The Meaning of Superhero Comic Books Terrence R. Wandtke, 2014-01-10 For decades scholars have been making the connection between the design of the superhero story and the mythology of the ancient folktale Moving beyond simple comparisons and common explanations this volume details how the workings of the superhero comics industry and the conventions of the medium have developed a culture like that of traditional epic storytelling It chronicles the continuation of the oral traditional culture of the early 20th century superhero industry in the endless variations on Superman and shows how Frederic Wertham's anti comic crusade in the mid 1950s helped make comics the most countercultural new medium of the 20th century By revealing how contemporary superhero comics like Geoff Johns Green Lantern and Warren Ellis's The Authority connect traditional aesthetics and postmodern theories this work explains why the superhero comic book flourishes in the new traditional shape of our acutely self conscious digital age

The Multiverse is a Nice Place to Visit, But I Wouldn't Want to Live There Ira Nayman, 2017-06-16 In the fifth novel in Ira Nayman's Multiverse series aka the Transdimensional Authority series which is misleading because book four in the series was mostly about the Time Agency honestly if you blinked you would have missed the appearance of the Transdimensional Authority and if you didn't blink well Elsewhen Press accepts no responsibility for the cost of the surgery to rehydrate your eyes we once again follow the intricate web of events that unfold in a Transdimensional Authority investigation oh so we could have stayed with the other series name after all it's not easy keeping track when these sentences can be the size of a Sherman tank Why would someone apparently chosen at random have their consciousness swapped with someone else in another reality How would someone apparently chosen at random have their consciousness swapped with someone else in another reality Why would another three persons apparently chosen at random have their consciousness swapped with three other someone elses in another reality Why would the entire bridge crew of a starship apparently well you get the picture What will happen to all these very confused people How does the Alternate Reality News Service get scoops on these events so quickly Why are their reporters acting so dodgy do they have something to hide or just issues Who are the Pops and can they help Does the editor know what's going on and if she does would she even tell Noomi our favourite TA investigator What was that noise from her office when Noomi was interviewing her Why am I asking you these questions when you haven't even read the story yet Or have you Why are you reading this blurb if you've already read the story Are you looking for an alternate reality or just alternative facts This is fiction you know we tell it like it is If you want alternative facts you better try a news service or a politician Oh and if you're looking for a news service you could always consider the Alternate Reality News Service

Multiverse: Exploring the Worlds of Poul

Anderson Greg Bear, Gardner Dozois, 2015-05-16 Poul Anderson was one of the seminal figures of 20th century science fiction. Named a Grand Master by the SFWA in 1997, he produced an enormous body of stand-alone novels, *Brain Wave*, *Tau Zero*, and series fiction like *Time Patrol* and the *Dominic Flandry* books, and was equally at home in the fields of heroic fantasy and hard SF. He was a meticulous craftsman and a gifted storyteller, and the impact of his finest work continues undiminished to this day. Here is a rousing all-original anthology that stands both as a significant achievement in its own right and a heartfelt tribute to a remarkable writer and an equally remarkable man. A nicely balanced mixture of fiction and reminiscence, this volume contains thirteen stories and novellas by some of today's finest writers, along with moving reflections by, among others, Anderson's wife Karen, his daughter Astrid Anderson Bear, and his son-in-law novelist and co-editor Greg Bear. Bear's introduction, "My Friend Poul," is particularly illuminating and insightful. The fictional contributions comprise a kaleidoscopic array of imaginative responses to Anderson's many and varied fictional worlds. A few of the highlights include Nancy Kress's *Outmoded Things* and Terry Brooks's *The Fey of Cloudmoor*, stories inspired by the Hugo Award-winning *The Queen of Air and Darkness*; a pair of truly wonderful *Time Patrol* stories, *A Slip in Time* by S. M. Stirling and *Christmas in Gondwanaland* by Robert Silverberg; Raymond E. Feist's *Dominic Flandry* adventure *A Candle*; and a pair of very different homages to the classic fantasy novel *Three Hearts and Three Lions*: *The Man Who Came Late* by Harry Turtledove and *Three Lilies and Three Leopards*. And a *Participation Ribbon in Science* by Tad Williams. These stories, together with singular contributions by such significant figures as Larry Niven, Gregory Benford, and Eric Flint, add up to a memorable, highly personal anthology that lives up to the standards set by the late and indisputably great Poul Anderson. At the publisher's request, this title is sold without DRM (Digital Rights Management). *How the Multiverse Got Its Revenge* K. Eason, 2020 Space pirate Rory Thorne and her crew trace an abandoned ship to vicious advanced alien tech and a sentient floral plant designed to be a massive biological weapon. *Litany For A Broken World* LJ Cohen, 2025-02-10 A young girl's disastrous first foray through the multiverse cleaves her from her family and abandons her in a homeless encampment adrift in a world and a body not her own. A doctor struggling with grief volunteers for the annual Boston homeless census and is confronted by the impossible and her deeply buried childhood trauma. A lonely disaffected seer, rejected by those he seeks to help, is drawn from his home by a desperate call across the world walls. When the three strangers, each broken in some way, are pulled into a conflict between those with the ability to travel the multiverse and the organization seeking to exploit them, they must risk everything that matters to heal the fractured places in themselves and throughout reality. Advance praise for *Litany For A Broken World*: A poignant and original multiverse story that takes on authority, identity, trust, family, and the question of what or who is home, with a bonus of the best good dog I've seen on the page in a while. I couldn't stop reading. Sarah Pinsker, Hugo and Nebula Award-winning author of *A Song For A New Day* and *Haunt Sweet Home*.
