The Syndicate The Story Of The Coming World Government:

The Geomantic Year Richard Leviton, 2006-11 The spiritual world blesses the Earth at least 58 times a year here's how you can join the party Do you think folklore customs about solstices and equinoxes and other regular celebration days are quaint holdovers from the past Not so Do you sometimes wish there were a way to include the entire planet in a meditation practice There is and it's called the geomantic year At least 58 times a year the spiritual world angels archangels Ascended Masters Star Angels even the Supreme Being tunes in to the Earth blesses and even heals it in real time day long events Our planet is constantly receiving input from the cosmos and heavenly realms It's all part of a rhythmic maintenance calendar in which the Earth is enlivened and all of humanity is invited to participate This book shows you how What kinds of events On Epiphany January 6 the Christ focuses on the planet to birth his Light On Bifrost Paints the Planet April 10 the Great Bear constellation envelopes the Earth in 14 rays of light On Michaelmas September 29 the Archangel Michael cleanses the Earth's sacred sites and all their plumbing Other events in the geomantic year involve stars Nature Spirits holy mountains River gods Pleiadians Hollow Earth dwellers Grail Kings volcano spirits the Great Mother and much more The Geomantic Year documents 58 festival dates that focus on the Earth through its sacred sites and it provides 58 simple meditations to help you participate And it offers 12 informative essays linking Earth energies with hot topics such as the Illuminati and world control parallel universes the world's gold supply the Ghost Dance the Fall of Man Earth and climate changes and the apocalyptic year 2012 Why not get out your appointment book and pencil in a few dates the Earth's expecting you

An Unmanaged World: A Philosophical Study of Global Dynamics Alexander N. Chumakov, 2025-10-20 This book is devoted to the philosophical analysis of key problems of world development and prospects for global management Based on both rich factual material and a holistic understanding of the world the author shows how modern globalization has shifted the arena of interaction from individual territories and regions to the entire space of the Earth The global problems resulting from this shift have led to a weakly regulated and unmanaged world one that gives rise to acute contradictions for the world community How can we improve this situation According to the author we must learn to think globally and act together This study argues that humanity needs a global civilizational revolution aimed at forming a planetary civil society and initiating a shift within international relations from the right of power to the power of law

Our Puppet Government John R. Krismer, 2013-04 Few realize a New World Order NWO plans to replace our constitution with a Single World Government nor that our Federal Reserve Bank is privately owned and is not subject to oversight by our Congress or the President Peter Kershaw in his book *Economic Solutions* exposes this NWO's controlling stockholders to include the Rockefellers Goldman Sachs and Lehman Brothers of New York the Rothschilds of London and Berlin the Lazard Brothers of Paris Israel Seiff of Italy the Kuhn and the Warburgs of Hamburg and Amsterdam who are earning almost two billion dollars a day in interest as they buy off our dysfunctional Congress and intentionally level this great nation to that of others George H W Bush the

undisputed Overlord of the Shrub Dynasty in his State of the Union Message of 1991 said What is at stake is more than one small country it is a big idea a new world order Did We the People ever agree to this treasonous act of turning over our nation s sovereignty to a Single World Government And today we have reached a point of no return meaning that if we do not act now we risk the loss of both our freedom and our Democracy About the Author John R Krismer MHA LFACHE is founder and CEO of Health Systems Institute consulting with governments hospitals clinics and professional organizations while serving as CEO of several hospitals and corporations and as a board member for two health insurance companies He has conducted hundreds of educational institutes and served as a principle investigator researching the health record database system with four major universities which required a comprehensive universal non profit single prepayment system to provide cost effective high quality care that was to be lead by healthcare professionals not plutocrats He has been referred to as a visionary ahead of his time who openly opposed profiting from our sick and disabled and decentralizing and deregulating this county s healthcare under profit seeking insurance companies while supporting this country s once very successful single privately owned non profit healthcare system A system that was once ranked first in the world instead of 37th by today s World Healthcare Organization WHO In discussing his concerns with President Ford the President said Our politicians have a strangle hold on healthcare and the current system will have to collapse before it can get better And you know what He was right

The Essentials of Universalism Nicholas Hagger,2024-10-29 In A Baroque Vision Nicholas Hagger chose key passages from his verse that convey the thread of his Baroque vision In its companion volume The Essentials of Universalism he chooses key passages from his prose works that convey the thread of his Universalism which grew out of his Baroque perspective Hagger s literary mystical religious philosophical historical cultural and political Universalist writings are innovatory In 60 books he has set out a new approach to literature and identified its fundamental theme as a quest for the One an infinite Reality perceived as Light that alternates with condemnation of social follies and vices presented many mystics illuminations seen the Light as the common essence of all religions created a new philosophy of Universalism that restates the unity of the universe and challenges modern philosophy charted the history of the rise and fall of civilisations reconciled the divisions within world culture and proposed a democratic World State with limited supranational power to abolish war and bring in a Golden Age of peace and prosperity The Essentials of Universalism is a stunning anthology of his writings that covers all aspects of his thinking and range Chosen by the author himself the excerpts include the most important passages in the Hagger canon and are representative of his vast output Since the book was completed Hagger has brought out The Algorithm of Creation the first ever statement of a Theory of Everything and a further development of his Universalism This anthology makes clear the main thrust of his life s work and is required reading for all interested in seeing how his many innovations connect

The Promised Land Nicholas Hagger,2023-09-27 During a visit to Jordan Nicholas Hagger stood on Mount Nebo where the prophet Moses stood and looked down on the Promised Land of Canaan that Moses

saw shortly before he died It seemed as if all the kingdoms of the earth were spread out below him a new Promised Land a coming World State called for by Dante and Kant and more recently by Truman Einstein Churchill Eisenhower Gandhi Russell J F Kennedy and Gorbachev and Hagger himself in World State and World Constitution Combining travelogue and historical reflection Nicholas Hagger draws on previous visits to the Biblical Middle East and traces the development of his Universalism in his formative years and then in his wilderness years when like Moses he spent 40 years in the wilderness setting out Universalism in 60 books and arriving at its ten commandments He reflects on a remarkable life and its pattern and reaches some conclusions on the Providential nature of its direction and on the European civilisation Weaving together his wanderings in Arabia and Egypt his past travels and his writings he presents a coming democratic partly federal World State with sufficient authority to abolish war enforce disarmament combat famine disease and poverty and solve the world s financial environmental and virological problems and in a closing vision a coming Promised Land that like Moses he will not live to see This is a stunning work with a prophetic vision of the future Collected Prefaces Nicholas Hagger,2022-04-29 Nicholas Hagger s 55 books include innovatory works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books Collected Prefaces a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays and as in T S Eliot s Selected Essays there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger s works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His Universalism focuses on humankind s relationship to the whole universe as reflected in seven key disciplines seen as wholes the whole of literature history philosophy and the sciences mysticism religion international politics and statecraft and world culture Behind all the Prefaces is Hagger s fundamental perception of the unity of the universe as the One and of humankind s position in it These Prefaces complement his Selected Letters a companion volume also published by O Books and contain startling insights that illumine and send readers to the works the Prefaces introduce

The Age of Neo-Imperialism Henry Dsouza,2014-12-16 The title is derived from a study of hotspots around the world from October 2013 In Africa the countries covered are South Africa South Sudan Tunisia Egypt and Palestine In the European arena the main focus is on Ukraine and the impact of two world powers on Eastern Europe President Obama s Speech to West Point recruits yields some ideas on foreign policy So does the document on US Africa commercial agreement for the future The book also includes some discussion on the US s Pivot to Asia Together these policies point to what some visualize as a New World Order By 2010 a unipolar world has changed into a multi polar one which stresses the need to

democratize international institutions for global stability

My Double Life 2 Nicholas Hagger, 2015-06-07 In My Double Life 1 Nicholas Hagger told of his four years service and double life as an undercover British intelligence agent during the Cold War there revealed for the first time Lost in a dark wood like Dante following his encounters with Gaddafi's Libya and the African liberation movements he found Reality on a Mystic Way of loss purgation and illumination perceived the universe as a unity and had 16 experiences of the metaphysical Light In My Double Life 2 he continues the story He received new powers coped with fresh ordeals acquired three schools renovated a historic house and had 76 further experiences of the metaphysical Light He founded a new philosophy of Universalism and new approaches to contemporary history international statecraft and world literature He produced nearly 1 500 poems over 300 classical odes five verse plays two poetic epics over a thousand short stories and 40 books that include innovative literary historical and philosophical works His vision of Universalism in seven disciplines is like a rainbow with seven bands overarching seven hills He produced nearly 1 500 poems over 300 classical odes five verse plays two poetic epics over a thousand short stories and 40 books that include innovative literary historical and philosophical works His vision of Universalism in seven disciplines is like a rainbow with seven bands overarching seven hills

The Secret Founding of America Nicholas Hagger, 2012-01-01 Discover for the first time the true story of the founding of America its historical ties to Freemasonry and the battle for the New World in this authoritative and accessible new book

Brazil, Land of the Past: The Ideological Roots of the New Right Georg Wink, 2021-12-01 Brazil Land of the Past scrutinizes the ideological roots of the so called New Right in Brazil The book traces the continuity and resilience of a system of thought based on the idea of a God given hierarchical order to be defended against any social contract and modernizing relativization It explains in detail how today a diverse movement which includes actors ranging from the authoritarian Bolsonaro wing to economic liberals to the military to both Catholic and evangelical religious conservatives assumes unanimously the ideas of this tradition as underlying premises of their political action Though not always explicitly this drives the self declared liberal conservative but rather anti modernist reaction which claims to liberate an imaginary authentic Brazil from an aberrant State and in so doing intends to preserve inherited privilege in an extremely unequal society

Welcome to Your Designer Planet! Richard Leviton, 2007-09 We now live in the time of the Gaian hierophant This is the one who reveals and shows us how to relate to the sacred aspects of Gaia our planet Who is this hierophant Each of us when we join the campaign with Gaia against the desecration of our natural environment But first we have to discover what the Earth really is The Earth's thousands of sacred sites hold a secret they are functional parts of the planet's geomantic body consciousness nodes in the Earth's subtle body Each veils a Light temple each once known widely and remembered in myth and Welcome to Your Designer Planet documents 165 different kinds The Earth is not an accident of the cosmos but was designed specifically for humans as an extended Mystery temple primed to support and enhance our greater awareness And the designers intended that humans help maintain it Want to help the ecosystem and modulate global warming and

climate change Plug yourself into the Earth's Light grid through your nearest sacred site and start helping Earth Mysteries researcher Richard Leviton presents a working model of the Earth's geomantic reality based on 24 years of research The world's myths are the doorway into this fantastic domain of the Earth's visionary geography showing us where to go and what to do and even what kinds of spiritual beings to expect to see The future of the Earth is in our hands Here are some pages from its design manual showing us how to fine tune our wonderful host planet *The Secret History of the West* Nicholas Hagger, 2005 Western civilization as we know it today is not the end result of steady progress but of series of revolutions The radical departure from orthodox history that Nicholas Hagger takes is to show how all these the Protestant Revolution which in turn provided the ideological foundations of the English American French and Russian have their roots in ideas and influences that have hitherto been unexpressed secret **International Who's Who in Poetry 2005** Europa Publications, 2004 Provides up to date profiles on the careers of leading and emerging poets Technological, Managerial and Organizational Core Competencies: Dynamic Innovation and Sustainable Development Nobre, Farley Simon, 2011-09-30 Innovation involves a set of processes which support the production and transformation of knowledge into new processes technologies and products goods and services and provide an organization with particular strengths and value relative to other firms In such a view innovation is a key source of customer benefits and sustainable competitive advantage Technological Managerial and Organizational Core Competencies Dynamic Innovation and Sustainable Development investigates the impact of knowledge management information systems finance organizational networks internationalization strategic management marketing entrepreneurship and sustainability on an organization that pursues dynamic innovation and sustainable advantage This book provides research and practice for graduate and undergraduate programs as well as business firms with different technological managerial and organizational perspectives Further Description from the Editors This book represents the culmination of an international project to compile inter disciplinary research that most contributes to innovation More specifically this book is about innovation in firms industries nations and society It speaks to professionals and researchers who want to improve their understanding of dynamic innovation and sustainable development The Editors goal is to foster cross pollination among researchers To this aim the Editors have selected and assembled 35 chapters that illustrate multidisciplinary theoretical perspectives and empiric results on innovation and the roles of Sustainability Organizational Networks Entrepreneurship Knowledge Management R D T Research Development and Technology Management Marketing Finance Internationalization and Information Systems in the organization that pursues dynamic innovation and sustainable development Innovation involves processes organizational elements or resources and Organizational Abilities OA that support the production and transformation of knowledge into new knowledge processes structures technologies and products goods and services At the firm and industry levels of analysis innovation can provide organizations with strengths relative to other firms clusters and nations and it is a key source of customer benefits and

sustainable development At the collective and societal levels of analysis innovation can provide humanity with economic social and environmental wealth through sustainable development The uniqueness of this book lies in the participants efforts to identify Organizations Creative Areas OCA that can provide core competencies for the organization in pursuit of dynamic innovation and sustainable development In this perspective innovation is a dynamic system and it is contingent upon a set of core competencies that couple to each other Therefore changing of even one competence can affect the organization s ability to innovate The book avoids the term competitive advantage and adopts a more fruitful perspective of sustainable development the process of achieving human development in an inclusive connected equitable prudent and secure manner An inclusive perspective sees traditional competitive advantage as occupying one extreme whereas truly sustainable development occupies the opposite extreme Sustainable development must benefit not only the organization and its customers but also the whole society and the future of humanity through sustainability Most chapters of this book fall between these extremes

Global Government Under the U.S. Constitution J. A. Cook,2007 The international political system built on a foundation of sovereign states has not effectively addressed age old quandaries of war crime poverty oppression corruption and environmental degradation Modern social and technological trends are further stressing this system to the breaking point Global Government under the U S Constitution examines this failing system and proposes an entirely new approach Instead of an international system built on sovereign nation states this work argues that federal democracy provides a better proven model for global governance While such an idea may linger from time to time in the background of thought it has never moved to the forefront because of the difficulty in imagining how it could be realized Now however this book thrusts forward a concrete method arguing that the U S Constitution establishes a sound system for large scale governance This federal democracy should naturally extend globally to address current international social problems It did so first among thirteen colonies and later across a continent and beyond Global Government under the U S Constitution also explains specific legal means to affect such an idea making it a fascinating read for officials academics leaders and students alike Book jacket

World Government Nicholas Hagger,2010-11-26 The dream of world government is becoming a reality A Universalist blueprint for a philanthropic democratic supranational World State

The Fall of the West Nicholas Hagger,2022-11-25 In The Syndicate 2004 Nicholas Hagger described how in the 20th century a Syndicate of litist mega rich families levelled down the leading Western countries by promoting revolutions wars and independence movements against their empires and planned a New World Order and world government that would control the earth s resources for their own benefit In The Secret History of the West 2005 he traced the Syndicate s roots back to secret Freemasonic organisations and revolutions that undermined the West from the Renaissance to the early 20th century In The Fall of the West 2022 the third book in his trilogy on the West Hagger updates the story to include the pandemic and describes how Syndicate driven 21st century events from the War on Terror to Covid have brought the Western financial

system to the brink of collapse and shifted power from the West to the East and China In this first impartial attempt to assemble all the evidence to date for the origin of Covid like fitting together available pieces of a jigsaw to reveal the main picture Hagger the first to discover the Cultural Revolution in China in March 1966 finds that the three main features of Covid 19 were man made by American NIAID funded medics in 2002 and patented 73 times since 2008 and seem to have been surreptitiously used as a bio weapon in a Syndicate plan to limit the rise of China and its expanding trade A dangerous new Biological Age has been born and the West faces being levelled down and a sudden fall Hagger sees the post Covid West s dream of creating a good New World Order a vaccine protected democratic presidential part federal world government and World State with sufficient authority to abolish war and solve the world s post Covid problems as being challenged by the self interested Syndicate s levelling down and to survive it first has to go along with the Syndicate s plan for West and East to draw together into an authoritarian world government involving China and democratise later This is a thought provoking work with a prophetic vision of the future **AMERİKAN HEGEMONYASININ İNŞASI - Günümüz Uluslararası**
