an inscribed document whether that inscription occurs upon stone metal vellum or textiles but the concept of inscription and therefore of text can be extended to cover a range of evidence Thus one might speak of archaeological remains land use patterns traditional stories remnant practices and revenant beliefs as constituting texts in their own right Broadly defined then text is the means by which we engage with the historical subject The medievalist however faces particular constraints in interpreting these texts through the agencies of their transmission Questions such as who authored these texts when and why intersect with problems of transcription translation and redaction to inform a complex discourse The majority of the chapters in this book started life as papers presented at a conference entitled Text and Transmission in Early Medieval Europe and the title of this book ultimately derives from that theme The subjects these chapters deal with range in geography from Ireland through to Byzantium and cover almost a millennium of European history but they are united in their effort to prise from their subjects some truths about texts transmission and the critical literacies needed to interpret both

The Routledge Handbook of Early Christian Art Robin M. Jensen, Mark D. Ellison, 2018-05-20 The Routledge Handbook of Early Christian Art surveys a broad spectrum of Christian art produced from the late second to the sixth centuries The first part of the book opens with a general survey of the subject and then presents fifteen essays that discuss specific media of visual art catacomb paintings sculpture mosaics gold glass gems reliquaries ceramics icons ivories textiles silver and illuminated manuscripts Each is written by a noted expert in the field The second part of the book takes up themes relevant to the study of early Christian art These seven chapters consider the ritual practices in decorated spaces the emergence of images of Christ's Passion and miracles the functions of Christian secular portraits the exemplary mosaics of Ravenna the early modern history of Christian art and archaeology studies and further reflection on this field called early Christian art Each of the volume's chapters includes photographs of many of the objects discussed plus bibliographic notes and recommendations for further reading The result is an invaluable introduction to and appraisal of the art that developed out of the spread of Christianity through the late antique world Undergraduate and graduate students of late classical early Christian and Byzantine culture religion or art

will find it an accessible and insightful orientation to the field Additionally professional academics archivists and curators working in these areas will also find it valuable as a resource for their own research as well as a textbook or reference work for their students

Soul and Body Diseases, Remedies and Healing in Middle Eastern Religious Cultures and Traditions, 2023-07-31 Aiming to develop a less studied literary genre this book provides a well rounded picture of spiritual and physical diseases and their remedies as they were ingrained in the imagination and practices of Middle Eastern Abrahamic cultures with a special emphasis of Christian communities Greeks Byzantines Syrians Armenians Georgians Ethiopians The volume traces traditions dealing with the onset of a disease in the body and soul the search for remedy the maintenance of healing and the engagement of these processes with faith either through their affirmation in the public sphere or remaining within the personal framework as in monastic traditions A recurring presence in religious literature and the history of the intellectual world the confrontation between disease and healing may well still be current for our modern understanding of the paths to seeking and maintaining the health of one s body and soul without excluding the factor of faith as a core principle

Melania Catherine Michael Chin, Caroline T. Schroeder, 2020-10-27 Melania the Elder and her granddaughter Melania the Younger were major figures in early Christian history using their wealth status and forceful personalities to shape the development of nearly every aspect of the religion we now know as Christianity This volume examines their influence on late antique Christianity and provides an insightful portrait of their legacies in the modern world Departing from the traditionally patriarchal view Melania gives a poignant and sometimes surprising account of how the rise of Christian institutions in the Roman Empire shaped our understanding of women s roles in the larger world

Travel in the Byzantine World Ruth Macrides, 2017-07-05 This latest volume in the SPBS series makes a notable contribution to our understanding both of the evidence for travel and of the realities and perceptions of communications in the Byzantine world Four aspects of travel in the Byzantine world from the 6th to the 15th century are examined technicalities of travel on land and sea purposes of travel foreign visitors perceptions of Constantinople and the representation of the travel experience in images and in written accounts Sources used to illuminate these aspects include descriptions of journeys pilot books bilingual word lists shipwrecks monastic documents but as the opening paper shows the range of such sources can be far wider than generally supposed The contributors highlight road and travel conditions for horses and humans types of ships and speed of sea journeys the nature of trade in the Mediterranean the continuity of pilgrimage to the Holy Land attitudes toward travel Patterns of communication in the Mediterranean are revealed through distribution of ceramic finds letter collections and the spread of the plague
